Date:

November 16, 2020 (BOE-Receipt of Report)

Agenda Item:

District Official Fall Membership 2020-21

Building:

All

Proposed Action:

Information only.

Identified Need:

The purpose of this report is to provide the district's 2020-21 fall membership, and to discuss trends in total enrollment as well as racial/ethnic representations. Examination of enrollment trends at district, school, and grade levels assists staff in effectively planning for the current school year as well as for future student population changes.

Authority of Action:

Each year, Research Division staff oversees the preparation of this report. Membership data is further disaggregated at the district, school, and grade levels to better understand trends and patterns in other district-reported statistics.

Monitoring and Reporting Timeline:

This is the only official reporting of this information.

Additional Considerations:

- Fall membership is an important data source as it serves as the basis for reporting all official statistics for the current school year.
- This report will differ slightly from official state reporting due to the different time periods in which the student population was sampled.
- The 2020-21 PK-12 membership of 51,950 demonstrates an annual decrease of 1,602 students (-3.0 percent). The kindergarten class this year was 3,775 students.

- Over the past few years, growth at the elementary grades has slowed as a result of smaller incoming kindergarten classes. Kindergarten classes over the next three years could average about 4,000 students if capture rates stabilize after a drop this year.
- In grades K-5, enrollments declined by 1,137 students compared to 2019-20.
- In grades 6-12, enrollments declined by 168 students compared to 2019-20.

OFFICIAL FALL, 2020 MEMBERSHIP DATA

The Nebraska Department of Education requires all school districts in the state to report membership as of October 1st each school year. Historically, this has been called by various names including Official Membership and Fall Membership. Virtually every state across the nation requires similar membership reporting. Declaring October 1st as the official day of reporting provides both consistency among districts and typically represents the highest annual student count in most districts. The fall membership report was due to the Nebraska Department of Education (NDE) on October 15th. The membership is submitted electronically through ADVISER, the state's data system that includes pre-kindergarten through 12th grade students from across the State of Nebraska.

In the Omaha Public Schools, a count of students is taken from attendance and enrollment records on the first, second, fifth, and ninth day of school as well as a benchmark count on the first of October. This Official Membership student file was taken from the District's student information system, Infinite Campus (IC), as of October 1st, 2020. The benefit of using IC student data for reporting includes the ability to analyze enrollments by grade, gender, race/ethnicity, free and reduced price lunch participation, and school attendance area. The IC file tends to withstand all audit requirements and removes the burden of manual analysis saving school/staff time. In addition, federal and state reports are dependent upon lengthy analysis made possible by accurate and up-to-date membership information. Beginning with the 2012-13 school year, the method for assigning grade level at high school was changed. Grade level status at high school is now based on the students original entry into high school instead of the number of credits a student has earned for successful course completion. As a result, twelfth grade membership is shown in three categories: (1) students who have been in high school for more than 4 years, (2) students who have been in high school for 4 years, and (3) the total of students in twelfth grade.

Attached is the Official Fall Membership for the Omaha Public Schools for the 2020-21 school year as depicted by: school and grade; ten-year total membership comparison; and racial composition reports. Over the last decade (2011-12 to 2020-21), the District has grown by 2,442 students, an increase of 4.9%. The 2020-21 EC-12 membership of 51,950 when compared to 2019-20, demonstrates a decrease of 1,602 students (-3.0%). Finally, enrollment counts included in this report may be subject to change should students counted by OPS be "claimed" by another Nebraska district and officially determined by NDE to belong to the other district. The final summation of Official Fall Membership will be produced by the Nebraska Department of Education.

2020-21 OFFICIAL MEMBERSHIP OMAHA PUBLIC SCHOOLS

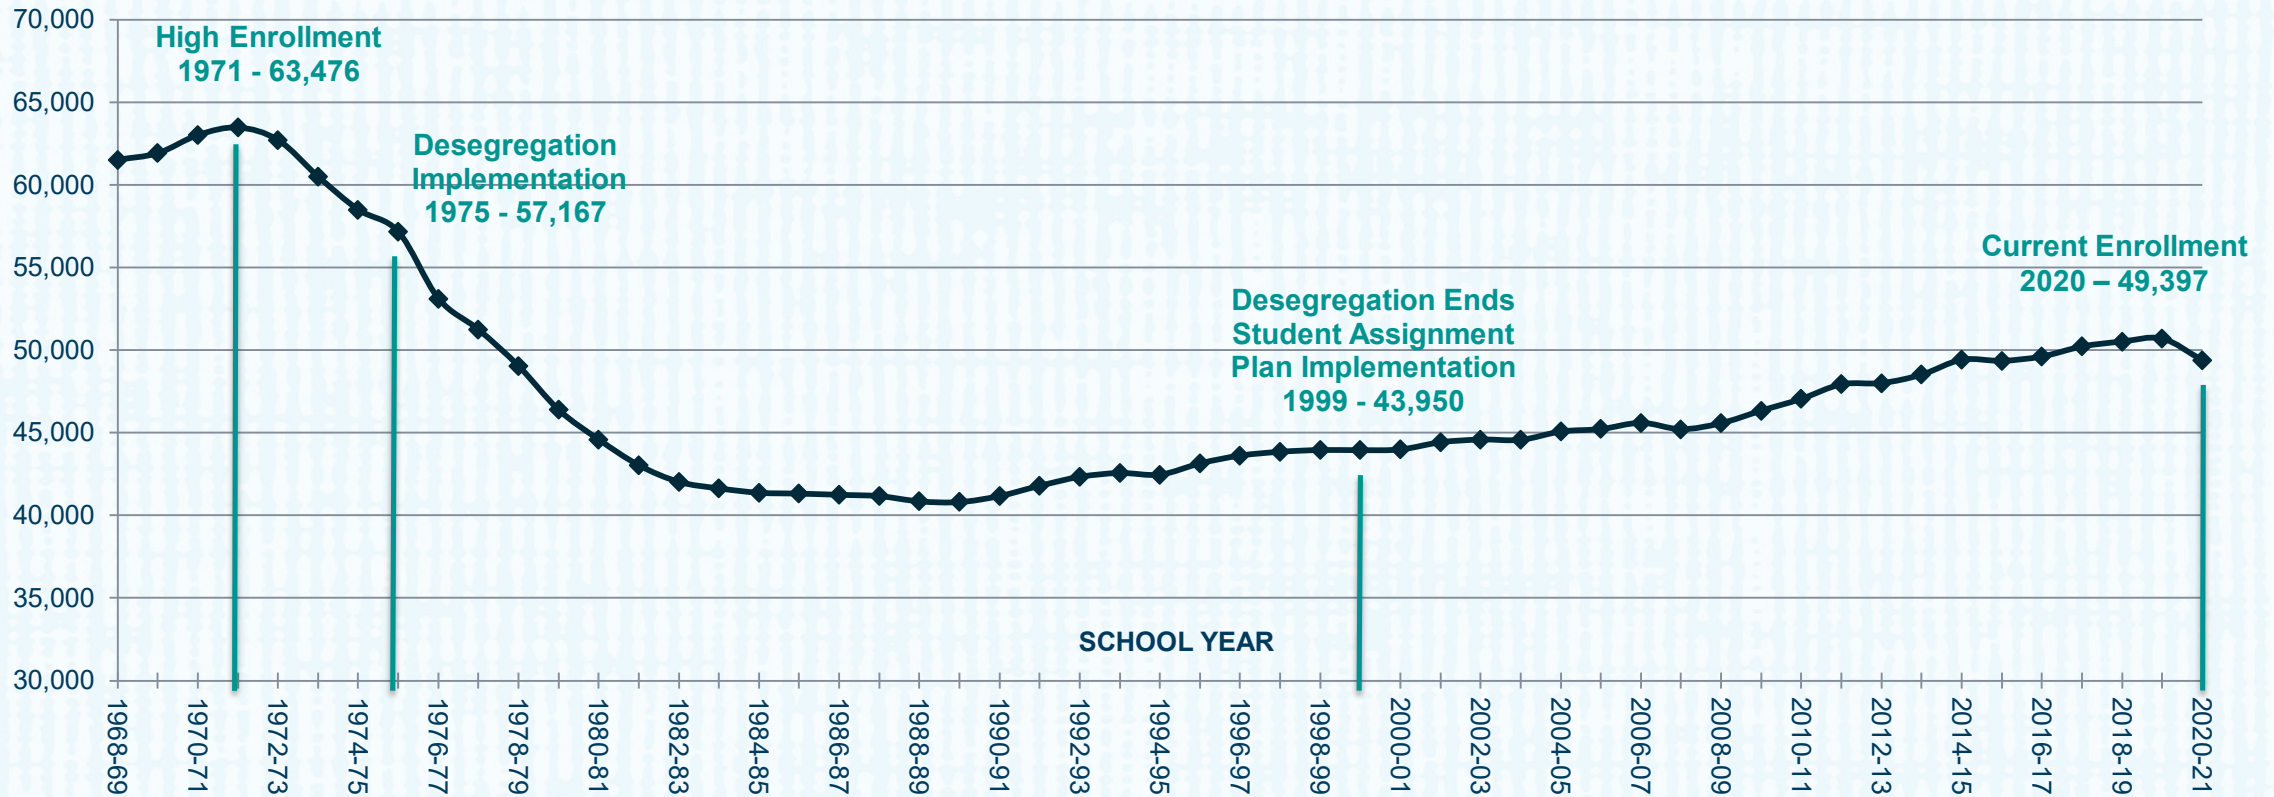

November 16, 2020

KEY POINTS

- ❑ Fall membership is an important data source as it serves as the basis for reporting all official statistics for the current school year.
- ❑ This report will differ slightly from official state reporting due to the different time periods in which the student population was sampled.
- ❑ The 2020-21 PK-12 membership of 51,950 demonstrates an annual decrease of 1,602 students (-3.0 percent). The kindergarten class this year was 3,775 students.
- ❑ Over the past few years, growth at the elementary grades has slowed as a result of smaller incoming kindergarten classes. Kindergarten classes over the next three years could average about 4,000 students if capture rates stabilize after a drop this year.
- ❑ In grades K-5, enrollments declined by 1,137 students compared to 2019-20.
- ❑ In grades 6-12, enrollments declined by 168 students compared to 2019-20.

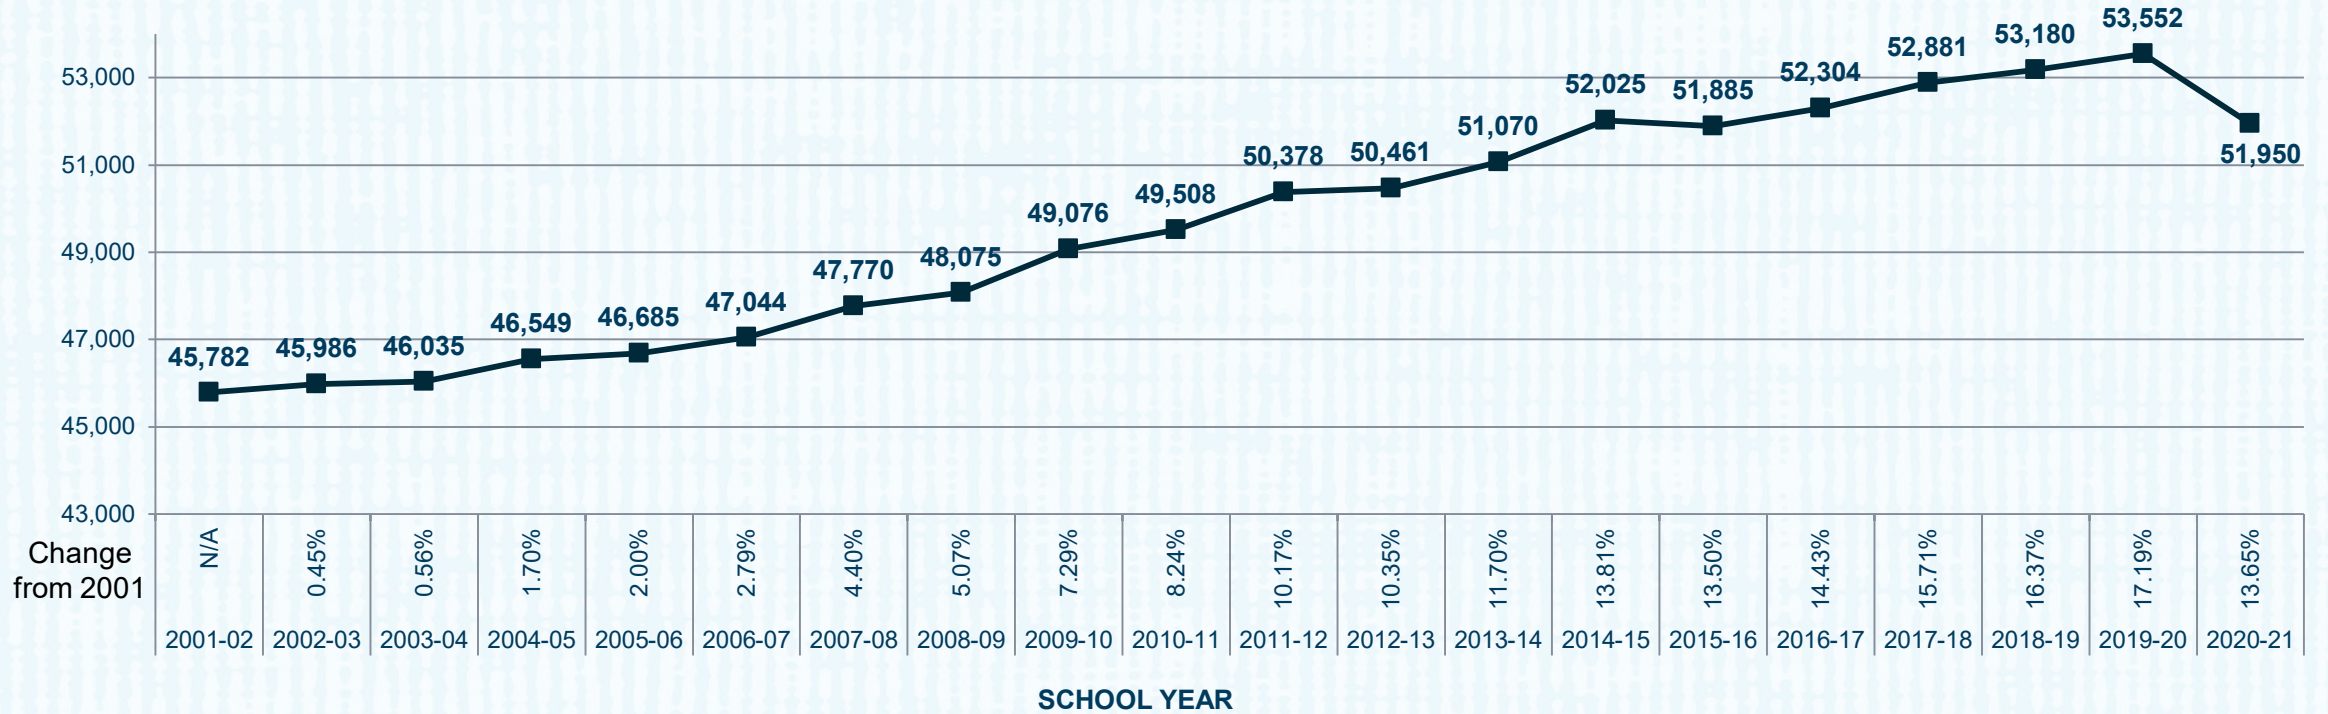

OFFICIAL MEMBERSHIP 1968 to 2020: K-12

K-12 enrollment has increased almost every year since 1989 but still lags high enrollments in the 1970s by about 13,000 students. This year’s enrollment dropped to just below the enrollment in the 2014-15 school year.

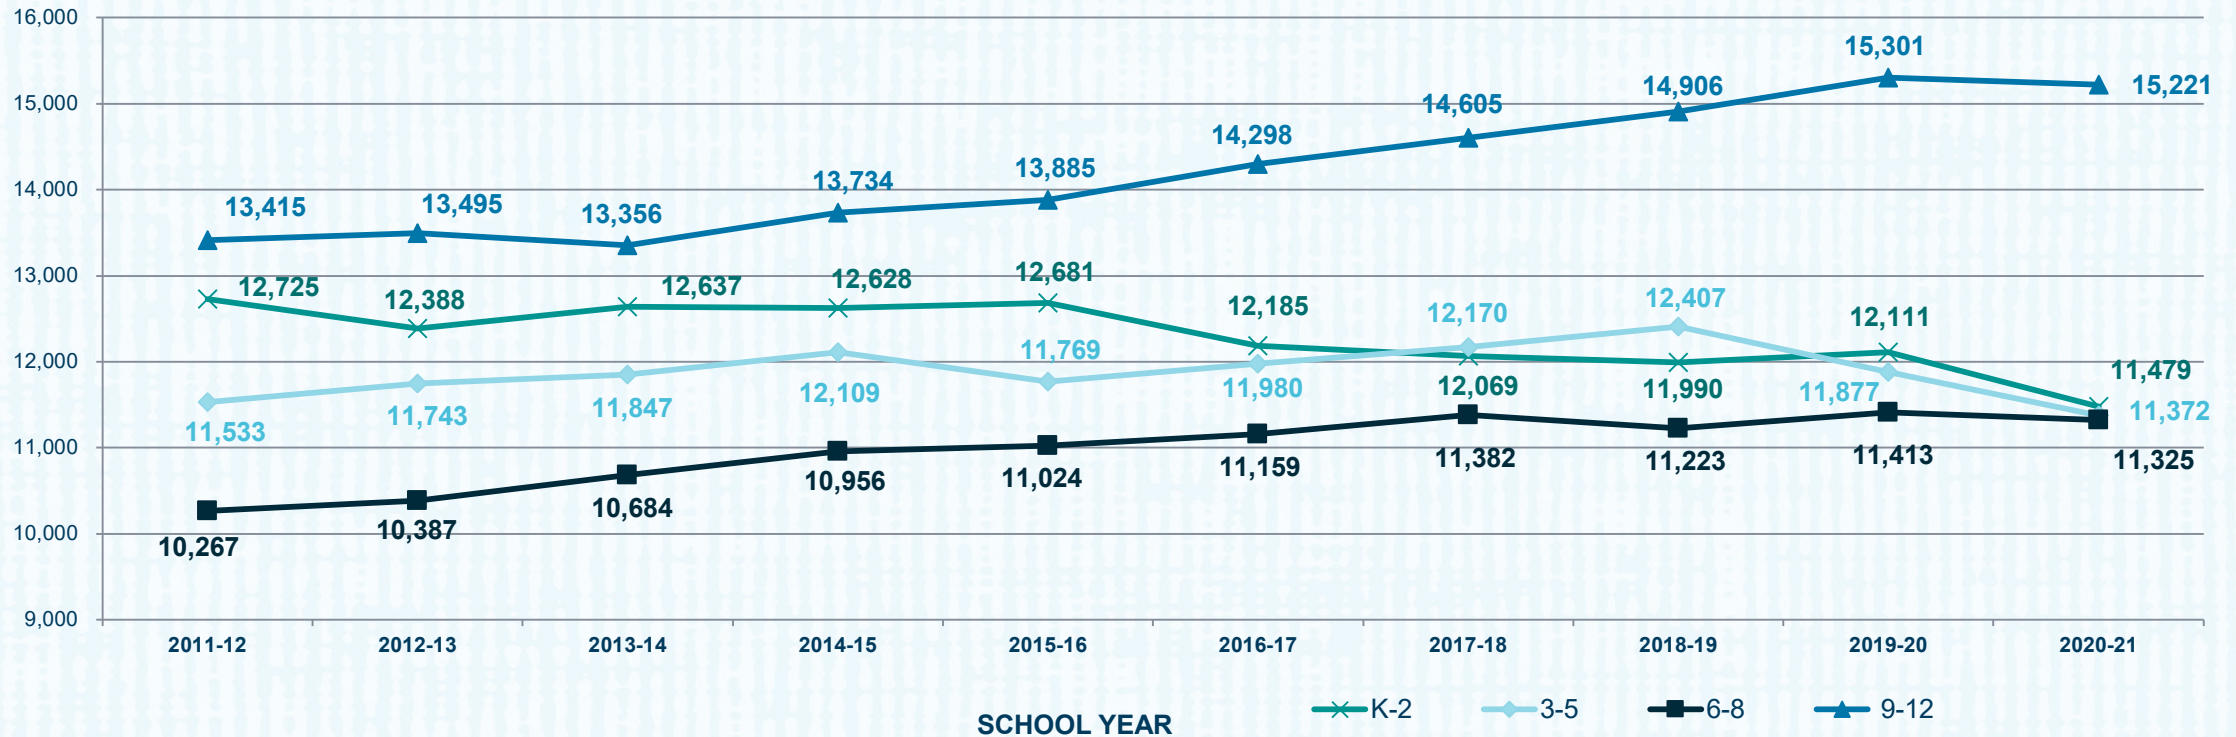

OFFICIAL MEMBERSHIP 20 YEAR HISTORY EC-12

EC-12 enrollment has increased by almost 14% over the last 20 years. This increase of over 6,000 students is more than the total enrollment of all but six other public school districts in the state in 2019-20.

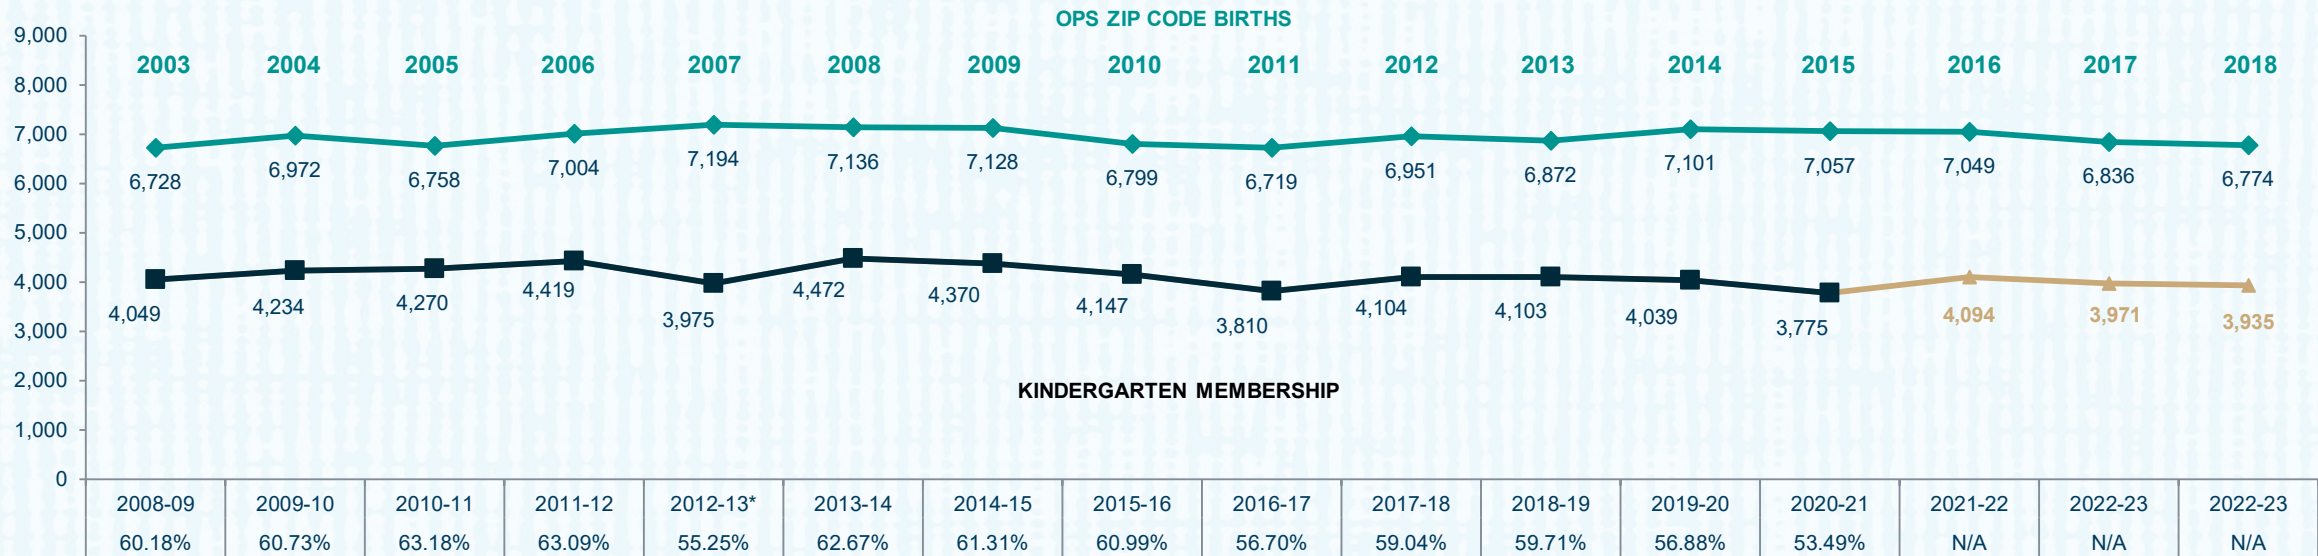

OFFICIAL MEMBERSHIP BY GRADE RANGE: 2011-12 to 2020-21

Larger cohorts and new enrollments in grades 6-12 have increased the population at middle schools and high schools over the last five years. Grades 9-12 have added about 1,000 students over the last five years. Enrollment declines in 2020-21 were most pronounced at the elementary level.

DOUGLAS & SARPY COUNTY BIRTHS IN OPS ZIP CODES (2003-2018) & KINDERGARTEN MEMBERSHIP (2008-2020)

◆ Total Births ▲ KG Projection ■ KG enrollment

2020-21's kindergarten class is the smallest in the last 16 years. This year's capture rate was likely artificially low as a result of COVID-19 but the capture rates from the zip codes that make up OPS appear to be dropping. Future kindergarten classes could average around 4,000 students.

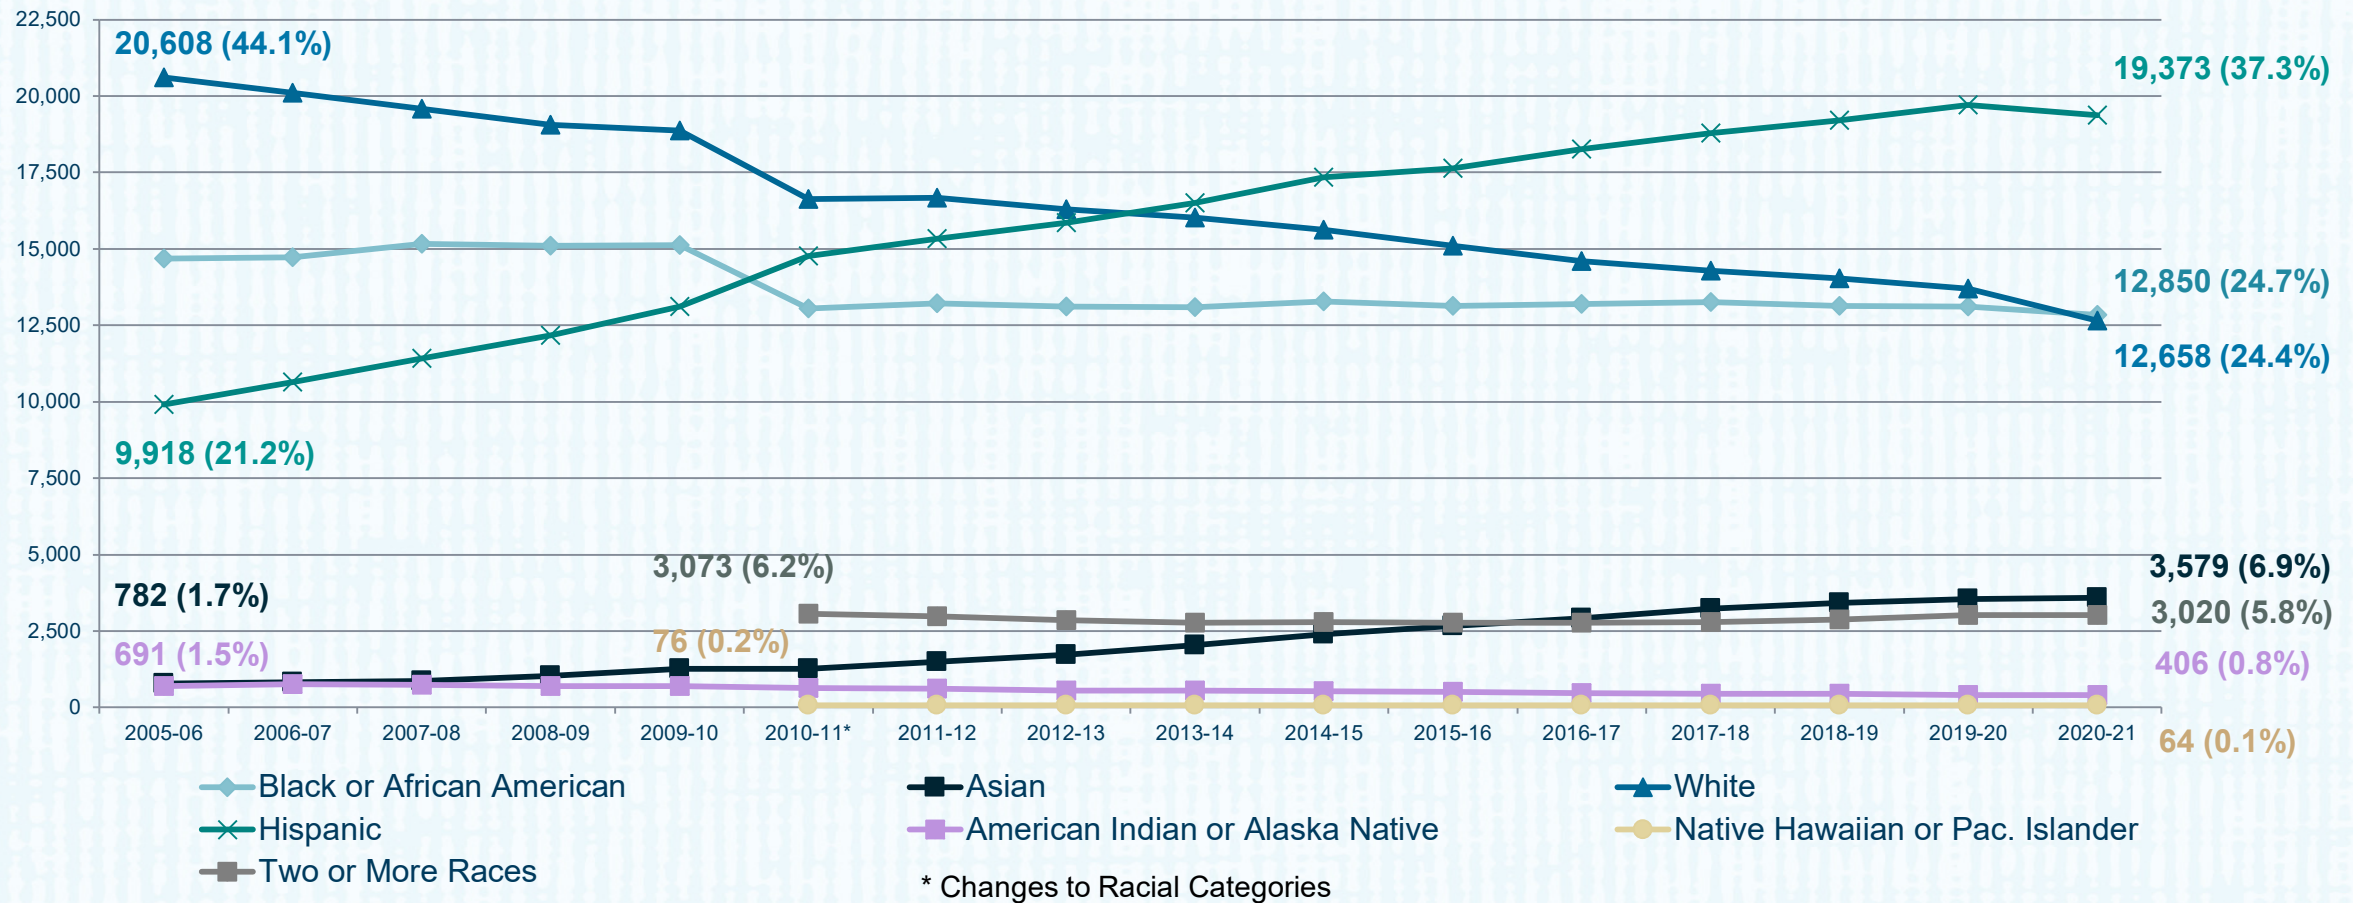

EARLY CHILDHOOD MEMBERSHIP 20 YEAR HISTORY

* This is the first year counting Head Start students.
 **An error in homebased PK recording resulted in this increase.
