

Alive Media Module

Note: Module is used for showing videos and audio podcasts without the RSS feed. Before you load a movie, it needs to be converted to Flash (320 X 240). Programs for converting are available by asking debra.wilson@ops.org.

- I. Add the Alive Media Module to your web page.
- II. Go to the Module's drop-down menu and click on settings.

- III. Scroll down and open the Alive Media Player Settings.

***Click Multimedia for Flash Video.**
*** Click MP3 for audio podcasting.**

Player mode:

- Multimedia Player (all formats)
- FLV Flash Video Player
- MP3 Music Player
- Image Gallery
- SWF Flash Gallery
- Folder
- Single file
- XML playlist
- External URL
