Delivering on the Portrait of a Graduate

REPORT TO OUR COMMUNITY
To Our Omaha Public Schools Community:

Through challenging times, we deployed 1-to-1 technology, built staff pipelines and invested in our students’ academic growth. It is all grounded in our Strategic Plan of Action.

- Academics  ·  Financial Accountability
- Staff  ·  Ethic of Care

Time-bound, measurable goals guide our work through 2025.

Since 2020, we’ve welcomed new teachers, paraprofessionals, principals and Board of Education members. Our Strategic Plan of Action gives us a shared direction through transitions.

For five years, Superintendent Cheryl Logan, Ed.D., guided the Omaha Public Schools with excellence, passion and commitment. We are very thankful for her service. This summer, we welcome Mr. Matthew Ray as interim superintendent. Even through a superintendent transition, the Strategic Plan of Action is our roadmap.

In 2020, students, staff, families and community partners all helped to develop the plan. Mr. Ray coordinated much of that community engagement. He is uniquely qualified to carry the work forward with our Board of Education, staff and families. It is all for the 52,000 students we serve. I invite you to read more about our Strategic Plan of Action online at www.ops.org/SPOA.

This year, we will also lead a comprehensive superintendent search. Omaha Public Schools is Nebraska’s largest school district and one of our state’s largest employers. This is an important role serving a leading urban school district. We owe it to our 52,000 students, 9,000 full and part-time staff and the greater Omaha community to conduct a thorough search and get it right. We will always communicate the most current information directly to our staff and families, and post it to www.ops.org/superintendentssearch.

School districts cannot accomplish the work alone. We depend on our families, partners and the greater Omaha community to succeed. The children we serve today are tomorrow’s teachers, superintendents and school board members. Your support makes it possible.

Thank you,

Spencer Head
Board of Education President
Omaha Public Schools
Our district is three years into a five-year Strategic Plan of Action that prioritizes academics, staffing, financial accountability and a shared ethic of care. Omaha Public Schools seeks to achieve each priority through our organizational values: equity, results, leadership, accountability and joy. Our Strategic Plan of Action demonstrates the work, classroom instruction, care and success that make Omaha Public Schools a leading urban school district.

Academics
Omaha Public Schools students are prepared to meet post-secondary expectations. The Portrait of a Graduate outlines the expectations for all Omaha Public Schools graduates. To that end, the academic strategic priority will focus our work on early literacy, program redesign and establishing a high-quality portfolio of school programs.

Staff
Omaha Public Schools has highly qualified and effective staff in every division. Recruiting and maintaining a highly qualified, developed staff is the most essential component of a successful school district.

Financial Accountability
Omaha Public Schools demonstrates financial accountability tied to student outcomes. School district budgets across the U.S. are challenged daily to be funded, and many districts are unable to fund their highest priorities. Omaha Public Schools understands the challenges of developing and adhering to an approved budget and recognizes the need to be accountable to the funding provided and supported by the community it serves.

Ethic of Care
Omaha Public Schools demonstrates an ethic of care for students and staff. Fostering a caring, inclusive culture assures all feel value, support and joy. Everyone benefits as a result of students, staff and the community being served with care.
Throughout the 2022-23 school year, our district pursued new opportunities to invest ESSER funds in staff development and recruiting, academic tutoring, technology and curriculum.

“We have worked thoughtfully as a district to allocate our ESSER funds to areas where we can make a clear impact,” said Matthew Ray, Omaha Public Schools interim superintendent. “Our students are already benefiting from ESSER-funded initiatives. As we identified additional opportunities for investing these funds, we have adjusted the plan and feel confident in our path forward through 2024.”

Managing staffing needs continues to be a priority for Omaha Public Schools. With ESSER funding, we began a partnership with the University of Nebraska Omaha offering full scholarships to select students who commit to teaching at Omaha Public Schools full-time after graduation.

The partnership also helps students with bachelor’s degrees get a teaching certification in high-demand areas. It also invests in current teachers by helping them earn graduate credit hours or qualify to teach dual enrollment classes.

We will continue to invest ESSER-II and III funds in staff retention stipends through the 2023-24 school year.

“We’re fortunate to have this customizable strategy that supports our students and families in a way that works for their needs,” said Susanne Cramer, Omaha Public Schools interim chief of school improvement.

Omaha Public Schools became a 1-to-1 technology district with a rollout of student iPads in the fall of 2020. To continue to provide this important tool to our students, we are investing ESSER funds in a device refresh, which includes 10,000 new iPads put into rotation for the upcoming school year.

“Being a 1-to-1 district gives students increased access to personalized learning opportunities and improves engagement and collaboration,” said Bryan Dunne, Omaha Public Schools director of information management services. “Making sure our technology is up-to-date keeps our students on the path to success.”

We have also targeted ESSER funds for important curriculum updates. This includes elementary and high school science, secondary English language arts and reading, and K-12 social studies. ESSER funds will also support expanding computer science and technology K-12 learning to meet requirements mandated by the Nebraska Legislature.

“These materials give our students access to resources aligned to the expected content standards for which they are to learn and experience within their classrooms,” said Susan Christopherson, Omaha Public Schools chief academic officer.

ESSER funds reached school districts in three rounds. ESSER-I spending ended in Sept. 2022. ESSER-II funds expire in Sept. 2023. Throughout the year, we worked to amend our ESSER-III spending plan to keep us on track to fully allocate funds by Sept. 2024.

Families and community members can learn more about how our district uses ESSER funds at www.ops.org.

ESSER in Action

Omaha Public Schools students, staff and families continue to benefit from federal Elementary and Secondary Emergency Relief (ESSER) funds, which were established to support school communities during and post-pandemic.

Report to Our Community | 2023
The learning landscape evolved for Omaha Public Schools during the 2022-23 school year. August 2022 marked an exciting milestone in our district’s 2018 Bond Program, opening four of five new schools.

Buena Vista High and Westview High welcomed freshmen and sophomores. Meanwhile, hundreds of students filled classrooms for the first time at Forest Station Elementary and Pine Elementary.

“In a lot of ways, it’s like a book that’s being written,” Principal Shelly Burghardt said during Forest Station’s opening celebration. “I know there’s going to be many chapters to come and many sequels. I’m anxious to see what those will be, but right now, it’s just - the enthusiasm in the building is overwhelming.”

As the school year got underway, work continued on the last of our five new schools - Bluestem Middle - which opens in August 2023. Each new school is an investment from the Omaha Public Schools bond program. The $409.9 million bond, approved by voters in 2018, allowed us to build new schools and improve many others.

“The bond program helped our district work toward alleviating capacity issues in high-growth areas of the city,” said Brad Boganowski, Omaha Public Schools bond administrator. “It also allowed us to address high-priority items outlined in our existing facilities plan.”
The bond program includes 25 projects that address capital improvements at existing schools and programs. Examples of that work include mechanical, electrical and plumbing upgrades, chimney stack repairs, flooring improvements and more.

The 2018 Bond Program also allowed for classroom additions at some schools and other renovations that will benefit students for many years.

The 2018 Bond Program is scheduled for completion this year. Omaha Public Schools regularly updates each project, including the cost, scope of work and timeline, at www.ops.org/bond.

---

**Economic Inclusion**

The Omaha Public Schools Bond Economic Inclusion Program focuses on ensuring that Small and Emerging Businesses have opportunities to participate in bond projects. Economic Inclusion is applied to all bond spending, excluding land acquisition and builders’ risk insurance.

Students by the Numbers

Free and Reduced Lunch
Starting in 2022-23, Omaha Public Schools qualified for the Community Eligibility Provision (CEP) districtwide. The CEP provides breakfast and lunch at no cost to all students. A new Educational Benefits Form allows eligible families to access additional benefits in our schools and community. Eligibility for educational benefits is the replacement metric for Free and Reduced Lunch eligibility.

Omaha Public Schools is the most diverse school district in the state, serving students who speak 107 languages.
Students Explore Interests, Gaining Real-World Experience Through College & Career Academies and Pathways

The start of the 2022-23 school year marked a new era for Omaha Public Schools with the implementation of our College & Career Academies and Pathways.

The enhanced programming aligns with our Portrait of a Graduate, teaching students transferable skills that prepare them for whatever the future holds. It ensures students gain real-world experience while maintaining the foundation of core classes with continued access to advanced academics, fine arts and electives.

Each high school has expanded partnerships with businesses, industry experts and community members to support students in their pathway. This provides on-site and tailored college and job visits, mentoring and other learning opportunities. Academies and pathways offer experiences in health professions, global leadership, engineering, urban agriculture, technology and many more areas of study.

“We want to prepare students in a multitude of ways to go out into the world with an interest and a plan for post-high school graduation,” said Angela Johanek, Benson High curriculum specialist. “This is about being on the job, networking for the next steps and finding your place in your community.”

Benson High was the first wall-to-wall academy in the state and the first school to fully implement Freshman Academy in Omaha Public Schools. Benson High senior Hel Tha says being around other students with the same career interests has helped her feel comfortable asking questions and learning more about the health profession.

“Because of my early start in the academy and the experiences I have had, I was able to take advantage of a lot of different opportunities,” said Tha.

The Omaha Public Schools College & Career Academies and Pathways followed an evaluation and refocus of our district’s programming. It builds on what has been working well and where we can grow.

The College & Career Academies and Pathways will be rolled out over several years until fully implemented in 2024-25.
Starting in August 2022, first-year students at all nine Omaha Public Schools high schools participated in Freshman Academy. They explored careers while focusing on skills for success in high school and beyond. Freshmen then selected an academy or a pathway.

Omaha Public Schools Offers Diverse Education Opportunities

Omaha Public Schools is proud to offer diverse educational opportunities for students that include college and career academy and pathway programs, the Omaha Public Schools Career Center, International Baccalaureate, the Advanced Placement (AP) Capstone Diploma Program and more. Each school is unique, and they all make us #OPSProud.

Omaha Public Schools offers more than 70 unique programs of study - these offerings expanded with the implementation of College & Career Academies and Pathways in the fall of 2022.

More AP courses than any other district in the state.

Omaha Public Schools students earned more than 1,100 industry-recognized certifications during the 2022-23 school year.

Omaha Public Schools connected students with more than 1,000 experiential learning opportunities in 2022-23, including internships and employment.

Omaha Public Schools offers dual language programs at 10 schools to students in grades K-12.

Omaha Public Schools students earned more than 13,000 college credits while in high school during the 2022-23 school year.

Academies
Academies allow students to take career-focused classes with a group of students who have similar interests.

Pathways
Pathways offer four or more classes focused on a group of related careers or clusters. Students in both academies and pathways take core classes alongside career-focused courses and electives.
College and Career Ready Standards and Nebraska State Accountability Test Scores

Student data guides teaching and learning in Omaha Public Schools. State test scores are one source of that data. In Nebraska, college and career-ready standards are measured on state tests for elementary and middle school students. All juniors in Nebraska take the ACT, which is used as the high school state test. Some students take the Nebraska Student-Centered Assessment System (NSCAS) test. The NSCAS is a statewide test that helps prepare students in different grade levels for success in postsecondary education, career and life. The NSCAS includes several measures that help inform educators and families as they support students.

What is Omaha Public Schools doing to prepare ALL students for the ACT?

Omaha Public Schools provides a guaranteed and viable curriculum for students along with rigorous instruction. ACT standards are aligned and addressed within the A+ Curriculum Guides for all content areas. The PreACT is given to Omaha Public Schools students in the fall of their sophomore year to prepare students for the ACT. Advisement teachers and school counselors also review PreACT and ACT results, then meet with students to help them set goals based on their scores.

2021-22 NSCAS Results

Below is the percent proficient.

**ELEMENTARY**

English Language Arts 30.1%
Math 22.8%
Science 45.7%

**MIDDLE SCHOOL**

English Language Arts 22.7%
Math 16.6%
Science 35.7%

2021-22 ACT Results

Average score for ALL students

**STATE ASSESSMENT**

English Language Arts 12.6
Math 13.9
Science 14.0

This score reflects all grade 11 students who took the ACT state assessment. The individual student scores may be reported to postsecondary educational institutions based on ACT guidelines.

**GRADUATING CLASS REPORT**

Composite Score 15.9

The composite score represents the most recent score for 2022 graduates who took the ACT as sophomores, juniors or seniors either as the state assessment or on a national test day. These students earned a score that ACT allows to be reported to postsecondary educational institutions.

Every student.
Every day.
Prepared for success.
#OPSProud Awards Snapshot

**Students**

Omaha Public Schools students earned more than $68.5 million in scholarships!

North High’s Nayera Abdessalam, Sophia Kolb and Bowen Steffen were among 16,000 semifinalists in the 68th annual National Merit Scholarship Program.

Bryan High’s Justin Diep earned recognition as the Nebraska High School Press Association’s 2023 Nebraska Student Journalist of the Year.

Benson High’s Lazcano Reza and Say Say Wah earned multiple awards for their artwork in the National K-12 Ceramic Exhibition.

Student teams from South High and Marrs Middle achieved first-place finishes in the 23rd Annual African American History Challenge.

More than 70 students from Omaha Public Schools class of 2022 earned the Nebraska Seal of Biliteracy.

Central High’s girls’ powerlifting team finished as the 2023 Nebraska State Champions.

North High’s Tyler Stewart and Tyson Terry and Central High’s DJ Bonam each won their weight class at the Nebraska State Wrestling Championship.

Burke High’s Thomas Vasquez and North High’s Aaliyah Farmer were named the 2022-23 Currency Believers and Achievers state winners.

Westview High and Burke High’s combined dance team qualified for the National Dance Team Championship finals for the first time in Omaha Public Schools history.

**Staff**

Jefferson Elementary special education teacher Lisa Moody received a national Milken Educator Award.

Buffett Middle teacher Lee Perez won the Horace Mann Award for Teaching Excellence. He was one of five educators honored with the award nationwide.

Rhonda Sherman of Benson High received the Outstanding Mentor Award from the ACE Mentor Program of Greater Omaha and is one of five award recipients nationwide.

Kendall James Lewis of Norris Middle earned the 2nd Congressional District Outstanding Teacher for 2022 Award from the Nebraska State Council for Social Studies.
