Multi-Tiered Systems of Support for Behavior (MTSaS-B) is being implemented in all Omaha Public Schools and Programs.

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Through this framework, OPS has committed to providing staff with tools and resources to positively engage students and families through implementation of school-wide positive behavior interventions. These practices are designed to support safe and encouraging learning environments.

We believe that we cannot “make” students learn or behave. But we can create environments to increase the likelihood of positive behaviors occurring.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students’ social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

OPS is committed to supporting students through behavior interventions and alternatives to exclusionary practices that require removal from the educational setting where the safety of the student and/or others is not of immediate concern.

MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports, and in our schools, this includes:

Social Emotional Learning (SEL)

In addition to MTSS-B, OPS continues to support Social Emotional Learning (SEL) development through curriculum, strategies, and resources. SEL is defined by the Collaborative of Academic Social Emotional Learning (CASEL) as the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

Within the Omaha Public Schools, our goal is to focus on CASEL's five SEL competencies:

- Self-Awareness
- Self-Management
- Social Awareness
- Relationship Skills
- Responsible Decision-Making

SEL promotes knowledge, skills, and attitudes that support lifelong success and advance educational equity and excellence.

How do MTSS-B and SEL Align in all Omaha Public Schools and Programs?

MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

If you would like more information about how MTSS-B and SEL are implemented in your school, contact the building principal.

Omaha Public Schools
STUDENT CODE OF CONDUCT

The Board of Education believes school is an appropriate setting for all children and youth. The **Student Code of Conduct** is designed to support this concept by developing, through reasonable and consistent practices, appropriate student behavior patterns. Those behaviors and disciplinary actions set forth in the **Code** are designed to serve as learning experiences for students.

The **Student Code of Conduct** includes those behaviors having disciplinary actions and/or intervention strategies that shall be carried out by the school building administrators. The **Code** applies to conduct on school grounds, in remote learning environments, on OPS owned computers and digital devices, in a vehicle owned, leased or contracted by a school or the district being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or designee or at a school-sponsored activity or athletic event.

Compliance with the **Student Code of Conduct** is expected of all students. This **Student Code of Conduct** applies to all students attending the Omaha Public Schools. School administrators will consider student age and grade level among other factors when assigning disciplinary actions.

Early Childhood Education Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Early Childhood Practices

One of the purposes of early childhood education is to assist students in developing appropriate social-emotional skills. For many students, this may be their first experience in a structured setting and they may need greater support in meeting social-emotional expectations. What may be perceived as inappropriate behavioral choices may be a deficit in executive functioning and self-regulation or could be due to toxic stress or an unmet need, e.g., hunger, sleep, feelings of safety and security. Young children need to practice, be taught and then practice self-regulation to develop memory, attention and self-control in environments where adults scaffold the child's practice of these skills. Social skill development must be embedded throughout the daily routine and throughout the entire school year to ensure generalization. The focus is on developing appropriate skills rather than punishing for inappropriate behaviors. Suspension from school is not an appropriate behavior intervention for early childhood students. Please contact the Early Childhood Coordinator for additional resources.

Early Childhood student interventions aim to teach alternative behavior, so students can learn and demonstrate safe, respectful and responsible behavior. Staff members are encouraged to try a variety of teaching and classroom management strategies which may include, but are not limited to:

- Collaborate with the student's family to discuss student strengths and strategies that are successful in the home environment and develop a communication system between home and school.
- Create and maintain stable relationships among students and staff.
- Develop social connections through play.
- Establish routines and predictability using visual schedules.
- Consistently use visual supports and modeling to teach social skills.
- Teach students how to cope with stress and self-regulate when they are overwhelmed.
- Teach students the appropriate language to meet their needs.
- Use positive language in a calm tone when redirecting students so they know what is expected, e.g., "please walk" rather than "don't run."
- Consistently reinforce the positive behaviors of the student, which will reduce the negative behaviors displayed.
- Consider sensory needs and strategies, e.g., fidget toys, alternative seating, options for quiet areas in the classroom, etc.
- Implement reinforcement systems for individual students or for the entire class.
- Collaborate with early childhood support staff, including Special Education, regarding strategies.
- Consult the building school psychologist for additional support.
- Schedule a SAT/IEP meeting to address concerns and strategies.
- Contact Kid Squad for classroom support and/or family support.
- Consider the MANDT Crisis Cycle for additional student support.
- Develop a behavior plan.

Behavior Violations and Response Levels

The **Student Code of Conduct** is organized around descriptions of “levels” of behavior violations and “levels” of interventions and response. **Violations** are organized by categories ranging from classroom managed behaviors to more serious incidents that may require an administrative response. Applying a **Leveled Intervention and Response** to behavior violations supports a teaching and learning approach to managing behavior in our schools. School Administration considers the least restrictive resolutions to managing behavior violations.

When determining a resolution for a behavior violation of the **Student Code of Conduct**, school administration will consider:

- the age and experience of the student;
- the student’s intent;
- the severity of the circumstances;
- the impact of disruption to the school environment (including behavior after the initial incident);
- the repeated nature of the situation (if applicable); and
- other mitigating factors

Interventions that may be applied to address behavior are indicated in a chart on the page after the violation descriptions on the following pages. Interventions indicated are **response guidelines**, and school administration may apply a more or less severe resolution depending on the situation. Please note those violations that may result in an expulsion from school.

<p>Level 1 interventions aim to teach alternate behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff are encouraged to try a variety of teaching and classroom management strategies.</p>	<p>Level 2 interventions often involve support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student’s skills, positive view of schooling, and positive experience at school so that misbehavior is less likely to continue or escalate.</p>
<p>Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for suspension, a plan of support (ex. Intervention Plan, Student Assistance Team, Community Resources) should be considered.</p>	<p>Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the mandatory reassignment or expulsion of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior.</p>

Behavior Responses Guidelines for Grades K-6

Suspension as a discipline resolution should be avoided whenever possible when working with students in Early Childhood programs and Kindergarten.

If an elementary student must be removed from the school environment, the following short-term suspension guidelines are recommended (per event):

- 1st and 2nd Grade: 2-day maximum
- 3rd and 4th Grade: 3-day maximum
- 5th and 6th Grade: 4-day maximum

There may be circumstances when it is necessary and appropriate to exceed these guidelines. Final decisions regarding length of suspension will be made by the Principal. For students in grades K-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.

The **Student Code of Conduct** is a resource for teaching expectations and rules, rationales, and possible consequence for violations. It is designed with four levels of violations and for levels of administrative responses.

**LEVEL
4
Interventions
& Responses**

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior. These interventions focus on maintaining the safety of the school community and correcting self-destructive and dangerous behavior.

Long-term suspension may be applied when it is feasible to reintegrate the student back into the school environment. Reassignment may be applied when chronic misbehaviors are present and school staff have documented efforts to intervene and support acceptable behavior. Expulsion may be applied when the student’s presence at school is deemed too dangerous or disruptive for staff to maintain a safe and positive climate.

Upon return to a traditional school setting after a reassignment or expulsion, the school staff will establish a plan of support, ie., an Intervention Plan, for the student’s ongoing success at school.

Interventions for Level 4 Violations may include, but not limited to:

- Interventions from all previous levels
- Parent(s)/guardian(s) notification
- Long-Term Suspension or Reassignment
- Expulsion
 - For student in grades K-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.
- Referral to IEP team (students with disabilities) for manifestation determination
- Alternative educational placement
 - High School (grades 9-12)
 - Middle School (grades 6-8)
- Communication with law enforcement (as needed)

Any use that is inconsistent with these objectives is prohibited.

Computers and all associated networks, communication facilities, data storage and transfer devices, printers, scanners, peripherals, and other associated equipment or facilities (referred to as “computing facilities”) are owned by the school district. The school district exercises exclusive control over this school property, and students should not expect privacy regarding their use of any computing facilities because school district property is subject to search and inspection at any time by school officials. This search and inspection includes but is not limited to electronic mail, Internet access, network access, file storage and transfer, and any personal computing, communication, and data storage devices used in conjunction with the computing facilities. If the device is participating on the district network, it will fall under the acceptable use policy as well as the BYOD (Bring Your Own Device) guidelines defined by BYOD schools. Students are responsible for any use of computing facilities made by or through their account, regardless of whether at school or at home. Students are responsible for content contained in computer files assigned to them.

Students using computing facilities to access the Internet, an international computer network, are able to access computers and people all over the world. Sites exist on the Internet that contain illegal, indecent, defamatory, inaccurate, or offensive material. The Omaha Public Schools does not condone students’ access to unsuitable materials, and it maintains software designed to restrict student access to such materials. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. All student Internet activities are subject to being monitored.

It is the primary responsibility of the parent(s)/guardian(s) to establish and convey the standards that their student should follow. In support of parent(s)/guardian(s) the Omaha Public Schools will enforce the minimum appropriate computer use standards set out below. If a student uses a computer or the Internet inappropriately, the student will be subject to the disciplinary actions previously stated.

Student Success Center (SSC)/ Positive Action Center (PAC)

SSC/PAC is an in-school suspension option, provided to students as an effort to keep students in school and to minimize absences. In the SSC/PAC room, the students work in a closed classroom environment which minimizes distractions while allowing them to focus on their needs both academically and socially. Components of the SSC/PAC include individual guidance and/or instruction on writing skills, study skills, social skills, and conflict resolution. The SSC/PAC encourages students to accept responsibility for their actions. The use of the SSC/PAC rooms may also be used as a preventative measure to help students make positive choices as it relates to behaviors.

Late School

Late School requires that the student spend a block of time after school as determined by the building principal. Transportation will be provided for eligible students.

Suspension, Long-Term

Exclusion from school for a period of time exceeding five (5) school days but less than twenty (20) school days

Suspension, Short-Term

Exclusion from school for a period of time up to five (5) school days

BEHAVIOR RULES FOR CONDUCT OCCURRING OFF SCHOOL GROUNDS – Policy No. 5103

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one's actions. Our intent is to support all students in their decision-making and their development into responsible adult citizens while serving as a deterrent to certain unacceptable or unlawful behaviors. This policy applies to conduct which occurs in places that are not otherwise covered by the code of conduct.

Disciplinary Action

Any student engaging in 1) behaviors off school grounds that would otherwise violate the **Student Code of Conduct**; or 2) student speech off school ground that causes substantial disruption to the school environment, may be subject to:

1. Emergency exclusion if the student's conduct presents a clear threat to the physical safety of

self, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education;

2. Short-term suspension by the principal for up to five (5) school days as provided in Policy 5105;
3. Participation in and successful completion of a district substance use screening by a qualified community provider or community counselor at the discretion of District or school administration; and/or
4. Suspension or exclusion from extracurricular and/or co-curricular activities in accordance with the provisions of Policy 5104.

Appeal Process

Nebraska statutory provisions regarding short term suspension and emergency exclusion shall apply to each of the disciplinary measures respectively as set forth in Policy 5101.

BEHAVIOR RULES FOR PARTICIPANTS IN EXTRACURRICULAR ACTIVITIES – Policy No. 5104

Students who participate in extracurricular activities, including but not limited to NSAA activities as set forth in Policy 5102, are deemed to be held to a higher standard when it comes to representing their respective schools – both on- and off-campus. Extracurricular activities means student activities or organizations which are supervised or administered by the District or a District staff member which do not count towards graduation or grade advancement and in which participation is not otherwise required by the school. It is therefore critical for those students to always be mindful of their behavior, and how it reflects on their schools and the District.

In addition to any other discipline imposed for violations of the **Student Code of Conduct** or for violations of Policy 5103, any student participating in any extracurricular activity at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described in the following:

First Offense: 15 Calendar Days

Second Offense: 90 Calendar Days

Third Offense: 180 Calendar Days

The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor of the extracurricular activity may impose other sanctions as permitted and described pursuant to the "Rules Regarding Other Conduct" in the **Student Code of Conduct**.

Rules Regarding Other Conduct

Individual coaches, activity sponsors, or staff responsible for an extracurricular activity, may impose participation restrictions or eligibility restrictions for participation in extracurricular activities on students for behavior other than those set forth in the **Student Code of Conduct** or in Policy 5103 provided:

1. Before the student participates in an extracurricular activity, that student and the student's parent(s)/guardian(s) have been advised of the participation and eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.
2. Participation and/or ineligibility restrictions are imposed only after the coach, activity sponsor or responsible staff has:
3. Investigated the alleged misbehavior;
4. Given the student written or oral notice of the charges against the student;
5. Explained the evidence against the student; and
6. Given the student a chance to tell the student's version of what happened.
7. The coach, activity sponsor or responsible staff has decided the student, in fact violated the participation and/or eligibility rules.
8. The student has the right to appeal the individual coach's, activity sponsor's or responsible staff's decision, as specified above, to the school principal. The determination of the principal under such circumstances shall be final.

BEHAVIOR EXPECTATIONS FOR STUDENTS IN REMOTE LEARNING ENVIRONMENTS

In addition to in-person classroom lessons, students enrolled in the Omaha Public Schools may also receive instruction at home through remote teaching and learning experiences. Guidelines and expectations of the **Student Code of Conduct** remain in effect for students in remote learning environments.

Additionally, students receiving digital curriculum and instruction online should be aware of appropriate use of computers, digital devices, and the network. Any activity, which violates local, state, or federal laws, is considered a violation of the **Student Code of Conduct**, will result in disciplinary action, and may be referred to law enforcement.

It is expected that students adhere to the following **Behavior Guidelines for Remote Learning**:

- Appropriate clothing for the learning environment
- Student emails should only be sent for class/course purposes
- Do not cut, copy, or plagiarize internet content or the work of others
- Use care with food and drinks while using a district device
- Use appropriate language for the learning environment
- Never post or repost sensitive information or inappropriate images

- Students should never create or knowingly send computer viruses
- Handle district devices with care

Individual schools may have additional expectations for their school learning environment. See your school's information pages in your school's *Student and Family Handbook*.

It is required that students adhere to **Online Safety Practices for Remote Learning**:

- Passwords are private information and should only be shared with parent(s)/guardian(s)
- Students should never use other's passwords

- Students should not share pictures of themselves for any reason other than a learning assignment
- Seek support from school staff if having trouble with a district device, network, or online program

BEHAVIOR EXPECTATIONS FOR STUDENTS RECEIVING DISTRICT-PROVIDED TRANSPORTATION

The school bus is considered an extension of the school. Any behavior violation committed by a student on a district-owned, leased or contracted bus being used for a school purpose shall have the same level of Intervention and Response in the same manner as if the violation had been committed at the student's assigned school; this will include any referral or activity on the bus which is considered unsafe and/or refusal to follow directions of the driver, OPS staff or aide. **The Student Code of Conduct** will be applied to referrals for behaviors on the bus.

In addition, it is expected that students adhere to the following **Safety Guidelines for Transportation**:

- The driver is in full charge of the bus and students. Please show respect and follow directions of the driver and/or staff.
- Only assigned students are eligible to ride their assigned bus.
- Wait until the driver instructs you to get on or off the bus.
- Board the bus in an orderly manner.
- Sit facing forward, keeping the aisle clear.
- If students are required to wear safety restraints, the bus will not move until the restraints are properly fastened.

If required, students who refuse to wear safety restraints, may be subject to Intervention and Response, including removal from the bus.

- Remain seated until the driver directs you to unload.
- Do not extend your arms or head outside the bus window.

- Do not throw any items out of the bus window.
- Keep your voices at a quiet level, so to not distract the bus driver.
- Eating, drinking and smoking are not permitted on school buses.
- The school district is not responsible for items left on the bus.
- Be on time to your bus.

Violation of **Safety Guidelines for Transportation** may result in any of the following resolutions:

- Structured entry on the bus
- Bus safety training review
- Assigned seating while on the bus
- Student conference with administration
- Parent(s)/guardian(s) conference with student and administration
- Temporary removal from the bus (1-5 days)*
- For continued bus misconduct, a student may be suspended from the bus for 6-19 days*

*If a student is temporarily removed from the bus, it is the responsibility of the parent(s)/guardian(s) to transport the student to and from school.

Repeated violation of **Safety Guidelines for Transportation** may result in the loss of the bus transportation privilege.

BOOK BAGS

Middle and High School

Students may carry book bags, backpacks, and similar items to transport books, supplies, and other belongings. Bags are subject to inspection, and the student is

responsible for all contents. All lockers and their contents are subject to random searches by school staff without prior notification to students. Please see Policy 5406 regarding student searches for additional information.

DRESS AND PERSONAL APPEARANCE

Your personal appearance is basically a concern of you and your parent(s)/guardian(s). However, a student's appearance should promote positive opportunities for learning and not disrupt the school environment. The following guidelines shall apply to all regular school activities:

1. Students must be fully clothed, with a covered torso and shoes.

2. Pictures of words promoting alcohol, drug use, weapons, or words or images that insult or demean others are not acceptable at school.
3. Any exception to these guidelines, such as for Spirit Days, special events and/or extracurricular activities, must be approved by the school administration.

MAKE-UP WORK DURING SUSPENSION

Students will be given an opportunity and must assume responsibility for making up work, including tests, missed during suspension. Completion of make-up work is equal to the time the student has been suspended from school

but is not to exceed ten (10) days. Credit will be awarded for acceptable makeup work. See OPS Policy No. 5207 for more information on make-up work.

MISCONDUCT BETWEEN SEMESTERS OR BETWEEN SCHOOL YEARS

If misconduct otherwise covered by the **Student Code of Conduct** occurs between semesters or between school years, the penalties provided for in the **Student Code of Conduct** shall be enforced during the next semester. The registration for and completion of a district substance abuse assessment may take place prior to the beginning of the next semester if either a hearing on the misconduct is waived or any hearing requested

is completed sufficiently in advance of the beginning of the next semester to permit successful completion of the assessment. If the assessment is not successfully completed prior to the beginning of the next semester, the penalties otherwise provided for in the **Student Code of Conduct** shall be enforced on the student during the next semester.

NO TRESPASSING/BAN AND BAR WARNING AND RESTRICTION

Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban or bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school as outlined below:

1. Presents a risk to the safety of others resulting in the likelihood of violence, i.e., specific threats, posturing, or actions
2. Presents a disruption to the learning environment adversely affecting students/staff (i.e., yelling or destroying property)

3. Repeated failures to follow school policy/procedures (i.e., refuses direction from school administrators or check-in process)
4. Does not have legitimate purpose to be on school grounds or activities (i.e., loitering or wandering inside building)

An individual in receipt of a "No Trespass or Ban/Bar Restriction" may not come onto the grounds of an issuing school. All restrictions are applicable from date of issuance through the subsequent summer and are made void, unless otherwise specified, each August. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to Student and Community Services.

PERSONAL CELL PHONE/PORTABLE DEVICE GUIDELINES FOR STUDENTS

The purpose of these guidelines is to provide a district-wide procedure regarding the use of cell phones and other Personal Electronic Devices (PEDs) by students and the consequences for noncompliance with the procedure to ensure that the use of cell phones and PEDs does not interfere with teaching and learning during the school day.

GUIDELINES

High schools and Middle schools have building expectations for cell phone use that are to be followed

by all students. Students may be permitted to use cell phone and PEDs only when directed by school staff as acceptable for classroom instruction. Elementary school students shall leave cell phones powered off in their backpacks or lockers and may only use them before or after school and/or at the approval of their building administration.

The use of cell phones and PEDs should not interfere with teaching and learning during the school day. The

school assumes no liability for theft, loss, or damage of cell phones and/or other PEDs possessed by students on school property or held by school officials during the confiscation period.

DEFINITIONS

1. "Cell phone" includes, and is not limited to, iPhones, "smart" phones, Internet enabled phones and other PEDs that are capable of placing and/or receiving telephone calls (including personal listening device such as earphones, ear buds, "Bluetooth", etc.), text messages, creating and distributing videos, taking photographs, and the like.

4. "School Hours" means the time a student enters the school bus or school property until the end of the school's designated "school day." "School Day" means the regular school day with a designated starting time and ending time as defined by the local school building.
5. "School property" includes parking lots, school buses, and outside or inside all areas of the school building.
6. "Turned off" or "powered off" means the device is not activated. Devices in quiet vibrate or other modes, except off, are not considered turned off or powered off.
7. "Use" includes carrying or possessing a cell phone or PED that is either visible or can be heard, with or without a personal listening device such as earphones, ear buds, "Bluetooth", etc. A cell phone set on "vibrate" or "manner mode" shall be considered to be in use. A cell phone or PED that emits an audible signal, vibrates, displays a message or otherwise summons the possessor shall be deemed "in use." - Passing periods (high school students only).
- At evening or weekend activities on school property.
- An emergency situation with the permission of the teacher, instructor, coach, program director, or administrator.

Prohibited Use of Cell Phones and PEDs:

- The use of cell phones and PEDs at any time other than those specified.
- The sharing or electronic posting of images taken or stored on cell phones or PEDs during school hours and/or on school property.

If guidelines for use are not followed, then the Personal Electronic Device (PEDs) and/or cell phone may be confiscated:

When a PED and/or cell phone is confiscated the device should be turned over to the designated staff member. The individual who confiscated the item shall take reasonable measures to secure the item until such time the PED and/or cell phone is given to the building administration by the end of the day. Once the device is turned over to the designated staff member, the staff member shall take appropriate action to store the device in a secured location within the school building. Return of the device will occur according to building policy, which may include communication with the parent(s)/guardian(s) and possible disciplinary action.

Students who refuse to comply with a request to turn over their cell phone and/or PED shall be subject to discipline for insubordination and such other disciplinary action consistent with the **Student Code of Conduct**.

SCHOOL EXCLUSION AND DUE PROCESS RIGHTS

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against the student, and provided an opportunity for the student to present the student's version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension, expulsion, or reassignment. It is the principal's responsibility to determine the type of exclusion and/or action recommended. A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion, or expulsion.

The administrator will take action based upon first-hand information. This may include contact with witnesses to the student's prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student's version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of the decision.

In cases of recommendations for long-term suspension, reassignment, exclusion or expulsion, the student may,

upon request, have a hearing on the specific charges. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go in effect. See OPS Policy No. 5101 for more information on student discipline and exclusion of students from school.

Rights for the Student Receiving Special Education Services

If a student receiving special education services violates a provision of the **Student Code of Conduct** resulting in a recommendation for expulsion, mandatory reassignment, or a long-term suspension in excess of five consecutive days, an IEP Manifestation Determination (Due Process) meeting shall be convened within three working days of the recommendation. The IEP team shall determine if the conduct in question was caused by, or had a direct and substantial relationship to the student's disability and will also determine if the conduct in question was a direct result of the school district's failure to implement the IEP. If a student or parent(s)/guardian(s) wishes to appeal the outcome of the IEP Manifestation Determination an appeal could be placed through the Special Education Department with the Director of Special Education.

SCHOOL RESOURCE OFFICERS (SRO)

School Resource Officers (SROs) are hired and trained to support the safety efforts of the Omaha Public Schools. They serve in designated schools and work alongside school administration. SROs and/or police officers are responsible for responding to criminal law matters where it is mandated by law that such offenses be referred to the criminal justice system. Absent an immediate threat of imminent physical harm and/or criminal law matters, school discipline issues are addressed by school administration.

SROs and/or police officers who witness school discipline issues shall contact school administration to address the matter. SROs should act as any school adult in redirecting minor misbehavior and may choose to de-escalate a situation using conflict resolution techniques and leverage existing positive relationships with those involved. Incidents must be referred to school personnel to determine appropriate response for violations of the **Student Code of Conduct**.

STUDENT SEARCHES – Policy No. 5406 SEARCH AND SEIZURE

Drug Searches by Police/ Sheriff Canine Units

The District retains the right to utilize the services of Omaha Area Law Enforcement Authorities Canine Units in the detection of illegal drugs and/or contraband at any time, announced or unannounced at the District's schools and programs.

- A. The Superintendent or designee (in consultation with the Office of School Safety) may request the canine unit be utilized to search all inside areas of a school building, including lockers, at a time when students are or are not present. If a search takes place in a classroom when students are present, all will exit the room, leaving all items behind.
- B. A building principal (in consultation with the Office of School Safety) may request that a canine unit be utilized to search vehicles in a school parking lot or in other areas where student vehicles are

parked during or after school hours. If a dog alerts to a student's vehicle, the student will be required to unlock the vehicle doors and trunk for internal inspection. Any refusal to unlock the vehicle will be handled by law enforcement.

- C. Any illegal drugs and/or contraband found on school grounds, whether in a student locker, vehicle, or any other place on school grounds, will be confiscated and the student may be subject to disciplinary action specified in the **Student Code of Conduct**.
- D. The student's parent(s)/guardian(s) shall be notified should illegal drugs and/or contraband be discovered.
- E. This policy shall be included in the student handbooks. This policy shall not be implemented until parent(s)/guardian(s) and students are provided written notice of this policy.

Searches of School Lockers, Student Automobiles, and Students' Persons

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over this school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks, lockers, and district owned electronics issued by the school.

Vehicles parked on school property are subject to search by the principal or the principal's designee if the principal

or his or her designee has reasonable cause to believe that contraband is in or on the vehicle.

Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the **Student Code of Conduct**. This includes all student pockets, purses, backpacks, and other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement may be called.

SECRET ORGANIZATIONS

Under state law, it is "unlawful for the pupils of any public secondary school to participate in or be members of any secret organization." The Board of Education is

empowered to deny to any student who violates the law any or all privileges of the school, or it may expel such student for failure to comply with the law.

The designated school official shall also provide notice to the parent/guardian prior to the referral to the county attorney being made.

A referral cannot be made to the county attorney's office until a student has accumulated TWENTY cumulative days of unexcused absences (as set forth in Paragraph D. below), or its hourly equivalent; however, the school may involve the county attorney at any point in the process of addressing the student's absences. The designated school official will provide notice to the parent/guardian when a referral is made to the county attorney.

The School Attendance Team will be responsible for implementing and monitoring the process set forth in this paragraph B. above.

Student Attendance: STRIVE FOR 95

Attending school on time and every day is a critical and necessary factor for student success. Showing up for school and being ready to learn impacts a student’s academic success and their connectedness to school starting in kindergarten and continuing through high school.

STRIVE FOR 95 focuses on students missing no more than 9 days throughout the year. Students are expected to arrive on time and be engaged in learning throughout the academic day.

Attendance matters. Students who maintain the STRIVE FOR 95 goal are more likely to be on or above grade level academically, be socially and emotionally connected to the school and staff, and remain on track to high school graduation.

Ensuring students arrive on time and attend school throughout the day is everyone’s responsibility.

In addition to in-person learning, students enrolled in the Omaha Public Schools may also receive instruction at home through remote learning. Guidelines and expectations of the Omaha Public Schools Attendance Policy 5008 remain in effect for students in remote learning environments or programs.

Student Responsibilities

- Establish bed time and morning routines
- Understand the importance of STRIVE FOR 95 and why attendance matters
- Arrive on time
- Attend school the entire day
- Miss less than 9 days of school throughout the year

Parent/Guardian Responsibilities

- Establish bed time and morning routines
- Ensure your child(ren) arrive to school on time
- Encourage and acknowledge the importance of STRIVE FOR 95
- Schedule any medical or other appointments after school or on non-school days
- Report any absences to the school attendance secretary

Teacher Responsibilities

- Create a positive classroom culture of why attendance matters
- Encourage and acknowledge the importance of STRIVE FOR 95
- Set and monitor progress attendance goals with students

- Collaborate with school staff to address attendance concerns
- Celebrate students who are meeting attendance goals

Administrative and Support Staff Responsibilities:

- Create a positive school culture of why attendance matters

- Encourage and acknowledge the importance of STRIVE FOR 95
- Set and monitor progress attendance goals with staff, students and parent(s)/guardian(s)
- Collaborate with school staff and families to address attendance concerns
- Celebrate students who are meeting attendance goals

Secondary School Attendance Practices (Middle and High School guidance)

Student attendance in school is the key to learning. The goal is for each student to be in class every day, on time and for the entire day. The responsibility for attendance is shared by the student, the parent(s)/guardian(s), the teacher, and other school staff. Although each person's performance affects reaching the goal and STRIVING FOR 95, everyone will be responsible for the student's actions and consequences for their actions will follow.

Students:

Secondary students have the primary responsibility to be at school on time, every day, for the entirety of the day, and to report on time to their scheduled class each period. All absences are instructional minutes missed, with the exception of a school sponsored activity, shall count as an absence from school. Work covered in each class period is important, and any time missed affects student performance.

Students who are absent more than ten days in a semester may have difficulty completing the required work at a passing level.

Students have the responsibility to make arrangements for makeup instruction and complete all work missed due to absences. Teachers should follow the Omaha Public Schools common grading practices.

Promptness to class is also very important. Practices dealing with tardiness must be in place at the classroom as well as the school level and be clearly communicated to all students.

Parent(s)/Guardian(s):

Parent(s)/guardian(s) have the responsibility to emphasize the importance of school attendance and see that the student is in school on time and through its entirety every day. STRIVE FOR 95 is a collaborative

effort and with parent/guardian support we can reach this goal. Parent(s)/guardian(s) shall call the school if a student is absent and shall provide appropriate written notice including doctor's notes if applicable. Parent(s)/guardian(s) have the responsibility to encourage their students to make up work. Parent(s)/guardian(s) should attend parent-teacher conferences and contact the teacher, principal or other school official if they have questions. Parent(s)/guardian(s) involvement in or attendance at school events and activities supports the importance of school and also creates better understanding and communication.

Teachers:

Teachers will provide the classroom climate, instruction and acceptance of all students that promote learning and good attendance. Clear expectations for student performance and activities that are essential parts of instruction must occur at the very beginning of each class as well as throughout the class period. Teachers are responsible for assisting students in completing makeup work following the student's absence.

Administrative and Support Staff:

Principals, Assistant Principals, Counselors, and other support staff will demonstrate a firm but caring demeanor that communicates high expectations and concern for the individual and attendance. Parent(s)/guardian(s) will be informed of cumulative absences at regular intervals.

Students who are absent must be given the support, encouragement and instructional help they need to master the appropriate learning outcomes. Although any absence may lower a student's academic achievement, the goal shall be to support the student in learning with the overall goal to be mastery of learning outcomes.

STUDENT SIGNATURE OF RECEIPT OF SCHOOL RULES

The signature on the Receipt of Student Handbook verifies that a copy of the Student Handbook, which contains the **Student Code of Conduct** and other school rules, was received. The signature shows agreement to the accepted responsibility to know the contents of the

handbook, to understand the rules for students contained in it, and that the rules will be followed. In elementary schools, the signature is received by the parent(s)/guardian(s) of the student. In secondary schools, the student signs the Receipt of Student Handbook.

NEXT LEVEL LEARNING (Summer School) AND DUE PROCESS

Students attending school classes during non-traditional times, such as spring and summer sessions, are also held to the requirements of the **Student Code of Conduct**. However, disciplinary consequences may be limited to short-term suspension, long-term suspension

and Expulsion from Next Level Learning instructional programs. Students have the right to a hearing if more than five days of the session are missed due to a disciplinary action.

SURVEILLANCE CAMERAS – STUDENTS

Surveillance cameras are located on all school buses and in various public spaces in school buildings. These cameras are present to assist school officials in providing a safe learning environment for all students. Video from these cameras although otherwise confidential student records, may be reviewed in the presence of school officials by parent(s)/guardian(s) of students being disciplined as a result of misconduct recorded on tape. If an incident involves two or more students, then all parent(s)/guardian(s) must provide written consent to view the video. Written consent is not needed for students

who are seen in the video, but who are not involved in the incident. Video may be used as evidence in student hearings. See OPS Policy No. 3231 for more information on video surveillance.

Students should know that they have no expectation of privacy in those places where surveillance cameras are installed and that student hearing records become public records if a student in an appeal to the Ad Hoc Student Discipline Hearing Committee of the Board of Education requests a public hearing on the appeal or files a lawsuit challenging the decision of the Committee.

TOBACCO, ALCOHOL, DRUGS

The use of tobacco, drugs, alcohol, controlled substance, imitation controlled substance or abuse of non-controlled substance in the school is forbidden. The school district recognizes that student drug and alcohol abuse is a public health issue and not a school discipline, juvenile justice, or criminal issue. When students are suspected

of using or abusing drugs, school staff will collaborate with the parent(s)/guardian(s) to address the issue, and students may be referred to student assistance programs. Suspension is not considered intervention for drug use or abuse, but may be utilized in order to maintain a safe and drug free school environment.

UNAUTHORIZED VISIT TO OTHER CAMPUSES

A violation committed by a student on school grounds other than those of the school to which the student is assigned or at any school sponsored activity or athletic

event shall be punished in the same manner as if the offense had been committed at the student's assigned school.
