

EARLY CHILDHOOD FAMILY ENGAGEMENT CENTER

Family News Letter

May/June

WELCOME!

Welcome to the Early Childhood Family Engagement Center! We're excited to introduce our new space at Castelar. Dedicated to supporting families with young children from birth through age five. Our center is here to build strong connections between families, local childcare providers, and the school community. Whether you're preparing for preschool, getting ready for kindergarten, or just looking for a place to bond with your child. We're here for you!

WHO WE ARE & WHAT WE DO

We're here to support families with young children. Whether they're getting ready for preschool, kindergarten, or just starting their learning journey. Our center is a welcoming space where families can connect, play, and grow together. We offer play-based activities, family-friendly events, and resources to help you feel confident and supported. Think of us as a bridge between home, daycare, and school. Here to help every step of the way.
