Multi-Tiered Systems of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Through this framework, OPS has committed to providing staff with tools and resources to positively engage students and families through implementation of school-wide positive behavior interventions. These practices are designed to support safe and encouraging learning environments.

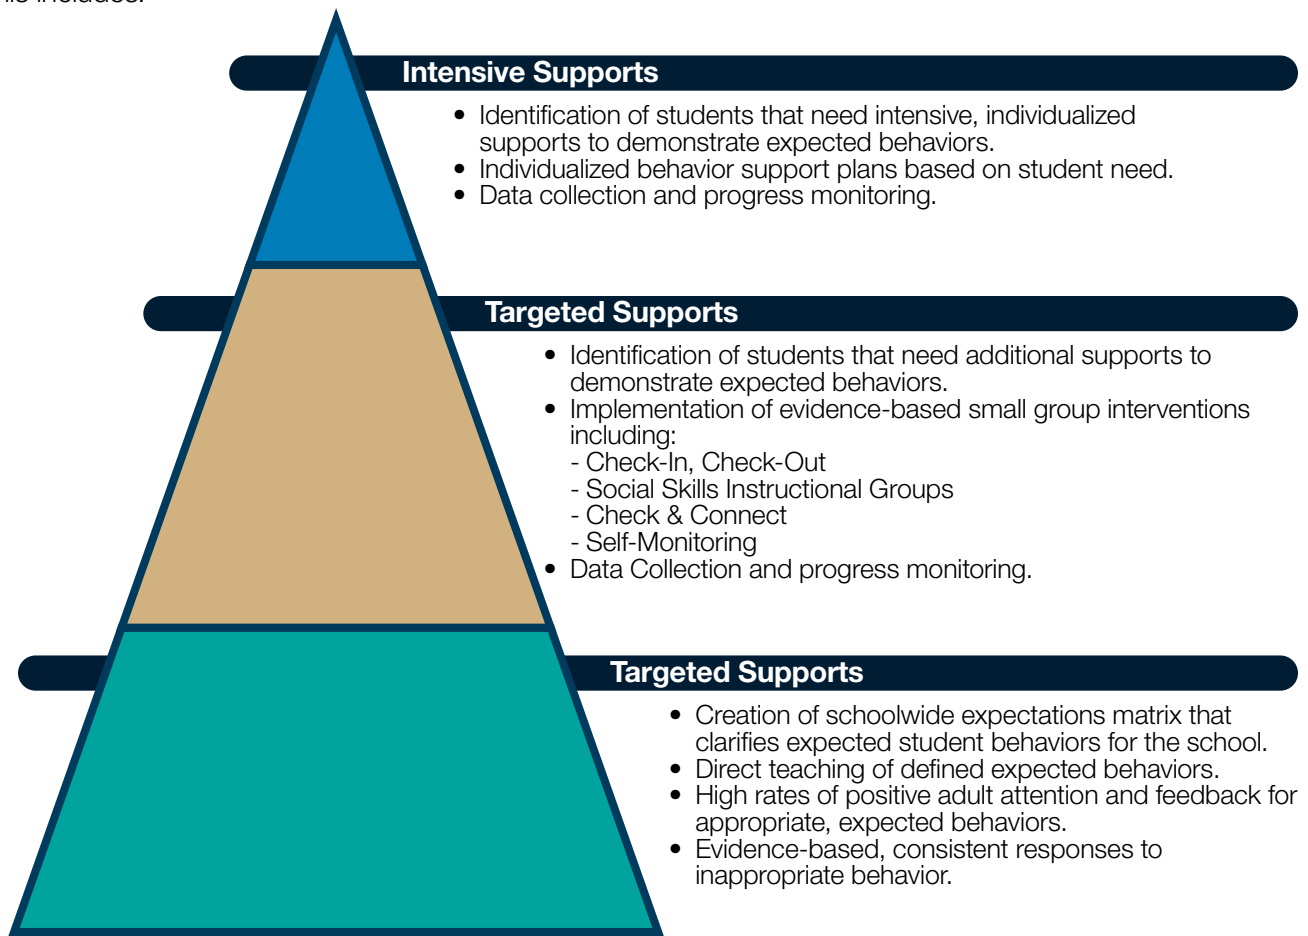

We believe that we cannot “make” students learn or behave. But we can create environments to increase the likelihood of positive behaviors occurring.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students’ social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

OPS is committed to supporting students through behavior interventions and alternatives to exclusionary practices that require removal from the educational setting where the safety of the student and/or others is not of immediate concern.

MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports, and in our schools, this includes:

Social Emotional Learning (SEL)

In addition to MTSS-B, OPS continues to support Social Emotional Learning (SEL) development through curriculum, strategies, and resources. SEL is defined by the Collaborative of Academic Social Emotional Learning (CASEL) as the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

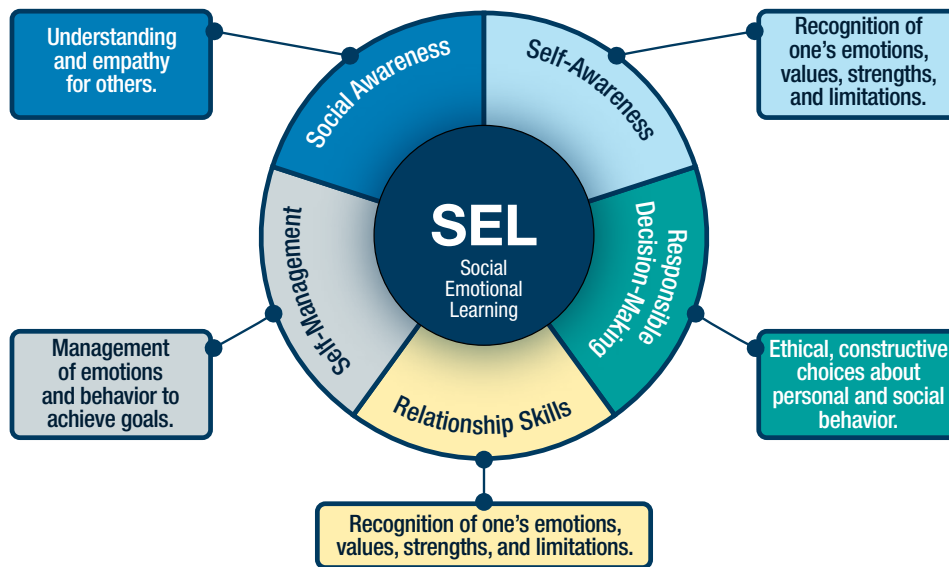

Within the Omaha Public Schools, our goal is to focus on CASEL's five SEL competencies:

- Self-Awareness
- Self-Management
- Social Awareness
- Relationship Skills
- Responsible Decision-Making

SEL promotes knowledge, skills, and attitudes that support lifelong success and advance educational equity and excellence.

How do MTSS-B and SEL Align in all Omaha Public Schools and Programs?

MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

If you would like more information about how MTSS-B and SEL are implemented in your school, contact the building principal.

Visitors

Visitors are always welcome at Fontenelle. Visitors who wish to confer with a teacher are required to arrange for an appointment at **a time outside of regular class hours.**

All visitors are asked to report to the office to sign in and pick up a visitors pass before going to the classroom. This is to ensure the safety of all children.

THERE WILL BE NO EXCEPTIONS TO THIS RULE.

Traffic Safety

As with all large schools, traffic congestion can be very frustrating at dismissal time. *Please use common sense and courtesy at all times to ensure the safety of our students and the cooperation of our school neighbors. Be patient! Be safe!*

The following traffic guidelines should be adhered to at Fontenelle:

1. Spaulding Street, between 52nd and 50th, is one way 8:00–9:00 a.m. and 3:30–4:30 p.m.
2. There is no parking or picking up of students in the back driveway, bus lane or on Spaulding Street.
3. There should be no parking or picking up of students in the Montessori parking lot. This is a private business and drive.
4. When waiting for students, please use the parking lot or pull over to the curb. Do not block other vehicles.
5. The staff parking lot behind the school (Off Spaulding Street) is reserved for daycare

Bell to Bell Instruction

Instruction begins at 8:50am and ends at 4:05pm. In order for our students to learn and achieve to their highest potential, we need them here. Please reserve late starts and early check-outs for dental or medical appointments and family emergencies only. Students who check in late or check out early will accrue minutes absent, which may add up to days absent from school. A medical note must be provided for absences to be excused. If a student is ill, a parent/guardian should contact the absence line and leave a message.

Telephone Use

Telephones in the office are for business purposes. **Students are not allowed to use the phone except in emergencies.** You may call the office and a message will be delivered to your child.

Dress Code

Good grooming and awareness of appearance help to develop personal pride and good feelings in children. Students should dress comfortably and appropriately for school and playground activities.

The following clothing is **not** appropriate for school and will not be allowed:

1. See-through/fishnet tops or athletic shirts.
2. Clothing with inappropriate slogans or pictures dealing with such things as tobacco, guns, alcohol, crime/criminals, sexual themes or profanity.
3. Midriff tops, tight, revealing tops, low-cut tank tops or short-shorts. (A good rule of thumb to follow if shorts are worn during warm weather: the hem of the shorts should be to the bottom of the student's fist, when arms are at his/her side.)
4. Any type of clothing which detracts from school purposes.
5. Any gang related clothing, or clothing that distracts others or may cause friction.
6. Bagging and sagging of pants will not be allowed. If the student does not have a belt, we will provide yarn or some other material to be used to keep pants at the waist.
7. Coats should not be worn in the classroom. We encourage all students to keep a sweatshirt at school due to changes in classroom temperatures.
8. Hats, hoods, headgear, do-rags, bandanas and other head ware.

Field Trips

Field trips may be scheduled at various times throughout the year. A permission slip will be sent home before each trip along with a letter explaining the details of the trip. A signed permission slip must be received from parents before a child is allowed on a field trip. Field trips are an important learning experience and we expect all students to benefit from these experiences. ***However, because we are concerned about the safety and welfare of all students on these excursions away from the school, we may exclude those students whose behavior is not consistently appropriate.***

iPad Expectations

- Student iPads are the property of Omaha Public Schools. Students are expected follow all district and school rules while in possession of any school device.

Cell Phone and Electronics

Students bringing cell phones and other electronics to school are **required to turn them into teachers in the morning**. They will then be returned to students at dismissal.

Class Parties

Class parties are held at Halloween and Valentine's Day.

Treats will be furnished according to the health regulations established by the school district. *No homemade treats may be served at class parties or for other special activities.*

Cafeteria

Wholesome meals are served daily for breakfast and lunch in our school cafeteria. Parents may complete an application for free or reduced meals. A child's status is determined by federal guidelines.

We expect our lunchroom atmosphere to be pleasant and a relaxing time for children. Children are permitted to visit quietly as they eat. We expect the same courtesy and respect shown to all school personnel who assist in the cafeteria that we expect children to show to their teachers and parents.

No food or drink which are sold in competition to the federally sponsored food program are allowed in the cafeteria during breakfast or lunch. This includes such items as Burger King, Taco Bell or cans of pop. We ask your cooperation in not sending these items to school with your child.

If your child has a food allergy or must avoid certain foods for religious reasons, please make us aware of it in a written note. Alternatives may be provided when possible.

Academics, Curriculum, & Instruction

Academic Integrity Position Statement

Academic integrity is a fundamental component of teaching and learning. Maintaining high standards of academic integrity ensures the sustainability of the OPS educational process. Therefore, students are expected to commit to and be responsible for demonstrating the five fundamental components, even in the face of adversity:

- | | |
|--------------|--------------------|
| 1 - Honesty | 4 - Respect |
| 2 - Trust | 5 - Responsibility |
| 3 - Fairness | |

The following activities show a lack of academic integrity: cheating, collusion, falsifying records, lying, plagiarism

(including electronic), alteration of materials, forgery, or providing or using external assistance relating to an examination, test, quiz, or daily assignment, without the expressed permission of the teacher, including looking at another student's work, sharing answers, or copying another student's work or any act designed to give unfair academic advantage to the student. As an institution of high academic integrity and as believers of supporting students to reach high academic success, every opportunity should be taken to give students the chance to demonstrate mastery of the content.

Grading Overview

Grades for students enrolled in the Omaha Public Schools (OPS) are based on achievement of district-wide/State content standards, which specify what students should know and be able to do. Standards are the same across schools and classrooms for the same

courses in the Omaha Public Schools. These common grading practices are intended to ensure students have the knowledge and skills necessary for the next level of a course, the next grade or readiness for college or the workforce.

Grading Purpose and Intended Use

Common grading practices provide specific, clear learning goals for students, parent(s)/guardian(s), teachers and administrators regarding what a student must know and be able to do to master the content of a course. They allow teachers to be consistent with common best

practices from grading based on educational research. Most importantly, common grading practices provide clarity for students and families as to what the grading criteria and expectations are between and amongst teachers, courses, and schools in OPS.

Grading Scale

Omaha Public Schools Grading Scale

A	B	C	D	F
4.00 – 3.26	3.25 – 2.51	2.50 – 1.76	1.75 – 1.01	1.00 – 0.00

Coursework Types

Coursework may be expected to be completed during class time or outside of school.

- **Practice** (0%) assignments are brief. They are done to learn a new skill or to gain initial content knowledge, (e.g., student responses on white boards, a valid sampling of math problems, keyboarding exercises, diagramming sentences, checking and recording resting heart rate). Practice assignments are not generally graded for accuracy (descriptive feedback will be provided in class) and are not a part of the grade. Practice work is at the student's instructional level.
- **Formative** (35%) assessments/assignments are done for learning. They are minor assignments, (e.g., a three paragraph essay, written responses to guiding questions over an assigned reading, completion of a comparison/contrast matrix). Formative assignments are graded for accuracy and descriptive feedback is provided. Descriptive feedback provides the student with the necessary information to improve their learning. Formative work is at the student's instructional level and/or grade level standards. It is suggested to have three to five formative assessments for every one summative assessment. Formative assessments may be assigned to be completed at home or at school. Formative assessments may be assigned to be completed at home or at school.
- **Summative** (65%) assessments/assignments are major end of learning unit tests or projects, (e.g., a research paper, an oral report with a power point, science fair project). Summative assignments are graded for accuracy. Summative assignments assess the student's progress on grade level standards. Summative assessments may be assigned to be completed at home or at school.

Progress Reports

Student progress reports are distributed at the middle of each grading period. Progress reports are designed to let parent(s)/guardian(s) know how their child is performing academically. These grades (marks) are not final and do

not appear on student transcripts. As always, parent(s)/guardian(s) can make an appointment with teachers or school counselors in the event that additional supports are needed to improve the student's progress.

Report Cards

Student report cards are distributed at the end of each grading period. Report Cards are designed to inform parent(s)/guardian(s) of the student's level of proficiency

in each course. Grades at the end of the semester will appear on the student's transcript.

Grade Reporting Timeline

- September – First Quarter Progress Report
- October – First Quarter Grade Report (some courses may post to transcript)
- November – Second Quarter Progress Report
- December – Second Quarter Grade Report (posted to transcripts)
- February – Third Quarter Progress Report
- March – Third Quarter Grade Report
- April – Fourth Quarter Progress Report
- May – Fourth Quarter Grade Report (posted to transcripts)

Grade Point Average

Grade Point Average (GPA) is computed by dividing total grade points earned by credits attempted. GPA takes into account the grade earned, amount of credit earned, and

the weight (based upon credit) of the course. All graded courses are included in this computation. Grade points are assigned as follows.

Academic Courses		Honors & A.P. Courses	
Letter Grade	Grade Points	Letter Grade	Grade Points
A(-)	4.0	A(-)	5.0
B(-)	3.0	B(-)	4.0
C	2.0	C	3.0
D	1.0	D	2.0
F	0	F	0

Note: One-half credit courses receive half the number of grade points.

Accident Insurance

At the beginning of each school year, all students are given the opportunity to purchase group accident insurance through a private company. The fee is small for the coverage provided. Parents or guardians may choose the 24-hour plan or a more limited school plan that only covers students during school attendance, school activities, school sponsored events and all athletic

participation except football. Football insurance coverage will need to be purchased in addition to the above coverage if the student needs insurance for football participation. Schools do not carry insurance on students, their vehicles, or their personal property. For more information please contact Student Information Services at 531-299-0237.

Accreditation

Accreditation is a required process by which schools examine all systems and educational functions to certify competency and authority in the operation of Nebraska public schools. In conjunction with the Nebraska Department of Education and an outside accreditation agency like Cognia, every five years OPS is externally

reviewed. This ensures that all people, processes, departments and operations of each school meet all accreditation standards. All of the Omaha Public High Schools are accredited through 2025 by Cognia and the State Department of Education.

Advertising and Promotion in the Schools – Policy No. 1060

- devoted to any educational program.
2. Schools may use films or other educational materials bearing mention of the producing firm or sponsor, providing such materials can be justified on the basis of their actual educational value.
 3. Persons or organization seeking to distribute flyers of announcements concerning non-school events to a class or school must receive prior specific approval from the Office of District Communications. Flyers or announcements approved by the Office of District Communications shall be distributed through the online Community Opportunities. The District may control the content of advertising as allowed by law. Advertisement on District property or at District events may not include information or materials that:

The Superintendent, or the Superintendent's designee shall have final discretion to allow any such advertising, approval of the content of such advertising and determine the price of such advertising.

For more information please contact District Communication at 531-299-0221.

Appeals and Concerns

The Omaha Public School District has a variety of procedures and policies that ensure that students and other stakeholders may request a review, file a formal complaint, and/or appeal decisions made by school administration. Stakeholders are encouraged to initially contact the School

Principal or Program Director with concerns. In situations where there has not been resolution, or the stakeholder would like additional advocacy, they may contact the Office of Family and Community Relations for additional support.

Access to Student Records

A student or the student's parent/guardian may review the educational records of the student. Any request to review student records must be honored as soon as possible but at least within ten days of receipt of the request.

The District will not provide full access to or disclosure of

educational records to the student or the student's parent(s) or guardian(s) if educational records contain information regarding more than one student. In such cases, access will be provided only to information regarding the student who is or whose parent(s) or guardian(s) is requesting such access or disclosure.

Academic Appeals

Students and parent(s) or guardian(s) have the right to appeal academic and grading decisions. Students, parent(s) or guardian(s) should begin the appeal with the classroom teacher. If further discussion is necessary, the

Instructional Facilitator or Curriculum Specialist at the school should be included in the process. If the concern continues, the Assistant Principal or Principal should be contacted.

Athletic and Extracurricular Activity Appeals

Students and parent(s) or guardian(s) have the right to appeal athletic and extracurricular decisions. Students, parent(s) or guardian(s) should begin the appeal with the teacher, coach or activity supervisor. If further discussion

is necessary, the Assistant Principal or Athletic Director at the school should be included in the process. If the concern continues, the Principal should be contacted.

Behavior/Discipline Appeals

Any discipline intervention that removes a student from the learning environment is subject to an appeal at the request of the student or the student's parent(s) or guardian(s). It is recommended that a family begin the appeal process for all behavior resolutions with the school administration.

Discipline Appeals to the School Principal or Program Director:

The School Principal or Program Director has the decision-making authority for both in-school and short-term (including 1 to 5 school days) out-of-school suspension resolutions. Questions about these resolutions should be discussed with the school administrator or program director.

Student Success Center (SSC) is an in-school suspension option, provided to students as an effort to keep students in school and to minimize absences. In the SSC, the students work in a supervised classroom environment which minimizes distractions while allowing them to focus on their needs both academically and socially. The SSC resolution encourages students to accept responsibility for their actions. SSC may also be used as a preventative measure to help students make positive choices related to behaviors.

Discipline Appeals to the District Student Hearing Office:

A student discipline hearing may only be requested when the discipline recommendation is for a long-term suspension (lasting more than 5 school days), mandatory reassignment, emergency exclusion (lasting more than 5 school days), or expulsion.

- Long-term Suspension – Exclusion from school for a period of time exceeding five school days but less than 20 school days.
- Reassignment – Mandatory transfer to another school or program; a student may not return to the school from which was reassigned.
- Expulsion – Expulsion means a student may not attend any school in the district for the period of the expulsion. Expelled students may participate in a district-specified alternative school during the term of expulsion. A student may not return to the school from which expelled.

For additional questions, contact the Omaha Public Schools Student Hearing Office 531-299-9951.

Civil Rights and Discrimination Complaints/Appeals

Omaha Public Schools does not discriminate on the basis of race, color, national origin, religion, sex (including pregnancy), marital status, sexual orientation, disability, age, genetic information, gender identity, gender expression, citizenship status, veteran status, political affiliation or economic status in its programs, activities and employment and provides equal access to the Boy Scouts and other designated youth groups.

The following individual has been designated to accept and investigate complaints related to the non-discrimination policies: Superintendent of Schools, 3215 Cuming Street, Omaha, NE 68131 (531-299-0310).

The following individual has been designated to handle inquiries regarding the non-discrimination policies: Director of Equity and Diversity, 3215 Cuming St., Omaha, NE 68131, 531-299-0307, or equityanddiversity@ops.org.

Family and Community Relations

Our district has a process to address concerns from families and community members through the Family and Community Referral Process. The Ombudsperson and Family and Community Engagement Specialist(s) work alongside families, community members and school personnel to address and resolve concerns. The goal is to collaborate and support what is in the best interest of

the student. Stakeholders are encouraged to contact the school administration first to address concerns in advance of a formal Family and Community Referral. For more information, contact Family and Community Relations at 531-299-0314.

Attendance Best Practices

The single most important factor contributing to student achievement is school attendance. The Omaha Public Schools strongly believes that daily attendance is critical to academic success as well as social and emotional well-being. Students are expected to be in school regularly, on time and remain present the entire day. All OPS schools will follow the Attendance Policy found in the Buff pages of the **Student Code of Conduct**.

If a student is going to be absent –

Please contact the school before 7:30 a.m. (secondary) and 8:40 a.m. (elementary). Voicemail will be available to leave a message as to the reason for the student absence. If an absence is not reported, contact will be made to the parent(s)/guardian(s) provided phone numbers with notification of the student absence. This is to ensure

If a student is going to be late to school –

Students not present at the start of the school day are recorded as absent. Students must check in with the attendance office before reporting to class. A note or school contact from the parent/guardian reporting the

Request to leave school early –

Whenever possible, doctor, dentist, and other appointments should be made outside of school hours. However, if it is necessary to leave during the school day, the parent/guardian is asked to communicate with the office and/or the student is asked to bring a note from a parent/guardian stating the exact time for leaving and the

School Closing and Early Dismissal

The Omaha Public Schools recognizes the right and responsibility of parents/guardians to make a choice in the matter of school attendance in bad weather. If weather is questionable, please listen to the radio, watch your local weather channel, or check OPS social media for word of school closing. The district will also communicate with

families via voice and text messages and information will be posted on the district website and social media sites. If school closes during the day, the school will follow the instructions on your student's emergency card. If this information changes, please notify the office immediately.

Child Abuse and Neglect

OPS Child Abuse Reporting Policy (Policy 5402) is based on Nebraska State Law (28-711). Every person who is employed by Omaha Public Schools is considered a mandatory reporter. In any situation that would cause a concern to the health or well-being of a child, the staff member who became aware of or witnessed the incident is to contact Child Protective Services (CPS) or Law Enforcement. In addition to calling CPS, the employee needs to speak with his/her building principal or their immediate supervisor. The building principal or immediate supervisor will contact Human Resources if the incident is regarding a staff member causing harm to a student.

When any physician, medical institution, nurse, school employee, social worker, or other person has reasonable cause to believe that a child has been subjected to abuse or neglect or observes such child being subjected to conditions or circumstances which reasonably would

result in abuse or neglect, he or she shall report such incident or cause a report to be made to the proper law enforcement agency or to the department on the toll-free number 1-800-652-1999.

Any person who willfully fails to make any report of child abuse or neglect required by section 28-711 shall be guilty of a Class III misdemeanor. This is a maximum of three months' imprisonment or five hundred dollars fine or both.

Schools are obligated by law to allow CPS and/or Law Enforcement under Nebraska State Law (43-250) and Nebraska Administrative Code (390) to speak to your child without prior parental consent when there is an open case involving suspected abuse and or neglect. It is then the responsibility of CPS or Law Enforcement to contact you and discuss the contact with your child. School staff are instructed not to notify parents by these officials.

Child Find

Child Find requires all school districts to identify, locate and evaluate all children with disabilities, regardless of the severity of their disabilities. This obligation to identify all children who may need special education services exists even if the school is not providing special education services to the child. Children with disabilities from birth to age 21 are covered. This includes children who are being homeschooled, attending private school, highly mobile

children, migrant children, homeless children, children who are wards of the state as well as children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. For more information, please contact: Omaha Public Schools Director of Special Education, 3215 Cuming Street, Omaha, NE 68131-2024, 531-299-9461.

Children’s Online Privacy Protection Act (COPPA)

The Omaha Public Schools may contract with publishers or online providers to offer online curriculum that aligns with district standards or other services that support the teaching and learning processes of the district. These applications or websites are offered for the benefit of the students and for the school system. Online providers

give OPS full notice of their collection, use and disclosure practices. Use of the applications or websites and the collection of information from students are solely for the use and benefit of the school, and for no commercial purpose.

Dating Violence Prevention – Policy No. 5420

Omaha Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy “dating violence” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on a consideration of the following factors:

- a. The length of the relationship;
- b. The type of relationship;
- c. The frequency of interaction between the persons involved in the relationship.

Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Incidents of dating violence will be addressed within the scope and subject to the limits of the District’s authority as set forth in Policy 1210.

Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District’s dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

The administration will be responsible for ensuring that this dating violence policy is published in the school district’s student-parent handbook or an equivalent such publication. Parents and legal guardians shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parents or legal guardians shall be provided a copy of the dating violence policy and relevant information.

Emergency Protocols

Procedures are established in the event of a crisis during school hours or sponsored activities. The staff is trained in specific methods to handle crisis situations.

Hold

In the event of an occurrence that requires students and staff to remain in their classrooms, and out of the hallways until the occurrence is resolved. Students and staff would remain in their classrooms, or other needed locations, until an “all-clear” announcement is made.

Secure

Secure takes place if an external threat is identified near school grounds. All external doors are to remain locked. No entry or exit to the school will be allowed until an “all-clear” announcement is made.

Lockdown

A lockdown takes place if an internal or external threat is identified at the school. All school doors are locked and students are confined to classrooms or secured location. No entry into or exit from the school will be allowed until an “all-clear” announcement is made.

Evacuate

In the event of certain building emergencies, students will be relocated to an evacuation assembly area. Students will be released ONLY to parents/guardians/emergency contact with picture ID and permission from a district official. This procedure is necessary to account for the location of all students.

Fire Drills

In conformity with the regulations of the Nebraska State Fire Marshal, each school is required to hold fire drills. Upon the sounding of the fire drill signal, all students are dismissed immediately and are to follow, under the leadership of the teacher, the exit instructions that have been issued. Your books and wraps are to be left in the classroom; purses should be taken with you; the classroom door should be closed upon vacating the room. Remain alert, calm, and quiet as it may be necessary for a change in exit instructions to be given over the P.A. system. Avoid crowding, pushing, or shoving. Under the guidance and leadership of the teacher, students should remain in the assigned sidewalk area until the “all-clear” signal is sounded.

Severe Weather

The Omaha Public School policy recognizes the right and the responsibility of parents in the matter of school attendance when inclement weather exists. In case of extreme winter weather conditions, announcements of school closings will be made from the department of District Communications at or before 5:30 a.m. Any changes in dismissal time will also be announced. If the school is alerted to an approaching tornado, immediate directions will be announced within the school building. All students, staff, and visitors will move to sheltered areas until the emergency has passed. In cases of emergencies or of impending disaster, staff is responsible for giving specific instructions for student safety.

Family Communication & Access to the Schools

Access to the Schools

Parent(s)/guardian(s) are encouraged to visit their children's schools, classrooms, assemblies, counseling sessions and other instructional activities. The district will encourage home and school cooperation by promoting clear, two-way communication with parent(s)/guardian(s) about the instructional program, and the child's participation and progress. Special notice is routinely given to parent(s)/guardian(s) regarding open houses, parent-teacher conferences, award and recognition ceremonies, school activities, certain assemblies, student programs, and other special events.

Parent(s)/guardian(s) are also encouraged to visit their children's classrooms and daily learning environments. Parent(s)/guardian(s) and other visitors to the schools are expected to arrange such visits in advance. All visitors need to report to the main office or designated area to

sign-in and receive visitor's badge.

Parent(s)/guardian(s) and other patrons of the district are welcome and encouraged to visit the schools. All visitors are expected to report to the main office or designated area to notify staff they are in the building or on school grounds. Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban or bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to the Office of the Superintendent.

Communication

Establishing good communication with students is a major goal of Omaha Public Schools, one which the school considers an important factor in a student's educational success. Teachers, counselors, and principals strive to answer questions and correct misinformation by maintaining an "open door" policy with students. Parents/guardians are invited to ask questions or seek the counsel of any of these school staff to help resolve issues. Contact the main office to be directed to the appropriate staff member.

One goal of a student's success in school is correcting problem situations early. The way to do this is to encourage parents to talk with the teacher involved or to seek the advice of a counselor. Students often wait when they have difficulty in a class, thinking they will be able to help themselves without assistance. Often, however, the

problem gets worse, and the student can see no answer. Parents/guardians are encouraged to show concern and need for help early. The teacher is there to help students succeed.

Parent(s)/guardian(s) will have the opportunity to meet their child's teachers and discuss progress at Parent-Teacher Conferences scheduled during the school year. Also report cards will be distributed to parent(s)/guardian(s) at these conferences.

Newsletters mailed to parent(s)/guardian(s), electronic communication, and school websites are among the other means of communication with the home. The school newspaper and FM-radio station, KIOS, circulate school news. KIOS, which is 91.5 on the radio dial, is located at the Telecommunications Center, 3230 Burt Street.

Campus Parent Portal

The District offers parent(s)/guardian(s) the opportunity to complete the Annual Update, view their student's grades, homework, and attendance and to pay fines/fees online. The app, Campus Parent, provides anytime access via the

internet from the Omaha Public Schools homepage (www.ops.org) or from the Campus Portal link (<https://campus.ops.org/campus/portal/parents/ops.jsp>). Contact the school's main office to gain access.

Health Services

The mission of Health Services is to support student success by providing comprehensive school health services using a collaborative approach that promotes an inclusive, safe, and healthy learning environment to foster academic engagement of all students.

An ill or injured student needs parent/guardian permission to leave school property. The exception would be in the event of an emergency requiring EMS services.

Accident Report

A written student accident report will be completed when an accident occurs on school property in which the

A health record is on file for each student in the health office and student health information is entered electronically in Infinite Campus. Parents/guardians are asked to update their child's health information by reporting to the nurse any changes in health status, newly received immunizations, and other pertinent information necessary to keep students safe, healthy and ready to learn at school.

student sustains an injury that requires an evaluation by a health care provider.

Action Plans and Rescue Medication

Asthma, anaphylaxis, seizures and diabetes are conditions which can result in potentially life-threatening episodes. There may be other conditions that require an

action plan and rescue medications in order to respond to a potential medical emergency. The school needs an updated action plan, signed by the health care provider

and the parent/guardian, at the start of each school year and if changes to the plan occur during the school year. This plan, authorizes the required rescue medication be

administered to the student at school in the event of an emergency. The parent/guardian is responsible for providing the prescribed medication(s).

Behavioral and Mental Health Community Partners

The **Methodist Community Counseling Program** has been a collaborative effort of the Methodist Hospital Foundation, Omaha Public Schools and neighborhood churches since 1996. The program's mission is to provide accessible, affordable behavioral health services in the neighborhoods where you live, work and learn. The Methodist Community Counseling Program includes a team of licensed mental health practitioners dedicated to helping clients improve their quality of life by addressing their unique mental health and emotional challenges. Counseling services are offered to students in each middle school, high school and alternative program in Omaha Public Schools and to the community at locations across Omaha.

The **Connections Program** has been a collaborative effort between Project Harmony and Omaha Public Schools since January 2015. The program's mission is to promote hope, health, and resilience for children and families in need. The Connections program offers

low- or no-cost professional therapy to students needing preventative mental health care at a convenient location and time in an individual or group setting. Connections works closely with the family and the child's school to find the right therapist to help each child build confidence, resilience and coping skills. The program is available to all Omaha Public Schools elementary students.

The **School and Family Enrichment (SAFE) Program** has been a collaboration between the Omaha Public Schools, Region 6 Behavioral Health Care, and Child Saving Institute since August 2000. The program's mission is to provide, at no cost to the family and on a voluntary basis, home-based family support, case management and/or behavioral support as needed. A SAFE Specialist will work closely with the student, family and the school in focusing on the family/child strengths and achieving agreed upon goals. The SAFE program is available to all elementary students in Omaha Public Schools.

Minimum Annual Health Screenings

In accordance with the Nebraska State Statute, #173 NAC 7, the Omaha Public Schools is required to conduct non-diagnostic health screenings to all students enrolled in grades Early Childhood – 4th, 7th, and 10th. The purpose of screening is to identify any possible health concerns needing further evaluation or assistance. Parents/guardians are to be notified of the screening result if the student is found to need further evaluation, as determined by the qualified screener. The cost of the evaluation, by a health care provider, is the responsibility of the parent or

guardian of the student.

The screening measures the following: height/weight, hearing, vision and dental health.

A parent/guardian may submit a statement signed by a health care provider stating the student has undergone required screenings within the last six months prior to the start of school. A student in the mandated grades must submit to any required screening at school for which such a statement is not received.

School Based Health Centers

To ensure students are healthy and ready to learn, the Omaha Public Schools partners with One World Community Health Center and Charles Drew Health Center to provide quality health care within nine School Based Health Centers (SBHC) in buildings throughout the district. The SBHCs are staffed by licensed advanced practice registered nurses and physician assistants that can diagnose, treat and prescribe medications for many illnesses that keep children out of the classroom, in addition to providing school physicals, physicals to participate in athletics and administering immunizations which are required to attend school. With parent(s)/guardian(s) consent, any OPS student and their minor siblings may use the services provided in the SBHC. The relationship with a student’s medical home is not disrupted if the SBHC is utilized by the student. The SBHC accepts Medicaid, Kids Connection, commercial insurance, or they can provide a low-cost sliding fee schedule for uninsured children based on family income and size. To enroll, the

“School Based Health Center Enrollment and Consent Form” must be completed by a parent(s)/guardian(s) and returned to school. For enrollment forms and more complete information about hours, services and cost, please visit <https://www.ops.org/Page/553> or call your school nurse for assistance.

Parent(s)/guardian(s) must provide all of their student’s

medications and medical supplies for special health care procedures, including blood glucose monitors, inhalers, tubing for nebulizers, catheterization supplies, etc. Medication and medical procedures require authorization from the parent(s)/guardian(s) and health care provider.

Special Emergency Procedures

In case of cardiac arrest, an Automated External Defibrillator (AED) may be administered by designated trained staff in CPR/AED to students as a life-saving measure. If a student sustains a life-threatening asthma attack or a severe allergic reaction (anaphylaxis), epinephrine and nebulized albuterol may be administered

by trained staff. Naloxone nasal spray may be administered by designated trained staff when an opioid overdose is suspected. Emergency Medical Services will be activated in life-threatening emergencies. AED and emergency medications are not to be taken off school grounds for individual use.

Multi-Tiered Systems of Support for Behavior (MTSS-B) & Social Emotional Learning (SEL)

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Additionally, Social Emotional Learning (SEL) engages students of all ages in identifying and regulating emotions to support problem solving and academic success. Through these frameworks, OPS has committed to providing staff with tools and resources to positively engage students and families through implementation of schoolwide social, emotional and behavioral interventions. These practices are designed to support safe and encouraging learning

environments.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students’ social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;

- Improved concentration, positive social behavior, and emotional regulation.

Each school and program in Omaha Public Schools has an MTSS-B Team to ensure effective practices are in place. MTSS-B and SEL are frameworks that work together to

provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

Nutrition Services

The Omaha Public Schools District recognizes students need access to nutritious meals during the school day to stay focused in the classroom. Studies have shown children who are not hungry perform better in school. During the 2022–23 school year and for the upcoming 2023–24 and 2024–25 school years, the district is participating in the Community Eligibility Provision (CEP). All students enrolled in an Omaha Public School where meals are provided will receive a healthy breakfast and lunch at no charge regardless of income. No further action

is required. By providing breakfast and lunch at no charge, we will be contributing to the education environment for the students. It is the parent/guardian's responsibility to pay for their student's ala-carte purchases such as additional entrees, chips, cookies, or other extras. The information below describes the standard practice the district will follow to maintain the financial integrity of the nonprofit school meals program while minimizing any undue focus on children who do not have funds.

Account Balances

Parents and/or guardians are encouraged to monitor their child's account balance online and keep an adequate amount of funds in the child's account to pay for their a la carte purchases. Prepayment is encouraged and may be made online, or at the school with cash or check. For information on accessing your child's online account visit: www.schoolcafe.com (you will need your student's ID).

Money remaining in a student's account at the end of the school year will be carried forward to the next school year unless contacted by the parent/guardian for a refund or the child leaves the district. If a student changes buildings

within Omaha Public Schools their account balance will follow them. If the student is graduating or leaving the district the money in the account may be transferred to other accounts upon request or the money will be refunded at the end of the school year. Please contact your school's cafeteria manager or the Nutrition Services Office (531-299-0230) for details.

Adults must have money in their accounts or pay cash to make a purchase. They will not be allowed to charge meals or a la carte items.

Smart Snacks

All food sold to students during the school day (from 12:00 AM through 30 minutes after the school day) must meet the Smart Snack guidelines; and the nutrition standards. The regulation applies to foods sold a la carte during breakfast and lunch, in the school store, vending machines, school offices, and fundraisers which sell foods

that can be eaten by students during the school day.

Additionally, Nebraska's Competitive Food Rule states no food items can be sold in competition with the school meals program from thirty minutes before until thirty minutes after meal service (breakfast and lunch).

Student ID Numbers

Student ID numbers are confidential and must not be shared with anyone. Unauthorized use of an ID number will result in your account being charged for the food. As

soon as you become aware someone is using your ID number, please notify Nutrition Services at 531-299-0230 immediately.

Student Meals

The United States Department of Agriculture (USDA) requires school districts to serve meals which meet federal nutrition requirements. Offer Versus Serve (OVS) applies to menu planning and the meal service. Students may decline some of the items offered at breakfast or lunch. The goals of OVS are to reduce food waste and to permit students to choose the foods they want to eat.

• Breakfast

Breakfast is available at no charge to all students during the 2022–23 school year. A variety of healthful items are available, of which, each student must

choose a minimum of three items. Students must select a fruit as part of the meal.

• Lunch:

Lunch is available at no charge to all students during the 2022-23 school year. A variety of menu items are available at lunch. A student, who participates in the lunch program, must choose a minimum of three components to a maximum of five. All students must take a fruit or vegetable as part of the meal. Additional items are available at a la carte prices.

Sexual Harassment

No individual may be discriminated against on the basis of sex in any education program or activity. Sexual harassment of students is a form of prohibited sex discrimination under the circumstances described in the Guidance. it was collected from students. Funds subject to the Student Fee Fund consist of money collected from or on behalf of students for: (1) participation in extracurricular activities, (2) post-secondary education costs and (3) summer school or night school.

PART THREE: Waiver of student fees

Required fees that are charged to students pursuant to PART ONE, subsections a and b, shall be waived for students who qualify. To qualify, a family must complete an Educational Benefits Form. The information provided on the form determines eligibility for the fee waiver. Students shall be provided forms prior to, or at the beginning of each school year, or upon initial enrollment in the District, or may complete the form online at www.schoolcafe.com. Students who qualify shall be provided a fee waiver

or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Students or their parents may request a fee waiver prior to participating in or attending the activity, and prior to the purchase of the materials, and the fee waiver must be submitted prior to the time the fee is due or the time the specialized equipment or attire is needed.

Student Unpaid Obligations

Students are required to assume the financial responsibility for their actions. This may include, but not necessarily be limited to obligations for: (a) the loss or damage to school owned supplies and/or equipment; (b) fines resulting from the late return of library books; and (c) any other fines/fees as permitted under state statutes. A fee will be assessed for returned checks (\$20.00) and refund requests (\$5.00.)

Those students who fail to meet their obligations outlined above or others as indicated in the student handbook shall be subject to the following restrictions until such time as the financial obligations are met:

1. The student and his/her parents or legal guardians shall not receive an official transcript. An official transcript will only be issued to a school to which the student transfers. The student and his/her parents or

legal guardians may review the student's permanent record by following the established practices and procedures.

2. The student's name may not appear on the school's honor roll and the student may not receive any other academic recognition provided through the school.
3. The student may be ineligible to participate in any activity (apart from graduation) or on any team that represents the school.
4. The student may be ineligible to receive any awards.
5. The student, upon becoming eligible for graduation, will not receive a diploma.

Upon payment of all outstanding debts, the student will be eligible to receive any or all of the above at a time and in a manner designated by the school officials.

Student Records

Any person other than the student, his/her parent(s), guardian(s), teachers, counselors, or school officials, may gain access to the student's records if the parent(s)/guardian(s) (or student if over 18) present a release of information stating specific items to be released and to whom the information is to be given. Records are also released to other educational institutions as provided for in the Family Educational Rights and Privacy Act (FERPA)

without prior parental or student consent.

FERPA affords parent(s)/guardian(s) and students 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the

District receives a request for access. (By action of the School Board the number of days for the school to act has been shortened to 10.) Parent(s)/guardian(s) or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate or misleading. Parent(s)/guardian(s) or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal or the Student Information Services Office (3215 Cuming St. Omaha, NE 68131-2024) or at sis@ops.org, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district or school in which a student seeks or intends to enroll. Upon request, the District also discloses education records of former students, without consent to officials of another school district or school in which the former student is then enrolled.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-5920.

Students Responsibilities and Rights

A student's basic responsibility in school is to act in a manner that enhances his/her and others opportunity to learn. A student does not have a right to engage in

conduct or actions that would materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

Textbooks

Textbooks are supplied by the Omaha Public Schools. Textbooks not returned or that have been damaged are subject to fines. It is the responsibility of the student and/

or parent(s)/guardian(s) to work with the school to pay textbook fines.

Volunteers

If there is interest assisting school personnel in the operations of the school; i.e. library work, aiding classroom teachers, tutors, reading to students, cafeteria, etc., contact the main office at the school. The principal will then follow the Volunteer Process through Human

Resources. District volunteer forms (which include a background check component) are utilized at all schools for any individual (parent, relative, or otherwise) wishing to volunteer or provide any type of support that would bring them in contact with students.

Withdrawal from School

Pursuant to Neb. Rev. Stat. 79-202, a person who has legal or actual charge or control of a child who is at least sixteen years of age but less than eighteen years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements of section 79-201 if an exit interview is conducted and the withdrawal form is signed and filed with the Commissioner of Education.

To begin the withdrawal process, the person with legal or

actual charge or control of a child who is at least sixteen years of age but less than eighteen years of age submits a request to the school where the student is enrolled.

The principal or his/her designee (Administrator, School Support Liaison, and/or School Social Worker and/or School Counselor), will schedule the exit interview which shall be personally attended by: (a) the child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible

or impracticable; (b) the person who has legal or actual charge or control of the child who requested the exit interview; (c) the child's principal or the principal's designee (Administrator School Support Liaison, and/or School Social Worker and/or School Counselor) if the child at the time of the exit interview is enrolled in a school operated by the school district; (d) the superintendent designee (School Support Liaison) and (e) any other person requested by any of the required parties.

During the exit interview, the person making the written request shall present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either (i) financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child or (ii) an illness of the child making attendance impossible or impracticable.

During the exit interview, the School Counselor will identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. During the exit interview, the School Social Worker will identify all known community and family resources and opportunities that will be available to the child and family after withdrawing. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person

making the written request may either sign the withdrawal form provided by the school district or may rescind the written request for the withdrawal. The principal or his/her designee will complete the Nebraska Withdrawal From Mandatory Attendance Form found at:

<https://www.education.ne.gov/aded/nebraska-mandatory-withdrawal-from-attendance-form/>.

All information must first be inputted into the form and then printed off to be signed. The withdrawal form signed by the person making the written request is valid only if (i) the child signs the form unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable and (ii) the Principal or the Principal's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of Principal or the Principal's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child or an illness making attendance impossible or impracticable. The signed withdrawal form is forwarded to the Student Information Services office to be entered into the data management system and reported to the Department of Education.

Students who have withdrawn may re-enter school the following semester by contacting the last school attended, or the Student Placement office at 531-299-0302. Contact should be made prior to the start of the semester.

Multi-Tiered Systems of Support for Behavior (MTSaS-B) is being implemented in all Omaha Public Schools and Programs.

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Through this framework, OPS has committed to providing staff with tools and resources to positively engage students and families through implementation of school-wide positive behavior interventions. These practices are designed to support safe and encouraging learning environments.

We believe that we cannot “make” students learn or behave. But we can create environments to increase the likelihood of positive behaviors occurring.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students’ social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

OPS is committed to supporting students through behavior interventions and alternatives to exclusionary practices that require removal from the educational setting where the safety of the student and/or others is not of immediate concern.

MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports, and in our schools, this includes:

Social Emotional Learning (SEL)

In addition to MTSS-B, OPS continues to support Social Emotional Learning (SEL) development through curriculum, strategies, and resources. SEL is defined by the Collaborative of Academic Social Emotional Learning (CASEL) as the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

Within the Omaha Public Schools, our goal is to focus on CASEL's five SEL competencies:

- Self-Awareness
- Self-Management
- Social Awareness
- Relationship Skills
- Responsible Decision-Making

SEL promotes knowledge, skills, and attitudes that support lifelong success and advance educational equity and excellence.

How do MTSS-B and SEL Align in all Omaha Public Schools and Programs?

MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

If you would like more information about how MTSS-B and SEL are implemented in your school, contact the building principal.

Omaha Public Schools
STUDENT CODE OF CONDUCT

The Board of Education believes school is an appropriate setting for all children and youth. The **Student Code of Conduct** is designed to support this concept by developing, through reasonable and consistent practices, appropriate student behavior patterns. Those behaviors and disciplinary actions set forth in the **Code** are designed to serve as learning experiences for students.

The **Student Code of Conduct** includes those behaviors having disciplinary actions and/or intervention strategies that shall be carried out by the school building administrators. The **Code** applies to conduct on school grounds, in remote learning environments, on OPS owned computers and digital devices, in a vehicle owned, leased or contracted by a school or the district being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or designee or at a school-sponsored activity or athletic event.

Compliance with the **Student Code of Conduct** is expected of all students. This **Student Code of Conduct** applies to all students attending the Omaha Public Schools. School administrators will consider student age and grade level among other factors when assigning disciplinary actions.

Early Childhood Education Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Early Childhood Practices

One of the purposes of early childhood education is to assist students in developing appropriate social-emotional skills. For many students, this may be their first experience in a structured setting and they may need greater support in meeting social-emotional expectations. What may be perceived as inappropriate behavioral choices may be a deficit in executive functioning and self-regulation or could be due to toxic stress or an unmet need, e.g., hunger, sleep, feelings of safety and security. Young children need to practice, be taught and then practice self-regulation to develop memory, attention and self-control in environments where adults scaffold the child's practice of these skills. Social skill development must be embedded throughout the daily routine and throughout the entire school year to ensure generalization. The focus is on developing appropriate skills rather than punishing for inappropriate behaviors. Suspension from school is not an appropriate behavior intervention for early childhood students. Please contact the Early Childhood Coordinator for additional resources.

Early Childhood student interventions aim to teach alternative behavior, so students can learn and demonstrate safe, respectful and responsible behavior. Staff members are encouraged to try a variety of teaching and classroom management strategies which may include, but are not limited to:

- Collaborate with the student's family to discuss student strengths and strategies that are successful in the home environment and develop a communication system between home and school.
- Create and maintain stable relationships among students and staff.
- Develop social connections through play.
- Establish routines and predictability using visual schedules.
- Consistently use visual supports and modeling to teach social skills.
- Teach students how to cope with stress and self-regulate when they are overwhelmed.
- Teach students the appropriate language to meet their needs.
- Use positive language in a calm tone when redirecting students so they know what is expected, e.g., "please walk" rather than "don't run."
- Consistently reinforce the positive behaviors of the student, which will reduce the negative behaviors displayed.
- Consider sensory needs and strategies, e.g., fidget toys, alternative seating, options for quiet areas in the classroom, etc.
- Implement reinforcement systems for individual students or for the entire class.
- Collaborate with early childhood support staff, including Special Education, regarding strategies.
- Consult the building school psychologist for additional support.
- Schedule a SAT/IEP meeting to address concerns and strategies.
- Contact Kid Squad for classroom support and/or family support.
- Consider the MANDT Crisis Cycle for additional student support.
- Develop a behavior plan.

Behavior Violations and Response Levels

The **Student Code of Conduct** is organized around descriptions of “levels” of behavior violations and “levels” of interventions and response. **Violations** are organized by categories ranging from classroom managed behaviors to more serious incidents that may require an administrative response. Applying a **Leveled Intervention and Response** to behavior violations supports a teaching and learning approach to managing behavior in our schools. School Administration considers the least restrictive resolutions to managing behavior violations.

When determining a resolution for a behavior violation of the **Student Code of Conduct**, school administration will consider:

- the age and experience of the student;
- the student’s intent;
- the severity of the circumstances;
- the impact of disruption to the school environment (including behavior after the initial incident);
- the repeated nature of the situation (if applicable); and
- other mitigating factors

Interventions that may be applied to address behavior are indicated in a chart on the page after the violation descriptions on the following pages. Interventions indicated are **response guidelines**, and school administration may apply a more or less severe resolution depending on the situation. Please note those violations that may result in an expulsion from school.

<p>Level 1 interventions aim to teach alternate behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff are encouraged to try a variety of teaching and classroom management strategies.</p>	<p>Level 2 interventions often involve support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student’s skills, positive view of schooling, and positive experience at school so that misbehavior is less likely to continue or escalate.</p>
<p>Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for suspension, a plan of support (ex. Intervention Plan, Student Assistance Team, Community Resources) should be considered.</p>	<p>Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the mandatory reassignment or expulsion of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior.</p>

Behavior Responses Guidelines for Grades K-6

Suspension as a discipline resolution should be avoided whenever possible when working with students in Early Childhood programs and Kindergarten.

If an elementary student must be removed from the school environment, the following short-term suspension guidelines are recommended (per event):

- 1st and 2nd Grade: 2-day maximum
- 3rd and 4th Grade: 3-day maximum
- 5th and 6th Grade: 4-day maximum

There may be circumstances when it is necessary and appropriate to exceed these guidelines. Final decisions regarding length of suspension will be made by the Principal. For students in grades K-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.

The **Student Code of Conduct** is a resource for teaching expectations and rules, rationales, and possible consequence for violations. It is designed with four levels of violations and for levels of administrative responses.

**LEVEL
4
Interventions
& Responses**

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior. These interventions focus on maintaining the safety of the school community and correcting self-destructive and dangerous behavior.

Long-term suspension may be applied when it is feasible to reintegrate the student back into the school environment. Reassignment may be applied when chronic misbehaviors are present and school staff have documented efforts to intervene and support acceptable behavior. Expulsion may be applied when the student's presence at school is deemed too dangerous or disruptive for staff to maintain a safe and positive climate.

Upon return to a traditional school setting after a reassignment or expulsion, the school staff will establish a plan of support, ie., an Intervention Plan, for the student's ongoing success at school.

Interventions for Level 4 Violations may include, but not limited to:

- Interventions from all previous levels
- Parent(s)/guardian(s) notification
- Long-Term Suspension or Reassignment
- Expulsion
 - For student in grades K-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.

- Alternative educational placement
 - High School (grades 9-12)
 - Middle School (grades 6-8)

Full definitions for all violations can be found in the Glossary, beginning on page 12.

Repeated Violations

Concerning a violation at any level, it may be relevant that the student has committed the same, or similar, violation multiple times during the same school year. In such a case, Repeated Violations may be added as a secondary violation. Repeated Violations will not be used as a primary violation or alone. There may be instances of repeated violations that warrant a higher level of response than indicated in this **Code**.

Misuse of Computers, Digital Devices, or Network

The use of computers or digital devices, whether stand-alone or as a part of a local area network, or as part of a wide area network such as the Internet, is a privilege, not a right, and must be consistent with and driven by the educational objectives of the Omaha Public Schools. Any use that is inconsistent with these objectives is prohibited.

Computers and all associated networks, communication facilities, data storage and transfer devices, printers, scanners, peripherals, and other associated equipment or facilities (referred to as “computing facilities”) are owned by the school district. The school district exercises exclusive control over this school property, and students should not expect privacy regarding their use of any computing facilities because school district property is subject to search and inspection at any time by school officials. This search and inspection includes but is not limited to electronic mail, Internet access, network access, file storage and transfer, and any personal computing, communication, and data storage devices used in conjunction with the computing facilities. If the device is participating on the district network, it will fall under the acceptable use policy as well as the BYOD (Bring Your Own Device) guidelines defined by BYOD schools. Students are responsible for any use of computing facilities made by or through their account, regardless of whether at school or at home. Students are responsible for content contained in computer files assigned to them.

Students using computing facilities to access the Internet, an international computer network, are able to access computers and people all over the world. Sites exist on the Internet that contain illegal, indecent, defamatory, inaccurate, or offensive material. The Omaha Public Schools does not condone students’ access to unsuitable materials, and it maintains software designed to restrict student access to such materials. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. All student Internet activities are subject to being monitored.

It is the primary responsibility of the parent(s)/guardian(s) to establish and convey the standards that their student should follow. In support of parent(s)/guardian(s) the Omaha Public Schools will enforce the minimum appropriate computer use standards set out below. If a student uses a computer or the Internet inappropriately, the student will be subject to the disciplinary actions previously stated.

Inappropriate use of computing facilities shall be defined as:

- The creation, display, access, transmission, reception, exchange or distribution of any text, image or sound that is indecent, obscene, racist, sexist, pervasively vulgar, defamatory, illegal, or that promotes harm to self or others or otherwise in violation of the Omaha Public Schools Internet Safety Policy.

- Using computing facilities to harass or threaten individuals or groups.
- Vandalizing computing facilities. This includes any **attempt to alter or destroy data of another or to endanger the integrity of a computer** or computer network or the data stored thereon (including the introduction of any virus, time bomb, trojan horse or the like), any deletion of or alteration to system files or data, and damaging equipment. The unauthorized examination or copying of files or data belonging to others is also defined as vandalism.
- Violating copyright law. This includes using unauthorized copies of software, music, photographs, movies or any other audiovisual or multimedia work and making, transmitting, receiving, exchanging and/or distributing such unauthorized copies. Violating copyright laws will be considered theft.
- Plagiarizing computer-based copyrighted materials in reports and assignments is also defined as inappropriate use.
- Gaining or attempting to “hack” or otherwise gain unauthorized access to computers, computer networks, or computer files or data. This includes, but is not limited to, exceeding the authority granted or attempting to evade security restrictions or software designed to prevent or monitor inappropriate access to the Internet or networks.
- Gaining or attempting to gain unauthorized access to a personal account or file of another individual.
- Forgery of or interference with electronic mail messages. This includes impersonation of another person while sending electronic messages, using a false or anonymous name, age, gender or identifier, and the reading, deleting, copying or modifying of any other person’s electronic messages.

- Using computers or computer networks to commit, facilitate, encourage or promote the unauthorized or fraudulent use of a credit card.
- Using computers or computer networks for a **non-educational purpose**, such as advertising, games, or commercial purposes, unless driven by learning objectives/educational objectives, etc. by the Omaha Public Schools.
- Giving a personal password to another individual or letting another individual use a personal account.
- Knowingly introducing materials forbidden by the Omaha Public Schools into the Omaha Public Schools computers and/or systems via any electronic storage media. This is defined as indecent, obscene, racist, sexist, pervasively vulgar, defamatory, offensive, or illegal material, or materials promoting harm to self or others.

Depending on the incident, Law Enforcement may be contacted.

Possession of Obscene or Pornographic Literature, Materials, or Electronic Images

Students are prohibited from possessing pornographic or obscene books, magazines, pictures or material of any kind. The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal images or photographs will be subject to the disciplinary procedures of the school district; and reported to law enforcement and/or other appropriate state or federal agencies, which may result in arrest, criminal prosecution, and lifetime inclusion on sexual offender registries.

Reckless Behavior

Recklessness involves the creation of an unjustifiable risk of harm to others and a conscious (and sometimes deliberate) disregard for or indifference to that risk, resulting in substantial disruption.

Reckless Behavior Resulting in Personal Injury

Recklessness involves the creation of an unjustifiable risk of harm to others and a conscious (and sometimes deliberate) disregard for or indifference to that risk resulting in personal injury. The term personal injury shall mean physical pain, illness, or any impairment of physical condition.

Please be aware that vaping substances other than tobacco may result in additional violations being applied that may merit a higher level of response.

Unauthorized Use of Camera, Video Device, Personal Device that Attaches to School/District Network, Cell Phone or Recording Device

Student use of cameras/video devices without consent from school staff is prohibited. The school accepts no responsibility for personal cellular telephones, and personal electronic communication devices present on campus. Refer to section: **Personal Cell Phone/Portable Device Guidelines for Students.**

BEHAVIOR RULES FOR CONDUCT OCCURRING OFF SCHOOL GROUNDS – Policy No. 5103

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one's actions. Our intent is to support all students in their decision-making and their development into responsible adult citizens while serving as a deterrent to certain unacceptable or unlawful behaviors. This policy applies to conduct which occurs in places that are not otherwise covered by the code of conduct.

Disciplinary Action

Any student engaging in 1) behaviors off school grounds that would otherwise violate the **Student Code of Conduct**; or 2) student speech off school ground that causes substantial disruption to the school environment, may be subject to:

1. Emergency exclusion if the student's conduct presents a clear threat to the physical safety of

self, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education;

2. Short-term suspension by the principal for up to five (5) school days as provided in Policy 5105;
3. Participation in and successful completion of a district substance use screening by a qualified community provider or community counselor at the discretion of District or school administration; and/or
4. Suspension or exclusion from extracurricular and/or co-curricular activities in accordance with the provisions of Policy 5104.

Appeal Process

Nebraska statutory provisions regarding short term suspension and emergency exclusion shall apply to each of the disciplinary measures respectively as set forth in Policy 5101.

BEHAVIOR RULES FOR PARTICIPANTS IN EXTRACURRICULAR ACTIVITIES – Policy No. 5104

Students who participate in extracurricular activities, including but not limited to NSAA activities as set forth in Policy 5102, are deemed to be held to a higher standard when it comes to representing their respective schools – both on- and off-campus. Extracurricular activities means student activities or organizations which are supervised or administered by the District or a District staff member which do not count towards graduation or grade advancement and in which participation is not otherwise required by the school. It is therefore critical for those students to always be mindful of their behavior, and how it reflects on their schools and the District.

In addition to any other discipline imposed for violations of the **Student Code of Conduct** or for violations of Policy 5103, any student participating in any extracurricular activity at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described in the following:

First Offense: 15 Calendar Days

Second Offense: 90 Calendar Days

Third Offense: 180 Calendar Days

The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor of the extracurricular activity may impose other sanctions as permitted and described pursuant to the "Rules Regarding Other Conduct" in the **Student Code of Conduct**.

Rules Regarding Other Conduct

Individual coaches, activity sponsors, or staff responsible for an extracurricular activity, may impose participation restrictions or eligibility restrictions for participation in extracurricular activities on students for behavior other than those set forth in the **Student Code of Conduct** or in Policy 5103 provided:

1. Before the student participates in an extracurricular activity, that student and the student's parent(s)/guardian(s) have been advised of the participation and eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.
2. Participation and/or ineligibility restrictions are imposed only after the coach, activity sponsor or responsible staff has:
3. Investigated the alleged misbehavior;
4. Given the student written or oral notice of the charges against the student;
5. Explained the evidence against the student; and

PERSONAL CELL PHONE/PORTABLE DEVICE GUIDELINES FOR STUDENTS

The purpose of these guidelines is to provide a district-wide procedure regarding the use of cell phones and other Personal Electronic Devices (PEDs) by students and the consequences for noncompliance with the procedure to ensure that the use of cell phones and PEDs does not interfere with teaching and learning during the school day.

GUIDELINES

High schools and Middle schools have building expectations for cell phone use that are to be followed

by all students. Students may be permitted to use cell phone and PEDs only when directed by school staff as acceptable for classroom instruction. Elementary school students shall leave cell phones powered off in their backpacks or lockers and may only use them before or after school and/or at the approval of their building administration.

The use of cell phones and PEDs should not interfere with teaching and learning during the school day. The

school assumes no liability for theft, loss, or damage of cell phones and/or other PEDs possessed by students on school property or held by school officials during the confiscation period.

DEFINITIONS

1. "Cell phone" includes, and is not limited to, iPhones, "smart" phones, Internet enabled phones and other PEDs that are capable of placing and/or receiving telephone calls (including personal listening device such as earphones, ear buds, "Bluetooth", etc.), text messages, creating and distributing videos, taking photographs, and the like.
2. "Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to, a smartphone, cellular phone, or tablet.

4. "School Hours" means the time a student enters the school bus or school property until the end of the school's designated "school day." "School Day" means the regular school day with a designated starting time and ending time as defined by the local school building.
5. "School property" includes parking lots, school buses, and outside or inside all areas of the school building.
6. "Turned off" or "powered off" means the device is not activated. Devices in quiet vibrate or other modes, except off, are not considered turned off or powered off.
7. "Use" includes carrying or possessing a cell phone or PED that is either visible or can be heard, with or without a personal listening device such as earphones, ear buds, "Bluetooth", etc. A cell phone set on "vibrate" or "manner mode" shall be considered to be in use. A cell phone or PED that emits an audible signal, vibrates, displays a message or otherwise summons the possessor shall be deemed "in use." A cell phone or PED, even if placed in an "off" position but visible to others, may be deemed "in use." A cell phone or PED in an "off" position and stored out-of-sight in a back-pack, book bag, pocket, purse, vehicle, locker, etc. shall be not be deemed "in use."

PROCEDURES

Students are permitted to use cell phones and PEDs only during the following times:

- Before school hours on school property (as directed by school administration).

- After school hours on school property (as directed by school administration).
- Lunch period (high school students only).
- Passing periods (high school students only).
- At evening or weekend activities on school property.
- An emergency situation with the permission of the teacher, instructor, coach, program director, or administrator.
- For approved instructional use by the student's teacher (high school students only).

Building administration will have the discretion to determine the use of cell phones and PEDs for students participating in after school and/or extracurricular activities while on school property or while attending school sponsored or school related activities on or off school property.

Prohibited Use of Cell Phones and PEDs:

- The use of cell phones and PEDs at any time other than those specified.
- The sharing or electronic posting of images taken or stored on cell phones or PEDs during school hours and/or on school property.
- Student use of cell phone camera/video recording without consent from school administration is prohibited and considered a violation of the **Student Code of Conduct** (see additional information under **Unauthorized Use of Camera, Video Device, Personal Device that Attaches to School/District Network, Cell Phone or Recording Device**, page 14)

If guidelines for use are not followed, then the Personal Electronic Device (PEDs) and/or cell phone may be confiscated:

When a PED and/or cell phone is confiscated the device should be turned over to the designated staff member. The individual who confiscated the item shall take reasonable measures to secure the item until such time the PED and/or cell phone is given to the building administration by the end of the day. Once the device is turned over to the designated staff member, the staff member shall take appropriate action to store the device in a secured location within the school building. Return of the device will occur according to building policy, which may include communication with the parent(s)/guardian(s) and possible disciplinary action.

Noncompliance with Attempted Confiscation:

Students committing repeated violations of this Procedure shall be subject to additional disciplinary action consistent with the **Student Code of Conduct**. Students who refuse to comply with a request to turn over their cell phone and/or PED shall be subject to discipline for insubordination and such other disciplinary action consistent with the **Student Code of Conduct**.

SCHOOL EXCLUSION AND DUE PROCESS RIGHTS

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against the student, and provided an opportunity for the student to present the student's version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension, expulsion, or reassignment. It is the principal's responsibility to determine the type of exclusion and/or action recommended. A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion, or expulsion.

The administrator will take action based upon first-hand information. This may include contact with witnesses to the student's prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student's version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of the decision.

In cases of recommendations for long-term suspension, reassignment, exclusion or expulsion, the student may,

upon request, have a hearing on the specific charges. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go in effect. See OPS Policy No. 5101 for more information on student discipline and exclusion of students from school.

Rights for the Student Receiving Special Education Services

If a student receiving special education services violates a provision of the **Student Code of Conduct** resulting in a recommendation for expulsion, mandatory reassignment, or a long-term suspension in excess of five consecutive days, an IEP Manifestation Determination (Due Process) meeting shall be convened within three working days of the recommendation. The IEP team shall determine if the conduct in question was caused by, or had a direct and substantial relationship to the student's disability and will also determine if the conduct in question was a direct result of the school district's failure to implement the IEP. If a student or parent(s)/guardian(s) wishes to appeal the outcome of the IEP Manifestation Determination an appeal could be placed through the Special Education Department with the Director of Special Education.

SCHOOL RESOURCE OFFICERS (SRO)

School Resource Officers (SROs) are hired and trained to support the safety efforts of the Omaha Public Schools. They serve in designated schools and work alongside school administration. SROs and/or police officers are responsible for responding to criminal law matters where it is mandated by law that such offenses be referred to the criminal justice system. Absent an immediate threat of imminent physical harm and/or criminal law matters, school discipline issues are addressed by school administration.

SROs and/or police officers who witness school discipline issues shall contact school administration to address the matter. SROs should act as any school adult in redirecting minor misbehavior and may choose to de-escalate a situation using conflict resolution techniques and leverage existing positive relationships with those involved. Incidents must be referred to school personnel to determine appropriate response for violations of the **Student Code of Conduct**.

STUDENT SEARCHES – Policy No. 5406 SEARCH AND SEIZURE

Drug Searches by Police/ Sheriff Canine Units

The District retains the right to utilize the services of Omaha Area Law Enforcement Authorities Canine Units in the detection of illegal drugs and/or contraband at any time, announced or unannounced at the District's schools and programs.

- A. The Superintendent or designee (in consultation with the Office of School Safety) may request the canine unit be utilized to search all inside areas of a school building, including lockers, at a time when students are or are not present. If a search takes place in a classroom when students are present, all will exit the room, leaving all items behind.
- B. A building principal (in consultation with the Office of School Safety) may request that a canine unit be utilized to search vehicles in a school parking lot or in other areas where student vehicles are

parked during or after school hours. If a dog alerts to a student's vehicle, the student will be required to unlock the vehicle doors and trunk for internal inspection. Any refusal to unlock the vehicle will be handled by law enforcement.

- C. Any illegal drugs and/or contraband found on school grounds, whether in a student locker, vehicle, or any other place on school grounds, will be confiscated and the student may be subject to disciplinary action specified in the **Student Code of Conduct**.
- D. The student's parent(s)/guardian(s) shall be notified should illegal drugs and/or contraband be discovered.
- E. This policy shall be included in the student handbooks. This policy shall not be implemented until parent(s)/guardian(s) and students are provided written notice of this policy.

Searches of School Lockers, Student Automobiles, and Students' Persons

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over this school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks, lockers, and district owned electronics issued by the school.

Vehicles parked on school property are subject to search by the principal or the principal's designee if the principal

or his or her designee has reasonable cause to believe that contraband is in or on the vehicle.

Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the **Student Code of Conduct**. This includes all student pockets, purses, backpacks, and other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement may be called.

SECRET ORGANIZATIONS

Under state law, it is "unlawful for the pupils of any public secondary school to participate in or be members of any secret organization." The Board of Education is

empowered to deny to any student who violates the law any or all privileges of the school, or it may expel such student for failure to comply with the law.

This letter shall also provide notice to the parent/guardian that they may request a meeting to review the Collaborative Plan.

The designated school official shall also provide notice to the parent/guardian prior to the referral to the county attorney being made.

A referral cannot be made to the county attorney's office until a student has accumulated TWENTY cumulative days of unexcused absences (as set forth in Paragraph D. below), or its hourly equivalent; however, the school may involve the county attorney at any point in the process of addressing the student's absences. The designated school official will provide notice to the parent/guardian when a referral is made to the county attorney.

The School Attendance Team will be responsible for implementing and monitoring the process set forth in this paragraph B. above.

Student Attendance: STRIVE FOR 95

Attending school on time and every day is a critical and necessary factor for student success. Showing up for school and being ready to learn impacts a student’s academic success and their connectedness to school starting in kindergarten and continuing through high school.

STRIVE FOR 95 focuses on students missing no more than 9 days throughout the year. Students are expected to arrive on time and be engaged in learning throughout the academic day.

Attendance matters. Students who maintain the STRIVE FOR 95 goal are more likely to be on or above grade level academically, be socially and emotionally connected to the school and staff, and remain on track to high school graduation.

Ensuring students arrive on time and attend school throughout the day is everyone’s responsibility.

In addition to in-person learning, students enrolled in the Omaha Public Schools may also receive instruction at home through remote learning. Guidelines and expectations of the Omaha Public Schools Attendance Policy 5008 remain in effect for students in remote learning environments or programs.

Student Responsibilities

- Establish bed time and morning routines
- Understand the importance of STRIVE FOR 95 and why attendance matters
- Arrive on time
- Attend school the entire day
- Miss less than 9 days of school throughout the year

Parent/Guardian Responsibilities

- Establish bed time and morning routines
- Ensure your child(ren) arrive to school on time
- Encourage and acknowledge the importance of STRIVE FOR 95
- Schedule any medical or other appointments after school or on non-school days
- Report any absences to the school attendance secretary

Teacher Responsibilities

- Create a positive classroom culture of why attendance matters
- Encourage and acknowledge the importance of STRIVE FOR 95
- Set and monitor progress attendance goals with students

- Collaborate with school staff to address attendance concerns
- Celebrate students who are meeting attendance goals

Administrative and Support Staff Responsibilities:

- Create a positive school culture of why attendance matters

- Encourage and acknowledge the importance of STRIVE FOR 95
- Set and monitor progress attendance goals with staff, students and parent(s)/guardian(s)
- Collaborate with school staff and families to address attendance concerns
- Celebrate students who are meeting attendance goals

Secondary School Attendance Practices (Middle and High School guidance)

Student attendance in school is the key to learning. The goal is for each student to be in class every day, on time and for the entire day. The responsibility for attendance is shared by the student, the parent(s)/guardian(s), the teacher, and other school staff. Although each person's performance affects reaching the goal and STRIVING FOR 95, everyone will be responsible for the student's actions and consequences for their actions will follow.

Students:

Secondary students have the primary responsibility to be at school on time, every day, for the entirety of the day, and to report on time to their scheduled class each period. All absences are instructional minutes missed, with the exception of a school sponsored activity, shall count as an absence from school. Work covered in each class period is important, and any time missed affects student performance.

Students who are absent more than ten days in a semester may have difficulty completing the required work at a passing level.

Students have the responsibility to make arrangements for makeup instruction and complete all work missed due to absences. Teachers should follow the Omaha Public Schools common grading practices.

Promptness to class is also very important. Practices dealing with tardiness must be in place at the classroom as well as the school level and be clearly communicated to all students.

Parent(s)/Guardian(s):

Parent(s)/guardian(s) have the responsibility to emphasize the importance of school attendance and see that the student is in school on time and through its entirety every day. STRIVE FOR 95 is a collaborative

effort and with parent/guardian support we can reach this goal. Parent(s)/guardian(s) shall call the school if a student is absent and shall provide appropriate written notice including doctor's notes if applicable. Parent(s)/guardian(s) have the responsibility to encourage their students to make up work. Parent(s)/guardian(s) should attend parent-teacher conferences and contact the teacher, principal or other school official if they have questions. Parent(s)/guardian(s) involvement in or attendance at school events and activities supports the importance of school and also creates better understanding and communication.

Teachers:

Teachers will provide the classroom climate, instruction and acceptance of all students that promote learning and good attendance. Clear expectations for student performance and activities that are essential parts of instruction must occur at the very beginning of each class as well as throughout the class period. Teachers are responsible for assisting students in completing makeup work following the student's absence.

Administrative and Support Staff:

Principals, Assistant Principals, Counselors, and other support staff will demonstrate a firm but caring demeanor that communicates high expectations and concern for the individual and attendance. Parent(s)/guardian(s) will be informed of cumulative absences at regular intervals.

Students who are absent must be given the support, encouragement and instructional help they need to master the appropriate learning outcomes. Although any absence may lower a student's academic achievement, the goal shall be to support the student in learning with the overall goal to be mastery of learning outcomes.

STUDENT SIGNATURE OF RECEIPT OF SCHOOL RULES

The signature on the Receipt of Student Handbook verifies that a copy of the Student Handbook, which contains the **Student Code of Conduct** and other school rules, was received. The signature shows agreement to the accepted responsibility to know the contents of the

handbook, to understand the rules for students contained in it, and that the rules will be followed. In elementary schools, the signature is received by the parent(s)/guardian(s) of the student. In secondary schools, the student signs the Receipt of Student Handbook.

NEXT LEVEL LEARNING (Summer School) AND DUE PROCESS

Students attending school classes during non-traditional times, such as spring and summer sessions, are also held to the requirements of the **Student Code of Conduct**. However, disciplinary consequences may be limited to short-term suspension, long-term suspension

and Expulsion from Next Level Learning instructional programs. Students have the right to a hearing if more than five days of the session are missed due to a disciplinary action.

SURVEILLANCE CAMERAS – STUDENTS

Surveillance cameras are located on all school buses and in various public spaces in school buildings. These cameras are present to assist school officials in providing a safe learning environment for all students. Video from these cameras although otherwise confidential student records, may be reviewed in the presence of school officials by parent(s)/guardian(s) of students being disciplined as a result of misconduct recorded on tape. If an incident involves two or more students, then all parent(s)/guardian(s) must provide written consent to view the video. Written consent is not needed for students

who are seen in the video, but who are not involved in the incident. Video may be used as evidence in student hearings. See OPS Policy No. 3231 for more information on video surveillance.

Students should know that they have no expectation of privacy in those places where surveillance cameras are installed and that student hearing records become public records if a student in an appeal to the Ad Hoc Student Discipline Hearing Committee of the Board of Education requests a public hearing on the appeal or files a lawsuit challenging the decision of the Committee.

TOBACCO, ALCOHOL, DRUGS

The use of tobacco, drugs, alcohol, controlled substance, imitation controlled substance or abuse of non-controlled substance in the school is forbidden. The school district recognizes that student drug and alcohol abuse is a public health issue and not a school discipline, juvenile justice, or criminal issue. When students are suspected

of using or abusing drugs, school staff will collaborate with the parent(s)/guardian(s) to address the issue, and students may be referred to student assistance programs. Suspension is not considered intervention for drug use or abuse, but may be utilized in order to maintain a safe and drug free school environment.

UNAUTHORIZED VISIT TO OTHER CAMPUSES

A violation committed by a student on school grounds other than those of the school to which the student is assigned or at any school sponsored activity or athletic

event shall be punished in the same manner as if the offense had been committed at the student's assigned school.
