STUDENT CODE OF CONDUCT

The Board of Education believes school is an appropriate setting for all children and youth. The **Student Code of Conduct** is designed to support this concept by developing, through reasonable and consistent practices, appropriate student behavior patterns. Those behaviors and disciplinary actions set forth in the **Code** are designed to serve as learning experiences for students.

The Policy Section includes those behaviors having disciplinary actions that shall be carried out by the school building administrators. The Policy Section applies to conduct on school grounds, in a vehicle owned, leased or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee or at a school-sponsored activity or athletic event.

Compliance with the **Student Code of Conduct** is expected of all students. This **Student Code of Conduct** applies to secondary schools. Elementary school students will be disciplined as provided in the **Elementary Discipline Guidelines**.

Offenses not covered in the Policy Section or Guidelines Section may be subject to disciplinary penalties as administered in the past provided all students have been properly notified of the school rules covering the offenses as well as the possible penalties for violating school rules.

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extra-curricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation.

WEAPON POSSESSION

Students may not be in possession of weapons of any type. If at any time a student discovers that he or she has possession of a weapon **other than a firearm/gun** the student must immediately turn the weapon in to the nearest teacher, counselor, administrator or other school staff person. If the student immediately turns in a weapon, the student will not face the consequence for weapon possession. If, however, the student continues to possess the weapon, to go on to further classes, to display the weapon to other students, or otherwise does not take the immediate action of reporting, the student will be subject to expulsion as defined in the **Code of Conduct**.

MISCONDUCT BETWEEN SEMESTERS OR BETWEEN SCHOOL YEARS

If misconduct otherwise covered by the **Code of Conduct** occurs between semesters or between semesters or between school years, the penalties provided for in the **Code of Conduct** shall be enforced during the next semester except for violations of Guidelines Section 4a (first offense) and 4c (second offense) which occur between school years. For these two types of misconduct, the registration for and completion of a chemical dependency program may take place prior to the beginning of the next semester if either a hearing on the misconduct is waived or any hearing requested is completed sufficiently in advance of the beginning of the next semester to permit successful completion of the chemical dependency program prior to the beginning of the next semester. Any such chemical dependency program must either be offered by or approved in advance by the Omaha Public Schools. If the chemical dependency program is successfully completed prior to the beginning of the next semester, no additional disciplinary action shall be imposed on the student for this particular misconduct except for punishments imposed by "SPECIFIC BEHAVIOR RULES FOR PARTICIPANTS IN ATHLETICS OR OTHER CO-CURRICULAR ACTIVITIES." If the chemical dependency program is not successfully completed prior to the beginning of the next semester, the penalties otherwise provided for in the **Code of Conduct** shall be enforced on the student during the next semester.

PRACTICES REGARDING MAKEUP WORK DURING SUSPENSION

Students will be given an opportunity and must assume responsibility for making up work, including tests, missed during suspension. Completion of makeup work is equal to the time the student has been suspended from school but is not to exceed ten (10) days. Credit will be awarded for acceptable makeup work.

SCHOOL LOCKERS, STUDENT AUTOMOBILES AND STUDENTS' PERSONS

1. Student Lockers

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over this school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks and lockers issued to them by the school.

2. Student Automobiles

Automobiles parked on school property are subject to search by the principal or the principal's designee if the principal or his or her designee has reasonable cause to believe that contraband is in or on the automobile.

3. Students' Persons

Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the **Student Code of Conduct**. This includes all student pockets, purses, backpacks, other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement shall be called.

POLICY 6.26 - DRUG SEARCHES BY POLICE/SHERIFF CANINE UNITS

The District retains the right to utilize the services of Omaha Area Law Enforcement Authorities Canine Units in the detection of illegal drugs and/or contraband at any time, announced or unannounced at the District's secondary schools.

1. A building principal (with approval from the Department of Student and Community Services) may request the canine unit be utilized to search all inside areas of a school building at a time when students are not present.
2. A building principal (with approval from the Department of Student and Community Services) may request that a canine unit be utilized to search vehicles in a school parking lot or in other areas where student vehicles are parked during or after school hours. If a dog alerts to a student's vehicle, the student will be required to unlock the vehicle doors and trunk for internal inspection. Any refusal to unlock the vehicle will be handled by law enforcement.
3. Any illegal drugs and/or contraband found on school grounds, whether in a student locker, vehicle, or any other place on school grounds, will be confiscated and the student may be subject to disciplinary action specified in the **Student Code of Conduct**.
4. The student's parent(s) or guardian(s) shall be notified should illegal drugs and/or contraband be discovered.
5. This policy shall be included in the student handbooks. This policy shall not be implemented until parents and student are provided written notice of this policy.

SURVEILLANCE CAMERAS — STUDENTS

Surveillance cameras are located on all school buses and in various public spaces in school buildings. These cameras are present to assist school officials in providing a safe learning environment for all students. Videotapes from these cameras, although otherwise confidential student records, may be reviewed in the presence of school officials by parents of students being disciplined as a result of misconduct recorded on tape and may be used as evidence in student hearings. Students should know that they have no expectation of privacy in those places where surveillance cameras are installed and that student hearing records become public records if a student in an appeal to the Ad Hoc Student Discipline Hearing Committee of the Board of Education requests a public hearing on the appeal or files a lawsuit challenging the decision of the Committee.

CELLULAR TELEPHONES, ELECTRONIC COMMUNICATION DEVICES

Students are encouraged to bring only necessary materials to school in order to maintain a school environment where all students may reach their potential. Unnecessary items can be distractions to the learning environment and create unnecessary opportunities for theft for which the school cannot be held responsible. A student who is in possession of a cellular telephone or other electronic communication device (ECD) must keep the device turned off during the school day. A student may only place a call on a cellular telephone or ECD with permission of a teacher or administrator. Misuse of a cellular telephone or ECD during the school day is prohibited (i.e., person-to-person communications, game playing, text messaging, pictures, video, accessing web pages, the Internet and/or any feature provided by such devices). If a cellular telephone, or electronic communication device causes any distraction to the learning environment, the building administrator may select an appropriate consequence depending on the continuing severity of the distraction to the learning environment. The school accepts no responsibility for cellular telephones and electronic communication devices present on campus.

BOOK BAGS — GRADES 7-8

To ensure the safety and security of staff, students, and visitors to middle school buildings, the following items are banned from use by students in middle schools: book bags, totes, backpacks, duffel bags, briefcases, luggage or storage containers used to carry items. These items can be brought to school, but are no longer allowed to be carried from class to class, but must be stored in lockers during the school day. All lockers and their contents are subject to random searches by school staff without prior notification to students.

YOUTH GANG APPAREL, POSSESSIONS AND BEHAVIORS

For the safety and welfare of students and the continued maintenance of a positive and secure learning environment the following rules relative to youth gang apparel, possessions and behaviors apply to all students on school grounds or at school activities:

1. Dress as identified by the Omaha Public Schools as gang related apparel is not allowed. Any item worn or carried to identify a person as a gang member is not allowed.
2. Bookbags, purses, pouches and similar items are subject to inspection when reasonable suspicion exists that these items contain objects prohibited on school grounds or at school functions.
3. Writing gang graffiti, possessing items containing gang graffiti, possessing pagers/beepers or the display of gang hand signs are an indication of gang involvement and are not allowed.

Violations of the above will result in disciplinary actions. On the first offense students will be directed to change clothing, turn in possessions and/or discontinue behaviors related to youth gangs. In each instance parents will be contacted and appropriate counseling options discussed. If students do not follow directions, on second offense they will be placed in Student Success Center, Saturday School or Suspension After School or suspended from school depending upon the disruption or potential disruption resulting from the behavior(s). Subsequent offenses may result in reassignment or expulsion.

BEHAVIOR RULES FOR CONDUCT OFF SCHOOL GROUNDS, NOT AT A SCHOOL FUNCTION

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our youngsters go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one's actions. Thus, the school district is extending its authority to hours and places beyond the regularly perceived boundaries in an effort to show strongly to students and the community our intent to work with and help all youngsters in their decision-making. We believe this stance will further help to develop responsible adult citizens while serving as a deterrent to certain unlawful behaviors.

Disciplinary Action

Any student engaging in the following behaviors off school grounds will be:

1. Considered for emergency exclusion if the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education;
2. Suspended by the principal for five (5) school days; and
3. Required to participate in and successfully complete a counseling and/or treatment program as agreed to by school officials. In addition, the student shall be disciplined as provided for in the rules governing participation in co-curricular activities.

Both a contact in writing and, if possible, an oral communication, informing the parent of the information and decision will be made.

The building administrator will inform the office of the Director of Student & Community Services of the action taken.

Appeal Process

Nebraska statutory provisions regarding short-term suspension and emergency exclusion shall apply to each of these disciplinary measures respectively.

BEHAVIOR RULES FOR PARTICIPANTS IN CO-CURRICULAR ACTIVITIES AND ATHLETICS

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students participating in co-curricular and athletic activities include not only behavior at school or at school functions or events, but go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one's actions. Thus, the school district is extending its authority to hours and places beyond the regularly perceived boundaries in an effort to show strongly to students and the community our intent to work with and help all youngsters in their decision-making. We believe this stance will further help to develop responsible adult citizens while serving as a deterrent to certain unlawful behaviors.

Disciplinary Action

In addition to any other discipline imposed for violations of the **Student Code of Conduct** or for violations of the behavioral rules for conduct off school grounds, not at a school function, any student participating in any co-curricular music/sports/club at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described below. The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor may impose other sanctions as permitted and described pursuant to "Rules Regarding Other Conduct" in the **Student Code of Conduct**.

School Building Administrators will:

Take action based upon first hand information. This may include contact with witnesses to the student's prohibited conduct.

Prior to any decision, the building administration must confer with the student to inform him/her of the charge and the available information, give the student an opportunity to tell his/her version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct and then inform the student of his/her decision.

Both a contact in writing and, if possible, an oral communication, informing the parent of the information and decision will be made.

The building administrator will inform the office of the Director of Student & Community Services of the action taken.

Appeal Process

1. Any student suspended from participation in co-curricular and athletic activities may appeal the

suspension to the Director of Student and Community Services. Any such appeal must be in writing and must be received by the Director's Office within seven (7) calendar days of receipt of the written notice of suspension.

2. If the student disagrees with the decision of the Director of Student and Community Services, he or she may appeal the decision to the Assistant Superintendent of Student and Community Services. Any such appeal must also be in writing and must be received by the Office of the Assistant Superintendent of Student and Community Services within seven (7) calendar days of receipt of the written notice of the Director's decision.

RULES REGARDING OTHER CONDUCT

Individual coaches, activity sponsors or staff responsible for an activity may impose participation restrictions or eligibility restrictions for participation in co-curricular activities on students for behavior other than those listed above provided:

1. Students and parents have first been advised of the participation/eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.
2. Restrictions and/or ineligibility are imposed only after the coach, activity sponsors or responsible staff has:
 - a. investigated the alleged misbehavior;
 - b. given the student written or oral notice of the charges against him/her;
 - c. explained the evidence against the student;
 - d. given the student a chance to tell his or her version of what happened; and

The student has the right to appeal the individual coach's, activity sponsor's or responsible staff's decision, as specified above, to the school principal.

STUDENT SUCCESS CENTER PROGRAM (SSC) STATEMENT OF PHILOSOPHY

The Student Success Center (SSC) Program has been provided to students as an effort to keep students in school and to minimize absences. Students are assigned to the SSC as outlined in the **Student Code of Conduct**. In the SSC room, students work in a closed classroom environment, which minimizes distractions while allowing them to focus on their needs, both academically and socially. Components of the SSC include individual guidance and instruction on writing skills, study skills, social skills, and conflict resolution. The SSC encourages students to accept responsibility for their actions.

Specific procedures for the SSC Program may be found in the white pages of the Student Handbook.

Saturday School/Suspension After School

Schools have two options in addition to the Student Success Center Program. One option is Saturday School, the second option is Suspension After School. These options are available as an alternative and may be utilized at the discretion of the building administration.

Saturday School will require that the student spend a block of time at school on Saturday morning. Exact time(s) will be determined by the building principal. Transportation will not be provided to or from Saturday School.

Suspension After School will require that the student spend a block of time after school as determined by the building principal. Transportation will be provided for eligible students.

DUTY OF SCHOOL EMPLOYEES TO REPORT CHILD ABUSE

Nebraska statutes (Sections 28-710 and 78-711) impose on any school employee who has reasonable cause to believe that a child has been subjected to abuse the duty to report such incident or to cause a report to be made to the proper law enforcement agency or to the Child Protective Services. Abuse of a child includes, among other situations, placing a minor child in a situation that endangers the child's life or physical or mental health.

STUDENT RECORDS

Any person other than the student, his/her parent(s), guardian(s), teachers, counselors, or school officials, may gain access to the student's records or file by presenting the original copy of a release of information statement prepared and signed by the parent(s) (or student if over 18) stating the specific items to be released and to whom the information is to be given. Records are also released to other educational institutions as provided for in the Federal Act without prior parental or student consent.

The Family Educational Rights and Privacy Act (FERPA) affords parent(s)/guardian(s) and students 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the

School District receives a request for access. (By action of the School Board the number of days for the school to act has been shortened to 10.) Parent(s)/guardian(s) or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate or misleading. Parent(s)/guardian(s) or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal or the Student Information Services Office at the address below, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the School District will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School District as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the School District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School District discloses education records without consent to officials of another school district or school in which a student seeks or intends to enroll. Upon request, the School District also discloses education records of former students, without consent to officials of another school district or school in which the former student is then enrolled.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

DIRECTORY INFORMATION

FERPA does permit the School District to disclose appropriately designated "directory information" without written consent unless a parent/guardian or eligible student advises the School District to the contrary in accordance with School District procedures. The primary purpose of directory information is to allow the School District to include this type of information from a student's education records in certain school publications. Examples include:

- A playbill, showing a student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity programs showing weight and height of athletic team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or eligible student's prior written consent.

The School District has designated the following types of information as directory information:

1. Name
2. Grade level
3. Date and place of birth
4. Dates of attendance
5. The current and the most recent educational agency or institution attended
6. Major field of study
7. Degrees, honors, and awards received
8. Participation in officially recognized activities and sports
9. Weight and height of members of athletic teams
10. Photograph

The School District no longer lists address, phone number and parent name as directory information, in an effort to protect students and parents from disclosure of this information for non-school purposes. However, there are many school-related purposes for disclosing addresses, phone numbers, and parent names: for example, scholarship organizations, news articles on student achievement, class ring manufacturers, year book publishers, college recruiters, and senior picture photographers. Therefore, the School District annually requests written consent from parents to release addresses, phone numbers, and parent names for these types of limited purposes, which are detailed on the release. The release is distributed

at the beginning of the school year and can also be obtained at any time by contacting Student and Community Services, 3215 Cuming Street, Omaha, Nebraska 68131-2024. We encourage parents to sign the limited release.

Parent(s)/guardian(s) and eligible students who do not want directory information to be available must notify the principal of the school the student is enrolled in or the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024.

In addition to disclosure of directory information, federal law also requires school districts to release to military recruiters and institutions of higher education, secondary school students' names, addresses and telephone listings, unless parents and/or secondary students request that this information NOT be released to these institutions without their prior written consent.

Parent(s)/guardian(s), eligible students or secondary students who do not want their name, address, and telephone listing to be released to military recruiters or institutions of higher education must notify the principal of the school the student is enrolled in or the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024.

Students and parent(s)/guardian(s) have the right to obtain a copy of the policy of the School District on student records. Copies of the policy are on file in the Student Information Services office, School District of Omaha, 3215 Cuming Street, Omaha, Nebraska 68131-2024.

Students may be assessed a fee for transportation pursuant to Neb. Rev. Stat. 79-241, 79-605, and 79-611.

PART TWO: Procedures for the collection and expenditure of student fees

Required fees (not donations or fundraising money) collected from students pursuant to *PART ONE*, subsections **a, k, l** and **m**, of this policy shall be deposited into the Student Fee Fund and expended for the purposes for which they were collected from students, according to accounting procedures for the District.

PART THREE: Waiver of student fees

Required fees that are charged to students pursuant to *PART ONE*, subsections **a** and **b**, shall be waived for students who qualify for participation in the free or reduced-price lunch program under United States Department of Agriculture child nutrition programs. Students shall be provided forms prior to, or at the beginning of each school year, or upon initial enrollment in the District, which shall permit the District to use information the student has provided for qualification in the free or reduced-price lunch program to determine eligibility for fee waiver, and/or which shall provide the information necessary to determine whether a student qualifies for fee waiver because he or she meets the criteria for participation in the free or reduced-price lunch program.

SENIOR HIGH SCHOOL ATTENDANCE PRACTICES

Student attendance in school is the key to learning. The goal is for each student to be in class every day, on time. The responsibility for attendance is shared by the student, the parent, the teacher, and other school staff. Although each person's performance affects reaching the goal, everyone will be responsible for his/her actions and consequences for their actions will follow.

STUDENTS:

High school students have the primary responsibility to be at school on time, every day, and to report on time to their assignment each period. All absences, except for school sponsored activities, shall count as an absence from school. Because the work covered in each class period is important, any absence from class affects student performance.

Students who are absent more than ten days a semester will most often have difficulty completing required work at a passing level. Students enrolled in schools with block scheduling will most often find it difficult to complete the required work at a passing level if they are absent more than five days a quarter. Marks will be determined by teacher evaluation of student participation and completed work.

Students have the responsibility to make arrangements for makeup instruction and to promptly complete all work missed due to absences.

Promptness to class is also very important. Practices dealing with tardiness must be in place at the classroom and school level and be communicated clearly to all students. Students who report more than twenty minutes late to class will be counted absent.

PARENTS:

Parents have the responsibility to emphasize the importance of school attendance and see that the student is in school on time every day. Parents shall call the school if a student is absent and shall provide appropriate written notice including doctor's notes if applicable.

Parents have the responsibility to encourage their students to make up work promptly.

Parents should attend parent teacher conferences and contact the teacher, principal or other school official if they have questions.

Parental involvement in or attendance at school events and activities supports the importance of school and also creates better understanding and communication.

TEACHERS:

Teachers must provide the classroom climate, instruction and acceptance of all students that promotes learning and good attendance. Clear expectations for student performance and activities that are an essential part of instruction must occur at the very beginning of each class as well as throughout the class period.

Teachers are responsible for assisting students to complete makeup work following the student's absence.

Teachers must keep accurate records and maintain contact with parents. The parent must be considered an extension of the instructional plan.

ADMINISTRATIVE AND SUPPORT STAFF:

Principals, Assistant Principals, Counselors, Student Personnel Assistants, and other support staff must demonstrate a firm but caring demeanor that communicates high expectations and concern for the individual.

Parents must be informed of cumulative absences at regular intervals.

Students who are absent because of illness must be given the support, encouragement and instructional help they need to master the appropriate learning outcomes. Although any absence may lower a student's academic achievement, the goal shall be to support the student in learning with the overall goal to be mastery of learning outcomes.

10 DAY ABSENCE PRACTICE

Student attendance in school is the key to learning. Absence from school has a substantial negative effect on academic performance. The goal is for each student to be in class every day, on time. The responsibility for attendance is shared by the student, the parent, the teacher and other school staff.

1. A semester or term absence of more than 10 days from any class for any reason may, subject to Item 5, mean loss of credit regardless of other academic performance.

2. An absence count will start only upon a student's first day of enrollment in a class unless otherwise determined by the principal (or designee).
3. A very important element of the 10-day absence practice is attempted communication with parents. School attendance clerks will phone or send a postcard home after an accumulation of 7 days of absence from school. This is an attempt to make sure parents are aware of absences.
4. Teachers should keep students informed of the number of absences they have had and warn students that absences in excess of 10 days may mean full loss of credit. The ultimate responsibility for keeping track of the number of days absent from a particular class rests with the student and his/her parent(s) or guardian(s). Attendance information regarding a specific class may be obtained from the progress reports, at parent-teacher conferences or by contacting the teacher directly.
5. Students who miss more than 10 days during one semester or term may appeal the failing grade in any class to the teacher. If the student disagrees with the teacher's decision, the student may appeal to the principal.

The principal's decision on the appeal is final.

DRESS AND PERSONAL APPEARANCE

Your personal appearance is basically your and your parent's concern. However, the administration of a school has the responsibility to help students develop good taste in manners of dress and appearance. The development of good judgment in personal appearance should be a cooperative effort between the school and the home.

The following general statements apply to all students.

1. The nature of your appearance should contribute to a positive learning environment.
2. Interpretation of the rights of a minority of the student body should not be such that it negatively influences the general image of the student body or that of the school.
3. Appropriate dress for some activities and learning situations are not necessarily appropriate for others. The health and safety of the individual will not be jeopardized in favor of his/her personal preference as to appearance and attire.
4. Shoes and shirts are essential for proper attire. Hats and hair in curlers are not considered proper attire.
5. Printed wording or pictures on clothing that advertise or promote alcohol or drugs or carry derogatory connotations, etc., are prohibited.

Students who are not dressed appropriately may be requested to go home and return to school properly dressed.

Standards of dress also includes the wearing of caps and gowns by seniors at Commencement Exercises. This public function is memorable for the graduating seniors of the Omaha Public Schools and the wearing of caps and gowns lends the proper dignity to the occasion.

HEALTH SERVICES

The activities of the health program are implemented at the building level by a registered nurse who is part of the educational team in the identification, evaluation, and provision for the individual health needs of all students.

An ill or injured student may not leave the school until permission of the parent, or the person designated by the parent, has been received by the nurse.

Medicines may not be prescribed or administered in caring for a student. This includes aspirin and cough drops. Students who take medication prescribed by a physician on a regular basis during the school day should inform the nurse.

Students are excused from physical education only on a written statement of a qualified physician.

A Health Record Card is on file for each student in the nurse's office. Students are requested to keep this card up to date by reporting to the nurse any booster shots, new glasses, lens changes, or any other pertinent information that should be recorded.

SPECIAL HEALTH NEEDS

It is imperative that parents tell the school of any health need/concerns their child may have such as asthma, seizure disorders, severe allergies, diabetes, blood disorders, etc.

Students must provide all medications and medical supplies needed for special health care procedures. This includes glucometers, inhalers, nebulizers, catheterization supplies, etc.

Procedures for Medication

1. Use of Medicines – The policy of the Omaha Public Schools is not to administer any medication or allow a student to take any medication without a written order from the doctor. No unauthorized medication (aspirin and cough drops included) shall be administered by the school nurse or by any other school personnel. No personnel of the Omaha Public Schools will prescribe medication at any time.

When a student must take medication which has been prescribed by a duly licensed physician during the hours the student is in school, the following procedures are to be strictly adhered to:

- a. The principal shall have in written form the permission of the parents or legal guardian and a written statement from the physician. The physician's statement must denote when the medication is to be taken and the amount.
 - b. The medication must be brought to the school by the parent or legal guardian or an adult authorized, in writing, by the parent or legal guardian. In the secondary schools, the medication may be brought to school via the student providing the parental permission and the physician's statement are available in the school office.
 - c. Only one week's supply shall be brought at a time unless otherwise indicated by the parents and attending physician.
 - d. The label on the medication shall include the student's name, physician's name, date and directions to be followed.
 - e. The medication shall be stored in a locked container. The container may be in the principal's office, the nurse's office or in the classroom at the discretion of the principal.
2. A student may self-medicate with emergency medication or monitor diabetic condition if:
- a. The student's physician has authorized self-medication, the parent/guardian requests self-medication, the parent/guardian has completed a liability statement as required by state law, and the physician's order states when the medication is to be taken, and the amount, time and frequency of administration.
 - b. There is a written management plan developed by the school, physician, and parents/guardians.
 - c. If a student uses his or her medication/diabetic testing equipment other than as prescribed, or endangers himself/herself or others through the misuse or threatened misuse of medical supplies, he/she may be subject to disciplinary action by the school and may be prohibited from possessing the necessary medical supplies to self-manage his or her condition.

PHYSICAL EXAMINATION REQUIREMENTS

Students enrolling in kindergarten (or the beginning grade), students entering the seventh grade, or students transferring to any grade in the district from out of state shall have a physical examination by a licensed physician within six months prior to entrance and provide proof of such an examination to the school district.

VISUAL EVALUATION REQUIREMENTS (Effective 06-07 School Year)

Nebraska Revised Statute 79-214 a vision evaluation by a physician, physician's assistant, advanced practice registered nurse, or an optometrist within six months prior to the entrance of a child into kindergarten or beginner grade, or in the case of a transfer from out of state, to any other grade of the local school. The evaluation will examine amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity. No such vision evaluation will be required of any child whose parent or guardian objects to this testing in writing.

NEBRASKA SCHOOL IMMUNIZATION LAW

The Nebraska School Immunization Statutes were amended in 1999. **As of July 1, 1999, students are required to be immunized prior to enrollment and any student not in compliance shall not be permitted to continue in school.** The minimum immunizations required for enrollment are:

Special provisions are available for children of officers or enlisted persons on active duty in the military. Please contact your child's school for further information.

SPECIAL EMERGENCY PROCEDURES

In the case of cardiac arrest, an Automated External Defibrillator (AED) may be administered by designated staff certified in CPR/AED to students as a life-saving measure. Child pads are available for age 1 to 8 and under 55 pounds. Adults pads are available for individuals over 55 pounds and/or over age 8. If a student sustains a life-threatening asthma attack or a severe allergic reaction (anaphylaxis), epinephrine and nebulized albuterol may be administered by trained staff. Emergency medical services will be called whenever an asthma/allergic emergency occurs.

STUDENT RESPONSIBILITIES AND RIGHTS

You, as a student and as a citizen of the United States, have those rights guaranteed to all citizens by the Constitution and the Bill of Rights. Laws and court decision have defined some of the citizen rights relative to students in the specific areas of school placement, records, and discipline.

You, as a student and as a citizen of the United States, also have a responsibility not to interfere with another person's exercise of constitutionally protected rights. To define this responsibility further:

A student does not have a right to engage in conduct or actions that would materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

A student's basic responsibility in school is to act in a manner that enhances his/her and other's opportunity to learn.

SUSPENSION, EXPULSION, and REASSIGNMENT

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against him/her, and provided an opportunity for the student to present his/her version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension, expulsion, or mandatory reassignment. It is the principal's responsibility to determine the type of exclusion and/or action recommended.

1. Short-term suspension may be for a period of time up to five (5) school days.
2. Emergency exclusion may be recommended for a period of time as long as the student's presence in the school presents a danger to himself/herself or others.
3. Long-term suspension is for a period of time exceeding five (5) school days but less than twenty (20) school days.
4. Expulsion shall mean a student may not attend any school in the district for the period of the expulsion. However, an expelled student may, during the term of expulsion, participate in a district specified alternative school, class, or educational program. If misconduct punishable by a one semester expulsion occurs during the last 10 days of a semester, the expulsion will be for the remainder of the semester and the next semester or the remainder of the semester, summer school and the first semester of the next school year. No student may return to the school from which he/she was expelled. Any student expelled more than once during his/her high school enrollment years will be readmitted to a traditional building after completing coursework at ESP in areas specific to his/her need(s).
5. Mandatory reassignment means transfer to another school/facility within the system. No student may return to the school from which he/she was reassigned.

A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion, or expulsion. The student may, upon request, have a hearing on the specific charges in cases of recommendations for long-term suspension, mandatory reassignment, exclusion or expulsion. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go in effect.

SECONDARY SCHOOL NOTICE

Sexual harassment of students is strictly prohibited.

Sexual harassment of students is strictly prohibited by the Omaha Public Schools. This prohibition applies to all school employees, school visitors and students.

What is sexual harassment?

Prohibited sexual harassment is of two types:

1. Conditioning a student's participation in a school program or activity or making a school decision based on the student's submission to unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal, or physical conduct of a sexual nature.
2. Unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature that is sufficiently severe, pervasive and objectively offensive to undermine and detract from the student's educational experience in such a way that the student is effectively denied equal access to a school's resources and opportunities.

Examples of sexual harassment by an employee or visitor

Prohibited acts of sexual harassment can take a variety of forms ranging from subtle pressure for sexual activity to physical assault. Sexual harassment includes, but is not limited to, the following:

- Pressure for sexual activity;
- Conversation with students substantially using sexually derogatory or demeaning language or any conversation designed to induce a student to engage in sexual activity with the employee or visitor;
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats or promises concerning a student's grades, participation in cocurricular activities, etc.; and
- Subjecting a student to sexual contact which is defined as follows:

Sexual contact means the intentional touching of the student's sexual or intimate parts or the intentional touching of the student's clothing covering the immediate area of the student's sexual or intimate parts. Sexual contact also means the touching by the student of the employee's sexual or intimate parts or the clothing covering the immediate area of the employee's sexual or intimate parts when such touching is intentionally caused by the employee. Sexual contact includes only such conduct which can be reasonably construed as being for the purpose of sexual arousal or gratification of either party. Intimate parts mean the genital area, groin, inner thighs, buttocks, or breasts.

Examples of sexual harassment by another student

Sexual harassment of one student by another takes many forms. It includes, but is not limited to, the following behaviors when they are sufficiently severe, persistent or pervasive to adversely affect a student's education or create a hostile or abusive educational environment:

- Explicit and offensive sexual references or gestures;
- Name calling or taunting on the basis of a student's gender;
- Unwelcome, intentional touching or grabbing of another student's intimate parts or the clothing covering a student's intimate parts;
- Language of any kind, including graffiti, which is disparaging or demeaning to others on the basis of their gender such as sexual epithets or vulgar or profane jokes; and
- Any other verbal or physical conduct which, judged from the perspective of a reasonable student of the same gender as the student claiming he or she was harassed, creates a sexually hostile environment.

What should a student do if the student thinks he or she has been sexually harassed?

If a student has reason to believe that he or she has been or is a victim of sexual harassment, the student should immediately contact:

- The building principal; • The student's counselor; • One of the student's teachers, or
- Mr. Thomas Harvey, Assistant Superintendent for Student and Community Services, Omaha Public Schools, 3215 Cumming Street, Omaha, Nebraska 68131 (557-2130). (Mr. Harvey is the Omaha Public Schools Title IX Coordinator.)

When and where are students protected?

The law protects students in connection with all of the academic, educational, extra-curricular, athletic, and other programs of the school, whether they take place in the school, on a school bus or van, at a class or training program sponsored by the school at another location, or elsewhere.

What will happen once the student has contacted a school official about sexual harassment?

The student's complaint will be thoroughly and immediately investigated. If the complaint is about a student, the principal or an assistant principal will investigate to determine if sexual harassment occurred. If a decision is made that the student was sexually harassed, the sanctions provided for in the **Student Code of Conduct** will be used.

If the complaint is about a school employee, the principal will report the matter to the Assistant Superintendent for Human Resources who will then investigate to determine if sexual harassment occurred. If the complaint concerns the building principal, the student should contact either the Assistant

Superintendent for Human Resources, Omaha Public Schools, Dr. Sandra Hodges, at 3215 Cuming Street, Omaha, Nebraska 68131 (557-2310) or the Assistant Superintendent for Student and Community Services, Omaha Public Schools, Mr. Thomas Harvey, at 3215 Cuming Street, Omaha, Nebraska 68131 (557-2130). Once the student makes either of these contacts, the Assistant Superintendent for Human Resources will investigate to determine if sexual harassment occurred. If a decision is made that the student was sexually harassed, appropriate sanctions will be imposed on the school employee. Depending on the seriousness of the harassment, sanctions could range from an oral reprimand to termination of employment. If the employee holds a professional certificate, proceedings could also be started to suspend or revoke the certificate.

If the complaint is about a visitor to school (any person other than a school employee or student), the principal will report the matter to the Assistant Superintendent for Student and Community Services who will then investigate to determine if sexual harassment occurred. If a decision is made that the student was sexually harassed, appropriate steps will be taken to assure that the visitor will not again harass any student at school.

All investigations will be handled confidentially and as expeditiously as possible. Barring unusually complex or difficult allegations, an investigation would normally be completed within two weeks. Should the allegation concern or the investigation reveal possible criminal misconduct, appropriate law enforcement officials will be contacted immediately. To the extent permitted by law, the complaining student will be notified of the results of the investigation. If the student needs some extra help to deal with the impact of the harassment, the Omaha Public Schools will work with the student's family to help the student. Any retaliation against the student for making a complaint is also strictly prohibited. If the student thinks he or she is being retaliated against, the student should inform the building principal or Mr. Harvey immediately. Appropriate steps will be taken immediately to end any retaliation.

What may a student do if the student is not satisfied with the results of the investigation of his or her complaint?

If the student is not satisfied with the response of the principal or assistant superintendent to his or her complaint of sexual harassment, the student has the right to appeal directly to the Superintendent of Schools of the Omaha Public Schools, Dr. John J. Mackiel, 3215 Cuming Street, Omaha, Nebraska 68131 (557-2001). The appeal may be filed at any time. If the student is not satisfied with the Superintendent's decision, the student may appeal the Superintendent's decision to the Board of Education by a written appeal through the Secretary of the Board of Education. There is no time line for the appeal to the Board. The Secretary's address is also 3215 Cuming Street, Omaha, Nebraska 68131.

How can a student or parent obtain a full copy of the OPS Policy on sexual harassment?

The OPS policy on sexual harassment is contained in Sections 6.07 and 10.05 of the Policies and Regulations of Douglas County School District 001 (Omaha Public Schools) and in the **Student Code of Conduct** Policy Section 1c and Guidelines Section 1i. Copies of these documents are available in the principal's office or through Mr. Harvey's office. The school's student handbook also contains the **Student Code of Conduct**.

Who can a student talk to if the student has any questions about this Notice?

If a student has any questions about this notice or about the School District's prohibition on sexual harassment, the student should contact the building principal or Mr. Thomas Harvey at 557-2130.

STUDENT & COMMUNITY SERVICES

The School District of Omaha offers a variety of student-oriented supportive services available to all students with the designed purpose to aid students in making satisfactory personal, social and educational growth. These services are available to you and your family.

The supportive services resulting in the most direct contact with students include: Psychological Services, Guidance Services, Health Services and Student Personnel Assistant Services.

Psychological Services provide observation, formal evaluation, and consultation by certified school psychologists. A primary function is to assist you in the identification of any learning problem you might have and in planning a program for help that you might need in that area.

Secondary counselors provide a Developmental Student Outcome Based Guidance Program for all students and respond to the unique needs and interests of individual students. Counselors deliver and coordinate the preventive guidance curriculum, consult with parent(s)/guardian(s), staff and community agencies, provide individual and small group counseling and assist students with personal, career and educational planning. All students will graduate with a written career/advanced education plan following high school.

The Student Personnel Assistant provides assistance to you and your school in the areas of due process, student placement, student welfare, and school attendance. The Student Personnel Assistant is to focus on student needs. Alternatives are reached on decisions that provide an improved opportunity for you. Effort is also made to provide you and your parents with information relative to services available in the community to serve your needs.

gender, marital status, sexual orientation, or handicap in admission or access to any educational program or activity or on any of these bases or on the basis of age in employment. Such discrimination is prohibited by state and federal laws.

Any student who has a concern about possible discrimination by the Omaha Public Schools on any basis other than gender or handicap should contact their principal.

Any student who has a concern about possible discrimination by the Omaha Public Schools on the basis of gender, race, or national origin should contact the office of the principal or Thomas Harvey, 3215 Cuming Street, Omaha, Nebraska 68131-2024, telephone 557-2130.

Information concerning services, activities and facilities accessible to the handicapped as well as special adaptive equipment for the handicapped may also be obtained from the Assistant Superintendent, Curriculum and Learning.

ADVERTISING IN THE SCHOOLS

Students, staff members, or the facilities of the schools may not be used in any manner for advertising or promoting the interests of any community or non-school agency or organization without approval.

The schools may cooperate in furthering the work of any non-profit, community-wide social service agency provided such cooperation does not infringe on or diminish the amount of time devoted to the school program.

Any student seeking to distribute fliers or announcements concerning non-school events or organizations to a substantial number of students must abide by the general guidelines established for this purpose contained in the **Practices and Procedures of the Omaha Public Schools**, copies of which are available from the building principal.

Requests received by a school, from any student, agency, or organization seeking permission to put up posters, or distribute fliers, or announcements to a substantial number of students concerning events, meetings or programs of non-school sponsored organizations, must follow the general guidelines listed below. Hopefully, the procedures outlined will assist in eliminating confusion and provide the activity greater opportunity for success. The school may cooperate in offering as many worthwhile opportunities to the students as are practical and consistent with the **Policies and Regulations of the School District of Omaha**.

1. The requests, in writing, should be submitted to the principal of their school who will forward those requests immediately to the Superintendent.
2. The event or program should be fully described, including such information as:
 - a) School(s) to be involved
 - b) Grade level(s) or age(s) of the students to be contacted
 - c) The date(s) and/or location of the activity
 - d) Cost, if any
 - e) Person(s) to contact if questions arise
3. A copy of the flier or material to be distributed should accompany the request.
4. The person seeking permission to distribute fliers should provide as much advance notice as possible.
5. If the organization anticipates a number of upcoming events, in the interest of time, every attempt should be made to consolidate.
6. Distribution of any materials to the schools is the responsibility of the requesting person or agency.
7. Any participation on the part of students must be strictly voluntary.
8. Distribution of fliers will not be permitted in the following circumstances:
 - a) When such distribution, whether because of the content of the flier or the manner of distribution, would materially and substantially interfere with the requirements of appropriate discipline in the operation of the school.
 - b) When the content of the flier is sectarian, obscene, libelous, or directed to inciting or producing lawless action or insulting or fighting words, the very utterance of which inflicts injury or tends to incite an immediate breach of the peace.

ACCREDITATION

All of the Omaha High Schools are accredited by the North Central Association and the State Department of Education.

THE SCHOOL DAY

Each school has its own time for allowing students to enter the building in the morning. Do not loiter in halls or restrooms before, after, or during school.

You must be in your assigned room, in your seat, and quiet when the tardy bell rings. If you are late to school, report to the announced place or places for a tardiness admission form. Ample time is allowed

between classes. If detained by a teacher, you must get an admit from that teacher. Tardiness to class is handled by the teacher. Repeated unexcused tardiness will result in disciplinary action.

All students leaving school grounds for any reason during their school day must sign out in a designated office. No student is to leave school during the day without permission from a principal, assistant principal, counselor, or school nurse.

SECRET ORGANIZATIONS

Under state law, it is "unlawful for the pupils of any public secondary school to participate in or be members of any secret organization." The Board of Education is empowered to deny to any student who violates the law any or all privileges of the school, or it may expel such student for failure to comply with the law.

ACCIDENT INSURANCE

At the beginning of each school year, all students are given the opportunity to purchase group accident insurance through a private company. The fee is small for the coverage provided. The student is covered for travel to and from school, activities during the school day, school-sponsored events, and all athletic participation except football. Insurance for football may be purchased at a higher rate. Schools do not carry insurance on students, their vehicles, or their personal property.

FREE AND REDUCED LUNCHES

Students in the Omaha Public Schools have the privilege of applying for free or reduced price meals. The application form, which is given to you, is to be completed by your parents or guardian. Applications must be filled out every year.

The application is returned to the principal for review. The information supplied by your parent or guardian is evaluated and eligibility is then determined. Reduced or free meals are determined by family income. Reduced price or free meals are denied if your family income is above the federal guidelines.

If there is a change in the family income during the school year, another application may be submitted.

The federal government requires the school district to verify the information on a designed number of free or reduced price meal application forms each year. If your application does not provide the correct salary information, your free or reduced price meal ticket will be denied. Any future applications must be verified.

In accordance with Federal Law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age or disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Ave, SW, Washington, DC, 20250-94108 or call (202) 720 5964 (voice & TDD). USDA is an equal opportunity provider and employer.

REQUIREMENTS FOR STUDENTS TO PARTICIPATE IN ATHLETICS AND CO-CURRICULAR ACTIVITIES

It is the practice of the Omaha Public Schools that any student who wishes to participate in athletics and co-curricular competition must have passed a minimum of four credits the semester preceding participation. For the purposes of this practice, co-curricular activities are those which involve competition with other schools and generally meet outside of the school day. This procedure does not apply to first semester co-curricular participation for ninth grade students.

ATHLETIC INSURANCE COVERAGE

All members of athletic squads will need to have accident injury insurance coverage. The purpose of such insurance coverage is to provide coverage in the event of accidental injury. Your school, acting for members of the athletic squad, makes available an Athletic Injury Benefit Plan approved by the Omaha Board of Education. The total premium is paid by the student or parent. If you have your own insurance coverage you must name the insurance company and provide the policy number.

NSAA ELIGIBILITY

1. Student must be an undergraduate.

GRADUATION REQUIREMENTS

For students who entered the 9th grade prior to the 2001-02 school year, the school counselor can identify the graduation requirements that may apply to your graduation requirements.

For 9th grade students entering the Omaha Public Schools after the 2001-02 school year, a minimum of 49 credits are required from the School District of Omaha. Each student must earn the minimum credits listed below within each designated subject during grades 9-12:

English	8 credits	Science	6 credits
Social Studies	7 credits	Physical Education	4 credits
Mathematics	6 credits	Elective Subjects	<u>18 credits</u>
Total Minimum Credits Required			49 credits

Seniors must meet all graduation requirements in order to participate in any manner in commencement exercises.

GRADING SYSTEM

Grades are an evaluation of what you have learned. They become part of a permanent record that is kept by the school. Colleges, vocational schools, potential employers, and the various military services are all interested in your school grades.

A – Superior	93-100%	D – Below Avg.	70-77%
B – Good - Above Avg.	85-92%	F – Failing	Below 70%
C – Average	78-84%		

REPORT CARDS AND PROGRESS REPORTS

Report cards are designed to help students and parents measure the progress toward the goals and objectives of the subject. These evaluations will be made four times a year at the end of each quarter. Since this report is for you and your parents, it becomes your property for whatever use you desire. Report cards may be withheld if you have not paid your fines or met your other obligations.

Student progress reports are given during the middle of each grading period. This form is used to report all progress and achievement. Your parents can make an appointment with either your teachers or your counselors to discuss your progress at any time.

TEXTBOOKS

Textbooks are supplied by the Omaha Public Schools. It is your responsibility to provide appropriate covers on books at all times. Books must be returned in good condition when checked in to the teacher. You must pay for lost and/or damaged books. Notebook paper, pens, portfolios, etc., are available for purchase in the school store.

COLLEGE ADMISSIONS TESTING PROGRAMS

If you plan to continue your education beyond high school, you may be required to take one or more of the College Entrance Examination Board Tests – The Scholastic Aptitude Test (SAT) and Achievement Tests in various subjects or the American College Test (ACT) – a test battery consisting of tests in English, mathematics, social studies, and natural sciences.

Most colleges and scholarship sponsors ask for applicant's subject scores on one or more of these tests. College admissions officials and scholarship program sponsors use the test scores, your school record, and other criteria to assess your ability to do college work and to assist in placement in an appropriate program of study on campus.

To decide if you should take one or more of these tests, you must know the test requirements of the colleges and scholarship programs in which you are interested. Counselors will help you to find this information or you may write directly to the colleges or scholarship program sponsors.

These tests are usually taken by interested students during the second semester of the junior year or the first semester of the senior year. Full information about these tests, including fees, location of test centers, and testing dates, is given early in the school year. This information is also available in the guidance offices.

Seniors who qualify for participation in the University of Nebraska (Lincoln and Omaha) Regents Scholarship competition are informed at the appropriate time each school year.

The combined Preliminary Scholastic Aptitude Test (PSAT) and National Merit Scholarship Qualifying Test (NMQST) is given on a specified national testing date. Eleventh grade students who take these tests are informed about test registration procedures well in advance of the testing date. The National Merit semi-finalists are determined on the basis of these test results.

COMMUNICATION

Establishing good communication with students is a major goal, one which the school considers an important factor in a student's educational success. Teachers, counselors, and principals strive to answer questions and correct misinformation by maintaining an "open door" policy with students. You are encouraged to ask questions. You are invited to seek the counsel of any of these school people to help solve your problems.

One secret of a student's success in school is correcting problem situations early. The way to do this is to talk with the teacher involved or to seek the advice of a counselor. Students often wait when they have difficulty in a class, thinking they will be able to help themselves without assistance. Often, however, the problem gets worse, and the student can see no answer. Showing your concern and need for help early is encouraged. Your teacher is there to help you.

Parents will have the opportunity to meet their child's teachers and discuss progress at Parent-Teacher Conferences scheduled during the school year. Also report cards will be distributed to parents at these conferences.

Your parents will be welcomed at any time they wish to visit the school. Their telephone calls will be referred to the person who can provide the information they seek.

There is a daily bulletin read each morning. It is also posted on bulletin boards. Notices for the bulletin must be approved by a principal and be in the office the day before publication.

Newsletters mailed to parents provide another means of communication with the home. The school newspaper and FM-radio station, KIOS, circulate school news. KIOS, which is 91.5 on the radio dial, is located at the Telecommunications Center, 3230 Burt Street.

WITHDRAWAL FROM SCHOOL

Completion of the requirements for high school graduation is recognized by society as a significant and important accomplishment. Graduation from high school is an entry requirement for colleges, vocational schools, and many job positions. Any decision to withdraw from school before graduation should be made only after discussions with parents, teachers, counselors, and administrators.

School attendance is required until the age of 18. Exception: A student between the ages of 16 and 18 may be withdrawn from school when his/her parent/guardian signs an affidavit.

During the withdrawal process, a student is asked the reason(s) for withdrawal. Students are responsible for returning all textbooks upon withdrawal.

Students who have withdrawn may re-enter school the following semester by contacting the last school attended, or the Student Personnel Assistance office. Contact should be made prior to the start of the semester.

TOBACCO, ALCOHOL, DRUGS

The use of tobacco by students in the school or on school grounds is forbidden. This practice is in accordance with state and city statutes that forbid minors to purchase and use tobacco and in accordance with directives from the Fire Department.

The use of drugs, alcohol, controlled substance, imitation controlled substance or abuse of non-controlled substance in the school is forbidden. Possession or use of a controlled/imitation controlled substance will result in the recommendation for long term suspension and participation in a chemical dependency program.

Students involved in the use/abuse of such substances are advised to contact the Student Personnel Assistant Office for information on agencies that provide counseling programs for youth with alcohol and drug problems.

STUDENT UNPAID OBLIGATIONS – FINES, FEES, ETC.

Students are required to assume the financial responsibility for their actions. This may include, but not necessarily be limited to obligations for: (a) the loss or damage to school owned supplies and/or equipment; (b) fines resulting from the late return of library books; and (c) any other fines/fees as permitted under state statutes. A fee will be assessed for returned checks (\$20.00) and refund requests (\$5.00.)

Those students who fail to meet their obligations outlined above or others as indicated in the student handbook will be subject to the following restrictions until such time as the financial obligations are met:

1. The student and his/her parents or legal guardians shall not receive an official transcript. An official transcript will only be issued to a school to which the student transfers. The student and his/her parents or legal guardians may review the student's permanent record by following the established practices and procedures.
2. The student's name may not appear on the school's honor roll and the student may not receive any other academic recognition provided through the school.
3. The student may be ineligible to participate in any activity or on any team that represents the school.

4. The student may be ineligible to receive any awards.
5. The student, upon becoming eligible for graduation, will not receive a diploma.

Upon payment of all outstanding debts, the student will be eligible to receive any or all of the above at a time and in a manner designated by the school officials.

FIRE DRILLS

In conformity with the regulations of the Nebraska State Fire Marshal, each school is required to hold fire drills. Upon the sounding of the fire drill signal, all students are dismissed immediately and are to follow, under the leadership of the teacher, the exit instructions that have been issued. Your books and wraps are to be left in the classroom; purses should be taken with you; the classroom door should be closed upon vacating the room. Remain alert, calm, and quiet as it may be necessary for a change in exit instructions to be given over the P.A. system. Avoid crowding, pushing, or shoving. Under the guidance and leadership of the teacher, students should remain in the assigned sidewalk area until the "all-clear" signal is sounded.

WEATHER AND STORMS

The Omaha Public School policy recognizes the right and the responsibility of parents in the matter of school attendance when inclement weather exists. In case of extreme winter weather conditions, announcements of school closings will be made by radio and television stations no later than 6:00 a.m. Any change in dismissal time will also be announced.

If the school is alerted to an approaching tornado, immediate directions will be announced over the P.A. system. Specifically, students will move quickly to sheltered areas – away from windows, into interior hallways and lower floors, assume a seated or crouched position with head lowered until the emergency has passed.

In cases of emergencies or of impending disaster, the classroom teacher is responsible for giving specific instructions for student safety.

BREAKFAST AND LUNCH TICKET PROCEDURES

Breakfast is available at no charge to students. A variety of items are available, of which, each student must choose a minimum of three components. Each student to be eligible for participation in the free/reduced lunch program must submit an application form.

The following procedural guidelines must be followed:

1. Each student is assigned a Personal Identification Number, which corresponds to his/her account. The computer software tracks purchases and payments.
2. Students who use or attempt to use another student's PIN number to gain access to his/her account may be penalized. Restitution may be required and parents notified.

Prepayment for meals may be made in the cafeteria during the meal period. Weekly, monthly or semester amounts are accepted. Payment by check is accepted and must have the student's PIN number recorded on it.

A variety of menu items are available at lunch. A student, who participates in the lunch program, must choose a minimum of three components to a maximum of five. Additional items are available at a la carte prices.

SHOWER GUIDELINES

It is strongly recommended that students in senior high schools be encouraged to take a shower after physical education classes involving strenuous activity.

STANDARDS FOR THE ACCEPTANCE OF CREDIT FROM OUTSIDE AGENCIES AND INSTITUTIONS

The following standards are provided to inform and assist institutions and agencies outside the Omaha Public Schools regarding the school district accepting credit for completed course work. The acceptance of credit for course work is dependent upon the following:

1. (a) Students who are or have been enrolled in an Omaha Public School middle or senior high school, and are not on expulsion from the Omaha Public Schools, should have the permission of the principal to enroll in courses offered by another institution or agency in which credit is to be earned. This permission should be in writing and obtained before enrolling in the course in which credit is to be earned.
(b) Agencies should report to the Director of Student Community Services the names of those students who enroll at the time of enrollment.
2. Any class for which credit is to be earned must be taught by a teacher who has appropriate, updated state certification.
3. Any class for which one credit is to be earned must meet for at least 45 hours of supervised contact time with the student or maintain an accountability system that **assures mastery** of the course content standards if contact time is less.
4. Credit will be granted for classes that convert or are similar to the curriculum and course offerings of the Omaha Public Schools.

PROCEDURES FOR ACCEPTING CREDIT FROM OUTSIDE AGENCIES AND INSTITUTIONS

1. Upon completion of course work at an outside institution, the outside institution itself will forward a transcript or a form which includes course work information to the Director of Student Community Services for evaluation. Questions regarding content of course work may be reviewed in conjunction with the Department of Curriculum and Learning.
2. Upon evaluation, the Department of Student Community Services will forward to the school where the student enrolls information which includes the name of outside institution where the course work was completed, the number of credits earned, the grades earned and the dates the student was enrolled at the outside institution. Staff from the Department of Student Community Services will enter the record of the course work into the student's historical grade file.
3. The school which enrolls the student will accept credit from the outside institution when approved by the Department of Student Community Services.
