

## Cost of Food Survey

### Part 1: Estimate and fill in each blank using your most reasonable estimating skills:

**Step 1:** How much does what does my parent/guardian feeds me for breakfast \_\_\_\_\_, lunch \_\_\_\_\_, dinner \_\_\_\_\_ on any given day cost?

**Step 2:** Number of people living at home \_\_\_\_\_.

**Step 3:** Using the information from steps one and two how much money do you estimate your family spends on food per week? \_\_\_\_\_ per month? \_\_\_\_\_

### Part 2: Take these questions home and ask your parent/guardian to make their best estimate of what the actual costs are.

**Step 1:** How much does what does my parent/guardian feeds me for breakfast \_\_\_\_\_, lunch \_\_\_\_\_, dinner \_\_\_\_\_ on any given day cost?

**Step 2:** Number of people living at home \_\_\_\_\_.

**Step 3:** Using the information from steps one and two how much money do you estimate your family spends on food per week? \_\_\_\_\_ per month? \_\_\_\_\_

1.) How do your estimates from part 1 compare to the estimates from part 2?

---

2.) How does this impact how you view wasting extra food or eating the lunch provided at school?

---

---

---
