OMAHA PUBLIC SCHOOLS

**Wakonda
Elementary**

Multi-Tiered System of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

We believe...

We cannot “make” students learn or behave.

But we CAN create environments to increase the likelihood that students learn and behave.

We CAN create environments to increase the likelihood of positive behaviors occurring.

These environments are guided by a set of standardized practices implemented with consistency and fidelity.

MTSS-B is a problem-solving framework for teaching desired behaviors in each school. MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports to increase the likelihood students are academically, emotionally, behaviorally and socially successful.

With consistent implementation, Multi-Tiered System of Support for Behavior

- Improves the school climate
- Reduces aggressive behaviors
- Reduces major disciplinary infractions such as suspensions
- Improves concentration, positive social behavior, and emotional regulation
- Improves academic achievement.

If you would like more information about how MTSS-B is implemented in your school, contact the building principal.

Welcome To Wakonda School

The teachers, administrators and staff are excited about Wakonda and our fine educational program. This handbook is prepared for the parents of our students and the students themselves.

The Wakonda Student and Parent Handbook contains important guidelines concerning Wakonda Elementary. It also identifies our school rules, which all students are responsible for knowing and observing. Parents, we need your help! In the best learning situations, children are frequently reminded of expectations by all caring and nurturing adults in their lives. Parents share in the responsibility of making sure their child understands the information contained in this handbook. This information will also be helpful to parents as we begin a new school year. If you have any questions, please feel free to call the school, or better yet, come visit us soon!

Please review the handbook carefully with your child as soon as possible. Thanks for your help! The entire Wakonda Staff joins us in welcoming you to Wakonda Elementary for the new school year.

Sincerely,

Jennifer LeClair

SCHOOL PRIDE

We at Wakonda Elementary are proud of our school! We believe it is important for all children to feel and experience a sense of pride in themselves and in their school. Pride in one's school helps to establish a feeling of belonging, loyalty and security for each student. It contributes to a positive learning environment for the children. Our school mascot is the wildcat and our colors are red and black.

Children Learn What They Live

If a child lives with criticism,
He learns to condemn.
If a child lives with hostility,
He learns to fight.
If a child lives with ridicule,
He learns to be shy.
If a child lives with jealousy,
He learns to feel guilt.
If a child lives with tolerance,
He learns to be patient.
If a child lives with encouragement,
He learns confidence.
If a child lives with praise,
He learns to appreciate.
If a child lives with fairness,
He learns justice.
If a child lives with security,
He learns to have faith.
If a child lives with approval,
He learns to like himself.
If a child lives with acceptance and friendship,
He learns to find love in the world.

AN INVITATION TO THE PARENTS

Parents are invited and encouraged to become active participants in their child’s educational experiences at Wakonda. Please come to visit the classroom any time you wish. Special invitations do not need to be sent home for you to be a welcomed visitor in the classroom. You will be invited to “Special Activities” but you are encouraged to come when you like. Your child will be pleased to have you visit, as will the teacher.

Parents are also welcome to eat lunch at Wakonda. In order to reduce disruptions and to follow our wellness plan, we recommend that parents and guests do not bring in commercially prepared items such as McDonald’s or Burger King, etc. We appreciate your cooperation in this matter.

There are many occasions when parent help is needed and sought. If you are willing to give of your time and energies, please call the office or tell your child’s teacher. We will be most happy to have your assistance and support. Together, we can make this an outstanding year for your child at Wakonda Elementary!

Please remember that we have a Parent Resource room to support you with home based needs. If you need some assistance contact the school and ask for the Family Support Liaison.

WAKONDA ELEMENTARY MISSION

At Wakonda,
we empower lifelong learners by:

- fostering a safe and consistent environment
- investing in positive relationships
- and providing rigorous instruction.

We guide students to discover their
passions and broaden their opportunities
to reach their *fullest potential.*

School Hours

The School hours for Wakonda are **8:20 am - 4:00 pm**.

Breakfast doors open at 8:00. Students can only enter on the westside cafeteria doors. **Breakfast ends at 8:15.**

Students that are not eating breakfast may enter the front doors at 8:10 am and report directly to their classrooms.

Students are considered tardy after 8:20 am. After 8:20 am, all students will need to report to the front office to receive a tardy slip.

Students are dismissed from school at 4:00 pm.

The school office closes at 4:30 pm.

Accident Insurance

All students are given the opportunity to purchase group accident insurance through a private company at the beginning of each school year. The fee is small for the coverage provided. Your child will be given a form within the first two weeks of school.

Adopt-A-School Partnerships

Wakonda is fortunate to have fine business partners through the Omaha Public Schools' Adopt-A-School program. **Woodmen of the World Life Insurance Society, Eagles Nest Worship Center, 100 Black Men, HyVee and Claire Memorial Methodist Church** provide educational activities for our youngsters and many nice things throughout the year. Children learn about the businesses and share different experiences with each partner. Thank you Wakonda partners!

Bicycles, Scooters, Skateboards and Roller Skates

For safety reasons, the use of bicycles, scooters, skateboards and roller skates to and from school is not permitted.

Birthdays

In accordance with health regulations established by the Board of Education, homemade or unwrapped treats may not be distributed to children.

If you wish to send something to school in recognition of your child's birthday, we suggest a book, puzzle or game. Feel free to discuss an appropriate gift with your child's teacher.

As part of the celebration of your child's birthday, parents are invited to eat lunch with their child at school.

Cell Phones

If a student needs a cell phone for communication with their family before or after school we want them to have it. While students are at school, they do not need their phones. Cell phones are to be turned off and kept in students' backpacks, out of sight, upon entering the building. When they get to the classroom, they may turn the phone in to their teacher to lock up during the day or leave it in their backpack for the duration of the day. The phone will be kept in the office for parent pick up if these guidelines are not followed. The student may turn their phone back on for use once they leave school and need to communicate with their family. While the student is on school grounds, if they need to communicate with a family member, they should ask an adult and get permission to use the school phone. If a parent needs to get in touch with a student during the day, please call the office, 531-299-2180.

Change of Address or Telephone

Please notify the office, at 531-299-2180, if you have any change in your address or telephone number. Emergencies do arise at school and we have encountered situations where the parent could not be reached because of an address or phone change which had not been reported to us.

If you are moving, whether it is still in the Wakonda attendance area or not, please notify us as soon as possible. If you are moving outside the Wakonda attendance area, you will need a transfer form to enroll your child in the new school.

If moving from the OPS District, advance notice should be given to the teacher so necessary paper work can be completed for the transfer. Three days notice is requested.

All library books, textbooks and other materials belonging to the school must be returned before a transfer will be issued.

Classroom Visits

Parents are always welcomed to visit their student at Wakonda Elementary!

For safety reasons, all exterior doors, are locked during the day. In order to gain access to the building, please park on the side of the school and enter through the main entrance. Please ring the doorbell to signal for the office to observe and speak with you. Be sure to stop in the office to obtain a **“Visitor’s Pass”** before going to classrooms. Visitors must sign out at the conclusion of their visit.

We suggest your visit be no longer than 30 minutes in a classroom unless previously arranged. As a general rule, juvenile visitors are not allowed in the classrooms during the normal school day. Adults presence must remain quiet and provide no distraction in the classroom. At no time should a parent address another student at Wakonda. If a parent has a concern please contact Administration.

Complaint Procedure

If parents have a concern regarding a situation with their child at school, they are encouraged to follow these steps:

1. *Do not ignore problems or let them continue to grow and bother you and your child.* We cannot help if we are not directly aware of the situation and your sentiments. Many times students and parents come to us **after** the problem has existed for some time. This makes every problem situation harder to resolve.
2. *Contact the child’s teacher first to discuss the concerns and possible solutions.* Just as we try to teach children to **talk** to each other concerning their conflicts, we ask that adults **model** these behaviors by going straight to the Wakonda staff member who is involved to initially seek a solution.
3. *If the concern cannot be resolved with the teacher, the parent should then schedule a conference with the principal.* Your concerns are **always** important to us and we will make every effort to work with you to resolve problems.
4. *If the parent feels the problem has still not been resolved, further recourse is available through the Office of Student and Community Services.*

Communication Between School and Home

Communication will come from us in many ways in order to be as thorough as possible. You can follow our daily announcements, get all reminders and see classroom happenings on Class Dojo. Important reminders, notes, and information will come home each THURSDAY in our RED WILDCAT THURSDAY FOLDER. We will also communicate regularly on Facebook (Wakonda Elementary), Twitter (@OPS_Wakonda) and our website (district.ops.org). We will publish a monthly newsletter with an events calendar and information about ways to be involved, student accomplishments and dates to remember. Finally, please make sure your email and phone numbers are updated because we will occasionally email and call with reminders about important events or updates.

Early Dismissal Request

If it is necessary for you to take your child from school early, please come to the office and sign him or her out of the building. **Please note that an Early Dismissal request will be reflected on your student’s attendance according to the District’s Attendance Policy.**

If you are sending someone to pick up your child from school, notify us in writing that the child is to be

taken from his or her class. The note should state the name of the person who is to take your child, the date and the time the child is to be taken from the school. If possible, we will call you to verify the note. This way we will know that someone other than the parent is authorized to take the child from school.

Emergency Dismissal

Each student has an emergency dismissal information card which the parent completes at the beginning of each school year or when registering the student. In the event of early dismissal due to severe weather or other conditions requiring the closing of school before the regular dismissal time, the directions given on the emergency dismissal card will be followed.

Parents and guardians are asked to keep the school informed of any changes in the following:

1. Home address or telephone number.
2. Emergency contact persons who are called when neither parent can be reached.
3. Emergency dismissal directives.
4. Babysitting arrangements.

Evacuation Sites

In the event that students and staff would have to leave Wakonda, the following sites will be used to ensure safety:

Belvedere Elementary	3775 Curtis Avenue	402-457-6630
Eagles' Nest Worship Ctr.	5775 Sorensen Pkwy	402-571-9191

Field Trips

Occasionally, classes make trips to places of interest in Omaha. These visits are to places that have something to do with what the class is studying in school. Parents are welcome to accompany the class.

Please note that all adults travelling on field trips with the teacher must have an application for volunteer service form on file. This application is available at district.ops.org>careers>new applicant>volunteers. Allow at least one week for processing.

Your child will bring a permission card home telling you about the trip his or her class is taking. It is important for you to sign the card and return it to school with your child. If your child does not return the card, properly signed by you, he or she may not go with the class on their trip.

Fire and Severe Weather Procedures

Plans for fire safety and procedures to be followed in the event of a tornado warning have been developed. Fire drills and tornado drills are held on a regular basis to practice safety procedures. Please note that the school is required to follow the District Safety Plan to include dismissal time.

Guidance Counselor

A full-time guidance counselor is on staff at Wakonda. The counselor's duties include giving classroom guidance lessons, conducting small groups, counseling individual students, conferring with staff and making home visits. The counselor is also available to visit with parents about any problems your children might experience.. If you have any questions or concerns, feel free to call or visit the school.

Health Inspections at School

The school nurse conducts a weight and height measurement for each student annually. Vision screening tests, dental inspections and hearing tests are also given. Parents will be notified if problems are found as a result of any screening test. These inspections are not to replace medical and dental checkups.

It is important for parents to inform the child's teacher each year of any existing medical conditions which may need our attention. It is also helpful if you inform the school nurse of any medical conditions.

Homework

We believe that homework and time spent reading at home will develop important skills. The amount of homework students received will vary depending on grade level. Your child's teacher will communicate the procedure early in the school year. Please sign your student's planner once homework is completed.

Lost and Found

If your child loses an article, please have him or her check with the office. It is wise to label articles with your child's name. **Students should not bring toys or other personnel items to school that are not necessary for learning. We cannot be responsible for such items if they are broken or missing.**

Meal Prices and Tickets

Free or reduced price meals are available if one meets the guidelines. Applications for free or reduced price meals are sent home the first week of school and are available online. They are also available to new students at registration. Parents may request an application any time during the school year if their income situation changes.

Full price meals may be purchased on a daily, weekly or monthly basis. Reduced price meals must be purchased on a weekly basis.

Parents:

If your child is allergic to any particular food, please contact your doctor and have him or her put it in writing and send the note to school. This is required by federal guidelines. Milk or chocolate milk accompanies the hot lunch and breakfast. For those who bring a sack lunch, milk will be available at cost. We request that your child not bring soda pop in his or her lunch.

Parties and Treats

We will have a Halloween and Valentine's Day party. Parents are invited and encouraged to participate in these events. Treats should adhere to the District Policy. Homemade or unwrapped treats may not be distributed.

If, for any reason, you do not want your child to participate in the parties, please let us know. Special accommodations will be made in another room during the time the party is held.

Personal Things Brought To School

The school can in no way be responsible for articles the children bring from home. Since all supplies are furnished by the Omaha Public Schools, there is little need for the children to bring things from home. When items are needed for any reason, the parent will be notified by a note from the school.

Children who bring items to school that interfere with the educational process of themselves or others will relinquish the items to either the teacher or the principal, this includes but is not limited to, pokemon cards, **cell phones**, electronic game players, iPods, MP3 players and toys. Parents may claim them from the person who has them at the end of the day and they should not be brought back.

Children are not to bring any object or material to school that is ordinarily or generally considered a weapon. This includes toy weapons.

Physical Education

The physical education program is part of the curriculum. If a student cannot participate, he or she should bring a note signed and dated by his or her parent or guardian. A student excused from gym for more than three class periods should bring a note from a physician. For safety reasons, all children are required to have gym shoes for class.

School Supplies

Books and supplies needed for the regular school program are provided by the School District. Children are responsible for all supplies. If a teacher has a particular supply request for his or her classroom, it will be discussed with the student in that room on the first day of school and a note will be sent home to the parent.

Students are expected to pay for lost or damaged books, supplies and equipment. Students or their parents will be required to pay for willful damage to any school property which may include broken windows, defacing the building or destruction of school property.

Schoolwide Expectations and Management

Our goal at Wakonda is for every student to be excited to come to school each day! We know that all students learn best in an atmosphere that is calm and safe surrounded by people that treat them with caring and respect. The following guidelines are designed to allow all students to flourish while they are at school each day, and in life in general. The expectation is that these guidelines are followed in the classroom, in the school building, on the school grounds and at all school functions.

1. Speak and listen respectfully at all times.
2. Follow directions the first time given.
3. Keep your hands, feet and all other objects to yourself.

We also know that part of our role as educators is to teach students how to navigate the ups and downs of growing up. Our number one way of helping them is by praising them for making the right decisions. At Wakonda, we use Class Dojo to help students learn to monitor their choices. They earn points for making positive choices. If students make a mistake and need redirections, we are happy to help them. Our schoolwide management steps are as follows:

- **Reminder** (quiet reminder about what they should be doing)
- **Cool Down** (move to a private place in the room to think about what they are going to do differently to make the rest of their day successful and then conference with their teacher.)
- **PAC** (Positive Action Center) **Room** (leave the classroom to meet with PAC Facilitator to problem solve and practice skills that will help them get back on track and be successful for the rest of the day)
- **Office Visit** (visit to the office and a consequence will be assigned for cumulative disruption of the classroom)

Parents are asked to connect with their child's teacher through the Class Dojo App so that they are able to see how many points students are earning for participating, going above and beyond in class and following directions. It also allows them to know immediately if their child needed any repeated redirection that day. Most importantly, it allows parents to take a peek inside the classroom because teachers post pictures of the students working that showcase the learning that goes on everyday and send messages to parents about upcoming events and happenings at school!

Snow Days

When extreme weather conditions make it necessary to have a remote learning day, announcements will be made by radio and television stations as soon as possible. If the weather gets severe during the school day, any parent who desires, may pick up his or her child at any time.

Student Progress Reports

Parents will receive progress reports periodically throughout the year. Following the close of each nine-week quarter of the school year parents will receive a copy of their child's report card.

Parent conferences are formally scheduled at two of these reporting times. Parents should feel free to call their child's teacher for additional conferences.

Telephone Use

The school telephone is a business telephone and should be used by students for emergency situations only, and only with the permission of a teacher, secretary or the principal.

Parents are advised that all telephone messages for students should be called into the office no later than 2:30 p.m. to guarantee the child will get the message before dismissal. As always, we make every effort to help.

Omaha Public Schools Parent and Family Engagement Policy

Omaha Public Schools intends to follow the Title I Parent and Family Engagement Policy guidelines in accordance with federal law, *Section 1116(a -f) ESSA, (Every Student Succeeds Act) of 2015.*

In General

The written District parent and family engagement policy has been developed jointly with, updated periodically and distributed to parents and family members of participating children and the local community in an understandable and uniform format. This policy agreed on by such parents describes the means for carrying out the requirements as listed below.

- Parents and family members of all students are welcomed and encouraged to become involved with their child's school and education; this includes parents and family members that have limited English proficiency, limited literacy, are economically disadvantaged, have disabilities, racial or ethnic minority background or are migratory children. Information related to school and parent programs, meetings, school reports and other activities are sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand.
- Parents are involved in the planning, review, evaluation and improvement of the Title I program, Parent and Family Engagement Policy and the School-Parent Compact at an annual parent meeting scheduled at a convenient time. This would include the planning and implementation of effective parent and family involvement activities.
- Conduct, with meaningful parent and family involvement, an annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy. Use the evaluation findings to design evidence-based strategies for more effective parental involvement, and to revise the Parent and Family Engagement Policy.
- Opportunities are provided for parents and family members to participate in decisions related to the education of their child/children. The school and local educational agency shall provide other reasonable support for parental involvement activities.
- Parents of participating children will be provided timely information about programs under this part, a description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards. The school will provide assistance, opportunities, and/or materials and training to help parents work with their children to improve their children's academic achievement in a format, and when feasible, in a language the parents and family members can understand.
- Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.
- Coordinate and integrate parental involvement programs and activities with other Federal, State and local programs, including preschool programs that encourage and support parents in more fully participating in the education of their children.

Academic Integrity Position Statement

Academic integrity is a fundamental component of teaching and learning. Maintaining high standards of academic integrity ensures the sustainability of the OPS educational process. Therefore, students are expected to commit to and be responsible for demonstrating the five fundamental components, even in the face of adversity:

- | | |
|--------------|--------------------|
| 1 · Honesty | 4 · Respect |
| 2 · Trust | 5 · Responsibility |
| 3 · Fairness | |

The following activities show a lack of academic integrity: cheating, collusion, falsifying records, lying, plagiarism

(including electronic), alteration of materials, forgery, or providing or using external assistance relating to an examination, test, quiz, or daily assignment, without the expressed permission of the teacher, including looking at another student's work, sharing answers, or copying another student's work or any act designed to give unfair academic advantage to the student. As an institution of high academic integrity and as believers of supporting students to reach high academic success, every opportunity should be taken to give students the chance to demonstrate mastery of the content.

Grading Overview

Grades for students enrolled in the Omaha Public Schools (OPS) are based on achievement of district-wide/State content standards, which specify what students should know and be able to do. Standards are the same across schools and classrooms for the same

courses in the Omaha Public Schools. These common grading practices are intended to ensure students have the knowledge and skills necessary for the next level of a course, the next grade or readiness for college or the workforce.

Grading Purpose and Intended Use

Common grading practices provide specific, clear learning goals for students, parent(s)/guardian(s), teachers and administrators regarding what a student must know and be able to do to master the content of a course. They allow teachers to be consistent with common best

practices from grading based on educational research. Most importantly, common grading practices provide clarity for students and families as to what the grading criteria and expectations are between and amongst teachers, courses, and schools in OPS.

Grading Scale

Omaha Public Schools Grading Scale	A	B	C	D	F
	3.26 - 4.00	2.51 - 3.25	1.76 - 2.50	1.01 - 1.75	0.00 - 1.00

Coursework Types

Coursework may be expected to be completed during class time or outside of school.

- **Practice** (0%) assignments are brief. They are done to learn a new skill or to gain initial content knowledge, (e.g., student responses on white boards, a valid sampling of math problems, keyboarding exercises, diagramming sentences, checking and recording resting heart rate). Practice assignments are not generally graded for accuracy (descriptive feedback will be provided in class) and are not a part of the grade. Practice work is at the student's instructional level.
- **Formative** (35%) assessments/assignments are done for learning. They are minor assignments, (e.g., a three paragraph essay, written responses to guiding questions over an assigned reading, completion of a comparison/contrast matrix). Formative assignments are graded for accuracy and descriptive feedback is provided. Descriptive feedback provides the student with the necessary information to improve their learning. Formative work is at the student's instructional level and/or grade level standards. It is suggested to have three to five formative assessments for every one summative assessment. Formative assessments may be assigned to be completed at home or at school. Formative assessments may be assigned to be completed at home or at school.
- **Summative** (65%) assessments/assignments are major end of learning unit tests or projects, (e.g., a research paper, an oral report with a power point, science fair project). Summative assignments are graded for accuracy. Summative assignments assess the student's progress on grade level standards. Summative assessments may be assigned to be completed at home or at school.

Progress Reports

Student progress reports are distributed at the middle of each grading period. Progress reports are designed to let parent(s)/guardian(s) know how their child is performing academically. These grades (marks) are not final and do

not appear on student transcripts. As always, parent(s)/guardian(s) can make an appointment with teachers or school counselors in the event that additional supports are needed to improve the student's progress.

Report Cards

Student report cards are distributed at the end of each grading period. Report Cards are designed to inform parent(s)/guardian(s) of the student's level of proficiency in each course. For quarter-long courses, grades (marks)

issued at the conclusion of the quarter will appear on the student's transcript. For semester-long courses grades issued at the conclusion of the semester will appear on the student's transcript.

Accident Insurance

At the beginning of each school year, all students are given the opportunity to purchase group accident insurance through a private company. The fee is small for the coverage provided. Parent(s)/guardian(s) may choose the 24-hour plan or a more limited school plan that only covers students during school attendance, school activities, school sponsored events and all athletic

participation with the exception of football. Football insurance coverage will need to be purchased in addition to the above coverage if the student is in need of insurance for football participation. Schools do not carry insurance on students, their vehicles, or their personal property. For more information please contact Michelle Haynes in Student Information Services at 531-299-9724.

Accreditation

Accreditation is a required process by which schools examine all systems and educational functions to certify competency and authority in the operation of Nebraska public schools. In conjunction with the Nebraska Department of Education and an outside accreditation agency like Cognia, every five years OPS is externally

reviewed. This ensures that all people, processes, departments and operations of each school meet all accreditation standards. All of the Omaha Public High Schools are accredited through 2025 by Cognia and the State Department of Education.

Advertising and Promotion in the Schools – Policy No. 1060

Neither the facilities, the staff, nor the children of the school district shall be used in any manner for advertising or otherwise promoting the interests of any commercial, political, or other non-school agency, individual, or organization, except that:

1. District staff may cooperate in furthering the work of any non-profit, community-wide social service agency, provided that such cooperation does not restrict or impair the educational program of the schools or diminish the amount of time devoted thereto.
2. The schools may use films or other educational materials bearing mention of the producing firm or sponsor, providing such materials can be justified on the basis of their actual educational value.
3. Any person or organization seeking to distribute flyers of announcements concerning non-school events to a class or school must receive approval from the Office of District Communications. All flyers are to be distributed through the online Community Opportunities. A single flyer may be posted in the building common place, at the discretion of the building leadership.
4. The administration may, at its discretion, announce, or authorize to be announced, any lecture, community activity, or film which it feels has educational merit.

5. School representatives may, upon approval of the board of education, cooperate with any agency in promoting activities in the general public interest, and which promotes education that is in the best interest of the students.
6. Elementary and middle schools may produce school newsletters and/or newspapers, but may not sell advertising for these publications. However, because of some secondary specialized curriculum areas (e.g., journalism, theatre, performing arts, etc.) advertising space for publications such as student newspapers, sports rosters, theatre productions, and yearbooks is permitted. The middle/high school principal will have the final approval of all advertising in all school publications.
7. With the exception of district-approved Adopt-A-School partners, Office of District Communications initiatives or sports advertising agreements entered into with the Omaha Schools Foundation and approved by the Superintendent or his or her designee, no school district property, equipment, facility, or space may be utilized for advertising purposes.

For more information please contact District Communication at 531-299-0221.

Attendance Best Practices

The single most important factor contributing to student achievement is school attendance. The Omaha Public Schools strongly believes that daily attendance is critical to academic success. Students are expected to be in school regularly, on time and remain present the entire day. All OPS schools will follow the Attendance Policy found in the Buff pages of the **Student Code of Conduct**.

If a student is going to be absent –

Please contact the school before 7:30 a.m. (secondary) and 9:00 a.m. (elementary). Voicemail will be available to leave message as to the reason for the student absence. If an absence is not reported, contact will be made to the family's home and/or work to notify of the student

STRIVE FOR 95 is the district focus on increasing the number of students reaching 95% attendance or higher throughout the school year.

- Attend regularly
- Arrive on time
- Attend the entire day
- Miss less than 9 days throughout the school year

If a student is going to be late to school –

Students must check in with the attendance office before reporting to class. A note or school contact from the parent/guardian reporting the reason for the late arrival is requested. Minutes late to school will accumulate and

absence. This is to ensure that every child is accounted for and for the protection of all children. If the school is not notified of the student's absence or contact was not made, please provide a note of explanation as to the reason for the absence.

will be added to the total number of days missed. District procedures will be followed regarding late arrivals to school.

Request to leave school early –

Whenever possible, doctor, dentist, and other appointments should be made outside of school hours. However, if it is necessary to leave during the school day, the student is asked to bring a note from a parent /guardian stating the exact time for leaving and the reason. This is for the safety of all students. If you plan to remove your

child from school during the day, we ask that you pick the child up in the office. No student will be dismissed as a result of a phone call. All students must be checked out at the office by a parent/guardian/emergency contact, and identification must be verified.

School Closing and Early Dismissal

The Omaha Public Schools recognizes the right and responsibility of parents/guardians to make a choice in the matter of school attendance in bad weather. If weather is questionable, please listen to the radio, or watch your local weather channel, or check OPS social media for word of school closing. The district will also communicate with

families via voice and text messages and information will be posted on the district website and social media sites. If school closes during the day, the school will follow the instructions on your student's emergency card. If this information changes, please notify the office immediately.

Child Abuse and Neglect

OPS Child Abuse Reporting Policy (Policy 5402) is based on Nebraska State Law (28-711). Every person who is employed by Omaha Public Schools is considered a mandatory reporter. In any situation that would cause a concern to the health or well-being of a child, the staff member who became aware of or witnessed the incident is to contact Child Protective Services (CPS) or Law Enforcement. In addition to calling CPS, the employee needs to speak with his/her building principal or their immediate supervisor. The building principal or immediate supervisor will contact Human Resources if the incident is regarding a staff member causing harm to a student.

When any physician, medical institution, nurse, school employee, social worker, or other person has reasonable cause to believe that a child has been subjected to abuse or neglect or observes such child being subjected to conditions or circumstances which reasonably would

result in abuse or neglect, he or she shall report such incident or cause a report to be made to the proper law enforcement agency or to the department on the toll-free number 1-800-652-1999.

Any person who willfully fails to make any report of child abuse or neglect required by section 28-711 shall be guilty of a Class III misdemeanor. This is a maximum of three months' imprisonment or five hundred dollars fine or both.

Schools are obligated by law to allow CPS and/or Law enforcement under Nebraska State Law (43-250) and Nebraska Administrative Code (390) to speak to your child without prior parental consent when there is an open case involving suspected abuse and or neglect. It is then the responsibility of CPS or Law enforcement to contact you and discuss the contact with your child. School staff are instructed not to notify parents by these officials.

Child Find

Child Find requires all school districts to identify, locate and evaluate all children with disabilities, regardless of the severity of their disabilities. This obligation to identify all children who may need special education services exists even if the school is not providing special education services to the child. Children with disabilities from birth to age 21 are covered. This includes children who are being homeschooled, attending private school, highly mobile

children, migrant children, homeless children, children who are wards of the state as well as children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. For more information, please contact: OPS Director of Special Education, 3215 Cumming Street, Omaha, NE 68131-2024, 531-299-9461.

Children's Online Privacy Protection Act (COPPA)

The Omaha Public Schools may contract with publishers or other third-party website operators to provide online curriculum that aligns with district standards or other services that support the teaching and learning processes of the district. These websites are offered for the benefit of the students and for the school system, e.g., homework help lines, web-based testing services, and supplemental

curriculum. Website operators provide the Omaha Public Schools with full notice of their collection, use and disclosure practices. The use of the website and the collection of any information from students are solely for the use and benefit of the school, and for no commercial purpose.

Dating Violence Prevention – Policy No. 5420

Omaha Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy "dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on a consideration of the following factors:

- a. The length of the relationship;
- b. The type of relationship;
- c. The frequency of interaction between the persons involved in the relationship.

Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Incidents of dating violence will be addressed within the scope and subject to the limits of the District's authority as set forth in Policy 1210.

Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District's dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

The administration will be responsible for ensuring that this dating violence policy is published in the school district's student-parent handbook or an equivalent such publication. Parents and legal guardians shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parents or legal guardians shall be provided a copy of the dating violence policy and relevant information.

Directory Information

The Family Educational Rights and Privacy Act (FERPA) does permit the School District to disclose appropriately designated "directory information" without written consent unless a parent(s)/guardian(s) or eligible student advises the School District to the contrary in accordance with School District procedures. The primary purpose of directory information is to allow the School District to include this type of information from a student's education records in certain school publications. Examples include:

- A playbill, showing a student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity programs showing weight and height of athletic team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without parent(s)/guardian(s) or eligible student's prior written consent.

The School District has designated the following types of information as directory information:

1. Name
2. Grade level
3. Date and place of birth
4. Dates of attendance
5. The current and the most recent educational agency or institution attended
6. Major field of study
7. Degrees, honors, and awards received
8. Participation in officially recognized activities and sports

9. Weight and height of members of athletic teams
10. Photograph

The School District no longer lists address, phone number and parent name as directory information, in an effort to protect students and parents from disclosure of this information for non-school purposes. However, there are many school-related purposes for disclosing addresses, phone numbers, and parent names: for example, scholarship organizations, news articles on student achievement, class ring manufacturers, yearbook publishers, college recruiters, and senior picture photographers. Therefore, the School District annually requests written consent from parents to release addresses, phone numbers, and parent names for these types of limited purposes, which are detailed on the release. The release is distributed at the beginning of the school year and can also be obtained at any time by contacting Student Information Services, 3215 Cuming Street, Omaha, Nebraska 68131-2024 or at sis@ops.org. We encourage parents to sign the limited release.

Parent(s)/guardian(s) and eligible students who do NOT want directory information made available may indicate their preferences on the release distributed at the beginning of the school year or may notify in writing the Student Information Services office at 3215 Cuming

Street, Omaha, Nebraska 68131-2024 or at sis@ops.org.

In addition to disclosure of directory information, federal law also requires school districts to release to military recruiters and institutions of higher education, secondary school students' names, addresses and telephone listings, unless parents and/or secondary students request that this information NOT be released to these institutions without their prior written consent.

Parent(s)/guardian(s), eligible students or secondary students who do NOT want their name, address, and telephone listing to be released to military recruiters or institutions of higher education may indicate their preferences on the release distributed at the beginning of the school year or may notify in writing the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024 or at sis@ops.org.

Students and parent(s)/guardian(s) have the right to obtain a copy of the policy of the School District on student records. Copies of the policy are available from in the Student Information Services office, School District of Omaha, 3215 Cuming Street, Omaha, Nebraska 68131-2024 or upon request at sis@ops.org.

Emergency Protocols

Procedures are established in the event of a crisis during school hours or sponsored activities. The staff is trained in specific methods to handle crisis situations.

Hold

In the event of an occurrence that requires students and staff to remain in their classrooms, and out of the hallways until the occurrence is resolved. Students and staff would remain in their classrooms, or other needed locations, until an "all-clear" announcement is made.

Secure

Secure takes place if an external threat is identified near school grounds. All external doors are to remain locked. No entry or exit to the school will be allowed until an "all-clear" announcement is made.

Lockdown

A lockdown takes place if an internal or external threat is identified at the school. All school doors are locked and students are confined to classrooms or secured location. No entry into or exit from the school will be allowed until an "all-clear" announcement is made.

Evacuate

In the event of certain building emergencies, students will be relocated to an evacuation assembly area. Students will be released ONLY to parents/guardians/emergency contact with picture ID and permission from a district official. This procedure is necessary to account for the location of all students.

Fire Drills

In conformity with the regulations of the Nebraska State Fire Marshal, each school is required to hold fire drills. Upon the sounding of the fire drill signal, all students are dismissed immediately and are to follow, under the leadership of the teacher, the exit instructions that have been issued. Your books and wraps are to be left in the classroom; purses should be taken with you; the classroom door should be closed upon vacating the room. Remain alert, calm, and quiet as it may be necessary for a change in exit instructions to be given over the P.A. system. Avoid crowding, pushing, or shoving. Under the guidance and leadership of the teacher, students should remain in the assigned sidewalk area until the "all-clear" signal is sounded.

Severe Weather

The Omaha Public School policy recognizes the right and the responsibility of parents in the matter of school attendance when inclement weather exists. In case of extreme winter weather conditions, announcements of school closings will be made from the department of District Communications at or before 5:30 a.m. Any changes in dismissal time will also be announced. If the school is alerted to an approaching tornado, immediate directions will be announced within the school building. All students, staff, and visitors will move to sheltered areas until the emergency has passed. In cases of emergencies or of impending disaster, staff is responsible for giving specific instructions for student safety.

IN AN EMERGENCY TAKE ACTION

Equal Access

As required by federal law, Omaha Public Schools provides equal access to the Boy Scouts and other designated youth groups. Please contact the building

principal or the Executive Director for District Operational Services at 531-299-2201 for inquiries regarding this policy.

Health Services

The mission of Health Services is to support student success by providing comprehensive school health services using a collaborative approach that promotes an inclusive, safe, and healthy learning environment to foster academic engagement of all students.

An ill or injured student needs parent/guardian permission to leave school property. The exception would be in the event of an emergency requiring EMS services.

A health record is on file for each student in the health office and student health information is entered electronically in Infinite Campus. Parents/guardians are asked to update their child's health information by reporting to the nurse any changes in health status, newly received immunizations (including booster), and other pertinent information necessary to keep students safe, healthy and ready to learn at school.

Accident Report

A written student accident report will be completed when an accident occurs on school property in which

the student sustains an injury that requires an evaluation by a health care provider.

Action Plans and Rescue Medication

Asthma, anaphylaxis, seizures and diabetes are conditions which can result in potentially life-threatening episodes. There may be other conditions that require an action plan and rescue medications in order to respond to a potential medical emergency. The school needs an updated action plan, signed by the health care provider

and the parent/guardian, at the start of each school year and if changes to the plan occur during the school year. This plan, authorizes the required rescue medication be administered to the student at school in the event of an emergency. The parent/guardian is responsible for providing the prescribed medication(s).

Behavioral and Mental Health Community Partners

The **Methodist Community Counseling Program** has been a collaborative effort of the Methodist Hospital Foundation, Omaha Public Schools and neighborhood churches since 1996. The program's mission is to provide accessible, affordable behavioral health services in the neighborhoods where you live, work and learn. The Methodist Community Counseling Program includes a team of licensed mental health practitioners dedicated to helping clients improve their quality of life by addressing their unique mental health and emotional challenges. Counseling services are offered to students in each middle school, high school and alternative program in Omaha Public Schools and to the community at locations across Omaha.

The **Connections Program** has been a collaborative effort between Project Harmony and Omaha Public Schools since January 2015. The program's mission is to promote hope, health, and resilience for children and families in need. The Connections program offers

low- or no-cost professional therapy to students needing preventative mental health care at a convenient location and time in an individual or group setting. Connections works closely with the family and the child's school to find the right therapist to help each child build confidence, resilience and coping skills. The program is available to all Omaha Public Schools elementary students.

The **School and Family Enrichment (SAFE) Program** has been a collaboration between the Omaha Public Schools, Region 6 Behavioral Health Care, and Child Saving Institute since August 2000. The program's mission is to provide, at no cost to the family and on a voluntary basis, home-based family support, case management and/or behavioral support as needed. A SAFE Specialist will work closely with the student, family and the school in focusing on the family/child strengths and achieving agreed upon goals. The SAFE program is available to all elementary students in Omaha Public Schools.

Minimum Annual Health Screenings

In accordance with the Nebraska State Statue, #173 NAC 7, the Omaha Public Schools is required to conduct non-diagnostic health screenings to all students enrolled in grades Early Childhood - 4th, 7th, and 10th. The purpose of screening is to identify any possible health concerns needing further evaluation or assistance. Parents/guardians are to be notified of the screening result if the student is found to need further evaluation, as determined by the qualified screener. The cost of the evaluation, by a health care provider, is the responsibility of the parent or

guardian of the student.

The screening measures the following: height/weight, hearing, vision and dental health.

A parent/guardian may submit a statement signed by a health care provide stating the student has undergone required screenings within the last six months prior to the start of school. A student in the mandated grades must submit to any required screening at school for which such a statement is not received.

Nebraska School Immunization Law

- ***Students are required to be immunized prior to enrollment and any student not in compliance will not be permitted to continue in school. The minimum immunizations required for enrollment are:***

Students 2-5 years of age:

- 3 doses of pediatric Hepatitis B vaccine
- 4 doses DtaP, DTP, or DT vaccine
- 3 doses of Polio vaccine
- 1 dose of MMR or MMRV given on or after 12 months of age
- 3 doses of Hib vaccine or 1 dose of Hib given at or after 15 months of age
- 1 dose of varicella (chickenpox) or MMRV given on or after 12 months of age, or written documentation from parent(s)/guardian(s) or health care provider of the month and year of varicella disease
- 4 doses of pneumococcal or 1 dose given on or after 15 months of age

All students from Kindergarten through 12th grade:

- 3 doses of pediatric Hepatitis B vaccine or 2 doses of adolescent vaccine if student is 11-15 years of age

- Students enrolling in 7th grade and those transferring in from out of state in grades 8 thru 12 must provide evidence of having 1 booster dose of tetanus, diphtheria and pertussis (Tdap) vaccine, given on, or after 7 years of age.
1 dose Tdap (must contain pertussis booster) – the dose can be received any time after 10-11 years of age depending on which brand of vaccine is used.
- Exemptions will be granted for: (1) health reasons substantiated by a written health care provider statement; (2) religious conflict substantiated by a notarized affidavit from the parent(s)/guardian(s).
- Proof of at least one immunization for each required series of immunizations is necessary, to be provisionally enrolled.
- If a student does not have proof of receiving all State required immunizations, provisional enrollment may be allowed when a parent(s)/guardian(s) provides an immunization appointment date to their child's school nurse. Written verification from the health care provider is necessary when the student returns to school, after receiving the immunization. Provisional enrollment will continue, provided the immunizations are given as soon as it is medically possible.
- Special provisions are available for children of officers or enlisted persons on active duty in the military. Please contact your child's school for further information.

Immunization Requirement

Students who do not meet the state immunization requirement for immunization compliance may be subject to emergency exclusion until the school reviews the official

immunization record which indicates the student meets minimum requirements and/or receiving the required immunizations as quickly as medically permitted.

Physical Examination Requirements

Students initially enrolling in school, entering the seventh grade or transferring from out-of-state are required (by Nebraska Department of Health and Human Services) to have a physical examination by a licensed health care

provider within six months prior to entrance and provide proof of such an examination. Parent(s)/guardian(s) may opt out of this requirement through a written waiver obtained at the school.

Visual Evaluation Requirement

A vision evaluation by a health care provider or an optometrist is required within six months prior to entrance into kindergarten or transfer from out-of-state. The evaluation will examine for amblyopia, strabismus and internal and external eye health, with testing sufficient to

determine visual acuity. Parent/guardian may opt out of this requirement through a written waiver obtained at the school.

Procedures for Medications

1. OPS policy requires written authorization from a health care provider, or dentist, and written parent(s)/guardian(s) permission for any prescription or over-the-counter medication administered to any student. No unauthorized medication (aspirin, Tylenol and cough drops included) will be administered by the school nurse or other school personnel. No OPS personnel will prescribe medication at any time. When a student must take medication during school hours, adherence to the following procedures is strictly followed:
 - a. The school must have written permission from the parent(s)/guardian(s) and a written health care provider statement which provides instruction in providing the correct dosage at the correct time(s). This authorization must be submitted at the start of each school year and with any change in the medication or change in dosage. Authorization from the parent(s)/guardian(s) and health care provider is necessary for all over-the-counter medication also.
 - b. The medication must be brought to school by the parent(s)/guardian(s) or an adult authorized by the parent(s)/guardian(s). Secondary students are allowed to bring medication to school if parent(s)/guardian(s) permission and physician authorization and instructions are available in the health office. **No secondary or elementary students are allowed to bring or carry home any controlled medication (methylphenidate, Adderall, etc.) to school. A parent(s)/guardian(s) or parent(s)/guardian(s)-designated adult is to bring controlled medication directly to school personnel.**
 - c. Pharmacies will provide a prescription medication bottle dedicated to school with each refill. The label on the medication is to include the student's name, health care provider's name, date and directions to be followed.
 - d. Expired or outdated medication will not be accepted or administered to students at any time.
 - e. Non-emergency medication (routine, as needed and over-the-counter medication) is stored in a locked area in the health office until they are turned into OPS environmental services for disposal.
 - f. Emergency medication (e.g. EpiPens, inhalers, glucagon and diastat) is stored in a secure but unlocked area in the health office to provide immediate access.
 - g. Parent(s) or guardian(s) of a student who will not be returning for OPS summer session are responsible to pick up their students' prescription or over the counter medication on or before the final day of school. Medication that is not picked up will be sent to the district's environmental services for disposal.
 - h. Parent(s) or guardian(s) of a student who will be attending summer session in OPS are responsible to pick up their students' prescription or over the counter medication on or before the final day of summer school. Medication that is not picked up will be sent to the district's environmental services for disposal.
2. A student may self-carry or self-administer if:
 - a. The student's health care provider has provided written authorization indicating the name of the medication, the dosage and the frequency of administration. A student may not self-carry or self-administer over-the-counter medications or controlled substances, even if authorized by the health care provider.
 - b. The parent/guardian provides written permission.
 - c. If a student uses his/her own medication other than as prescribed, or endangers himself/herself or others, the student may be subject to disciplinary action by the school and may be prohibited from carrying their medication at school.

 - a. There is a written management plan developed by the school, health care provider and parent(s)/guardian(s) designating the specifics of self-monitoring.
 - b. The parent(s)/guardian(s) has completed a designated liability statement.
 - c. If a student uses his/her own medical supplies other than as prescribed, or endangers himself/herself or others, the student may be subject to disciplinary action by the school and may be prohibited from self-monitoring the diabetic condition.

School Based Health Centers

To ensure students are healthy and ready to learn, the Omaha Public Schools partners with One World Community Health Center and Charles Drew Health Center to provide quality health care within eight School Based Health Centers (SBHC) in buildings throughout the district. The SBHCs are staffed by licensed advanced practice registered nurses and physician assistants

that can diagnose, treat and prescribe medications for many illnesses that keep children out of the classroom, in addition to providing school physicals, physicals to participate in athletics and administering immunizations which are required to attend school. With parent(s)/guardian(s) consent, any OPS student and their minor siblings may use the services provided in the SBHC. The

relationship with a student's medical home is not disrupted if the SBHC is utilized by the student. The SBHC accepts Medicaid, Kids Connection, commercial insurance, or they can provide a low-cost sliding fee schedule for uninsured children based on family income and size. To enroll, the "School Based Health Center Enrollment and Consent Form" must be completed by a parent(s)/

guardian(s) and returned to school. For enrollment forms and more complete information about hours, services and cost, please visit <https://district.ops.org/DEPARTMENTS/Student-and-Community-Services/Health-Services/School-Based-Health-Centers> or call your school nurse for assistance.

Special Health Needs

It is imperative for parent(s)/guardian(s) to notify the school of any health needs/concerns their child may have, such as asthma, seizure disorders, severe allergy, diabetes, blood disorders, etc.

Parent(s)/guardian(s) must provide all of their student's

medications and medical supplies for special health care procedures, including blood glucose monitors, inhalers, tubing for nebulizers, catheterization supplies, etc. Medication and medical procedures require authorization from the parent(s)/guardian(s) and health care provider.

Special Emergency Procedures

In case of cardiac arrest, an Automated External Defibrillator (AED) may be administered by designated trained staff in CPR/AED to students as a life-saving measure. If a student sustains a life-threatening asthma attack or a severe allergic reaction (anaphylaxis), epinephrine and nebulized albuterol may be administered

by trained staff. Naloxone nasal spray may be administered by designated trained staff when an opioid overdose is suspected. Emergency Medical Services will be activated in life-threatening emergencies. AED and emergency medications are not to be taken off school grounds for individual use.

Multi-Tiered Systems of Support for Behavior

In the Omaha Public Schools, we believe we can affect student behavior by creating environments where students are likely to learn and behave. These environments are guided by a set of standardized practices to increase the likelihood of positive behavior occurring. With consistent implementation, MTSS-B

- Improves school climate
- Reduces aggressive behavior
- Reduces major disciplinary infractions

- Supports social-emotional learning and self-regulation
- Improves academic achievement and student attendance

School administrators use this framework to support students' needs when making decisions regarding the OPS Code of Conduct. Each school and program in Omaha Public Schools has an MTSS-B Team to ensure effective practices are in place.

Nutrition Services

The Omaha Public Schools District recognizes students need access to nutritious meals during the school day to stay focused in the classroom. During the 2021-22 school year only, the United States Department of Agriculture (USDA) issued a waiver to provide breakfast and lunch at no charge to all students. Starting the 2022-23 school year, breakfast will be provided at no charge and lunch will be

provided at reasonable prices. It is the parent/guardian's responsibility to pay for their student's ala-carte purchases such as additional entrees, chips, cookies, or other extras. The information below describes the standard practice the district will follow to maintain the financial integrity of the nonprofit school meals program while minimizing any undue focus on children who do not have funds.

Meal Applications

At the beginning of each school year, meal applications are distributed to OPS families. They are available online, at all schools, and in the Nutrition Services Office. The completion of the meal application is extremely important as the information may be requested, with the permission of the parent or guardian, for other educational

opportunities. A student's meal status from the prior year is carried over for thirty student days into the next school year. To continue meal benefits, a completed and approved application for the current year must be on file. Families may complete an application online for the upcoming school year any time after July 23 (may vary

year-to-year). Families may also submit applications any time throughout the school year if they believe they may qualify or if their circumstances have changed (e.g., if the household size goes up, income goes down or if anyone

in the household starts receiving SNAP, TANF, or other benefits). **Links for the online meal application and online payment are located at www.ops.org.**

Meal Balances

Parents and/or guardians are encouraged to monitor their child's meal balance online and keep an adequate amount of funds in the child's account to pay for their purchases. Prepayment is encouraged and may be made online, or at the school with cash or check. District staff will notify parents of low account or negative balances by using various communication channels (e.g., sending reminders home with the child, making phone calls, sending letters home and through email messages). For information on accessing your child's online account visit: **www.schoolcafe.com** (you will need your student's ID).

Elementary Schools:

soon as you become aware someone is using your ID number, please notify Nutrition Services at 531-299-0230 immediately.

Student Meals

The federal government requires the school district to verify the information on a designated number of meal applications each year. Families will be contacted if their meal application has been selected.

• Breakfast:

Breakfast is available at no charge to all students during the 2021-22 school year. A variety of healthful items are available, of which, each student must choose a minimum of three items. Students must select a fruit as part of the meal.

Parent(s)/Guardian(s) Communication & Access to the Schools

Access to the Schools

Parent(s)/guardian(s) are encouraged to visit their children's schools, classrooms, assemblies, counseling sessions and other instructional activities. The district will encourage home and school cooperation by promoting clear, two-way communication with parent(s)/guardian(s) about the instructional program, and the child's participation and progress. Special notice is routinely given to parent(s)/guardian(s) regarding open houses, parent-teacher conferences, award and recognition ceremonies, school activities, certain assemblies, student programs, and other special events.

Parent(s)/guardian(s) are also encouraged to visit their children's classrooms and daily learning environments. Parent(s)/guardian(s) and other visitors to the schools are expected to arrange such visits in advance. All visitors need to report to the main office or designated area to

sign-in and receive visitor's badge.

Parent(s)/guardian(s) and other patrons of the district are welcome and encouraged to visit the schools. All visitors are expected to report to the main office or designated area to notify staff they are in the building or on school grounds. Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban or bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to the Office of the Superintendent.

Communication

Establishing good communication with students is a major goal of Omaha Public Schools, one which the school considers an important factor in a student's educational success. Teachers, counselors, and principals strive to answer questions and correct misinformation by maintaining an "open door" policy with students. Parent(s)/guardian(s) are encouraged to ask questions. Parent(s)/guardian(s) are invited to seek the counsel of any of these school staff to help solve your problems. Contact your main office to be directed to the appropriate staff member.

One goal of a student's success in school is correcting problem situations early. The way to do this is to encourage parent(s)/guardian(s) to talk with the teacher involved or to

seek the advice of a counselor. Students often wait when they have difficulty in a class, thinking they will be able to help themselves without assistance. Often, however, the problem gets worse, and the student can see no answer. Parent(s)/guardian(s) are encouraged to show concern and need for help early. The teacher is there to help students succeed.

Parent(s)/guardian(s) will have the opportunity to meet their child's teachers and discuss progress at Parent-Teacher Conferences scheduled during the school year. Also report cards will be distributed to parent(s)/guardian(s) at these conferences.

Newsletters mailed to parent(s)/guardian(s), electronic communication, and school websites are among the other means of communication with the home. The school

newspaper and FM-radio station, KIOS, circulate school news. KIOS, which is 91.5 on the radio dial, is located at the Telecommunications Center, 3230 Burt Street.

Campus Parent Portal

The Omaha Public School District offers parent(s)/guardian(s) the opportunity to view their student's grades, homework, and attendance and to pay fines/fees online. The app, Campus Parent provides anytime access via

the internet from the Omaha Public Schools homepage (district.ops.org) or from the direct Campus Portal link (<https://campus.ops.org/campus/portal/ops.isp>). Contact your school's main office to gain access.

Personal Contact Changes

Address Change

If you are moving, whether it is still in the school's attendance area or not, please report to the school's main office to inform the school and to provide proof of address such as lease agreement or utility bill. If moving from the district, advance notice should be given to the teacher so necessary paperwork can be completed for the transfer. A couple days' notice is required.

Email/Telephone Change

If there is a change of email and telephone contact information for parent(s)/guardian(s) or emergency contact, please notify the main office or submit the information through the Campus Parent app. This information is used to communicate with families about pertinent information.

Protection of Pupil Rights Amendment (PPRA)

PPRA affords parent(s)/guardian(s) certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

3. Instructional materials used as part of the educational curriculum.

These rights transfer from the parent(s)/guardian(s) to the student who is 18 years old or an emancipated minor under State law.

The Omaha Public Schools (OPS) has developed and adopted policies, in consultation with parent(s)/guardian(s), regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. OPS will directly notify parent(s)/guardian(s) of these policies at least annually at the start of each school year and after any substantive changes. OPS will also directly notify, such as through U.S. mail or e-mail, parent(s)/guardian(s) of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent(s)/guardian(s) to opt their own child out of participation of the specific activity or survey. OPS will make this notification to parent(s)/guardian(s) at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parent(s)/guardian(s) will be provided reasonable notification of the planned activities and surveys. Parent(s)/guardian(s) will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution;

- Administration of any protected information survey not funded in whole or in part by ED; and
- Any non-emergency, invasive physical examination or screening as described above.

Parent(s)/guardian(s) who believe their rights have been

violated may file a complaint with: Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5920 or at <https://studentprivacy.ed.gov/>.

School Counseling

The OPS School Counseling division provides a comprehensive, strengths-based program aligned with the American School Counselor Association National Model and the Nebraska Department of Education School Counseling Model. The role of the school counselor is to address all students' academic, career and social/emotional development by delivering a comprehensive program including classroom lessons, individual student planning and responsive services to all students from Kindergarten through 12th grade. School counselors prepare students to excel in college, career and life by instilling hope, increasing school connectedness and

empowering students to achieve academic success.

Omaha Public Schools SAFE Schools Hotline –

The Omaha Public Schools offers students and families the OPS SAFE Schools Hotline for help dealing with depression, anxiety, suicidal thoughts, substance abuse, bullying, relationship issues, violence, or to report a school concern. The Hotline number is **531-299-SAFE** (7233) and is available 24 hours a day, 365 days a year, staffed by trained counselors. Spanish-speaking counselors and translation services representing more than 140 languages are available.

Sexual Harassment

No individual may be discriminated against on the basis of sex in any education program or activity. Sexual harassment of students is a form of prohibited sex discrimination under the circumstances described in the Guidance. Prohibited acts of sexual harassment can take a variety of forms ranging from subtle pressure for sexual activity to physical assault. The following conduct is sexual harassment:

Stranger Danger

The present or potential danger to children that is presented when an unknown individual make physical, verbal, etc. contact or attempted contact with children/students. Whether there is danger or perceived danger, all efforts are taken by staff to ensure safe procedures and

routes. In an event that an individual accesses school grounds without appropriate authorization or a student encounters an unsafe situation, law enforcement may be contacted.

it was collected from students. Funds subject to the Student Fee Fund consist of money collected from or on behalf of students for: (1) participation in extracurricular activities, (2) post-secondary education costs and (3) summer school or night school.

PART THREE: Waiver of student fees

Required fees that are charged to students pursuant to PART ONE, subsections **a** and **b**, shall be waived for students who qualify for participation in the free or reduced-price lunch program under United States Department of Agriculture child nutrition programs. Students shall be provided forms prior to, or at the beginning of each school year, or upon initial enrollment in the District, which shall permit the District to use information the student has provided for qualification in the free or reduced-price lunch program to determine eligibility for fee waiver, and/or which shall provide the information necessary to determine whether a student qualifies for fee waiver because he or she meets the

criteria for participation in the free or reduced-price lunch program. Students who qualify for free or reduced-price lunches shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Students or their parent(s)/guardian(s) may request a fee waiver prior to participating in or attending the activity, and prior to the purchase of the materials, and the fee waiver must be submitted prior to the time the fee is due or the time the specialized equipment or attire is needed.

Student Unpaid Obligations

Students are required to assume the financial responsibility for their actions. This may include, but not necessarily be limited to obligations for: (a) the loss or damage to school owned supplies and/or equipment; (b) fines resulting from the late return of library books; and (c) any other fines/fees as permitted under state statutes. A fee will be assessed for returned checks (\$20.00) and refund requests (\$5.00.)

Those students who fail to meet their obligations outlined above or others as indicated in the student handbook shall be subject to the following restrictions until such time as the financial obligations are met:

1. The student, nor his/her parent(s) or legal guardian(s) shall receive an official transcript. An official transcript will only be issued to a school to which the student

transfers. The student and his/her parent(s) or legal guardian(s) may review the student's permanent record by following the established practices and procedures.

2. The student's name may not appear on the school's honor roll and the student may not receive any other academic recognition provided through the school.
3. The student may be ineligible to participate in any activity or on any team that represents the school.
4. The student may be ineligible to receive any awards.
5. The student, upon becoming eligible for graduation, will not receive a diploma.

Upon payment of all outstanding debts, the student will be eligible to receive any or all of the above at a time and in a manner designated by the school officials.

Student Records

Any person other than the student, his/her parent(s), guardian(s), teachers, counselors, or school officials, may gain access to the student's records by presenting the original copy of a release of information statement signed by the parent(s)/guardian(s) (or student if over 18) stating specific items to be released and to whom the information is to be given. Records are also released to other educational institutions as provided for in the Family Educational Rights and Privacy Act (FERPA) without prior parental or student consent.

FERPA affords parent(s)/guardian(s) and students 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School District receives a request for access. (By action of the School Board the number of days for the school to act has been shortened to 10.)

Parent(s)/guardian(s) or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate or misleading. Parent(s)/guardian(s) or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal or the Student Information Services Office (3215 Cuming St. Omaha, NE 68131-2024) or at sis@ops.org, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible

student, the School District will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School District as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the School District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official

committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School District discloses education records without consent to officials of another school district or school in which a student seeks or intends to enroll. Upon request, the School District also discloses education records of former students, without consent to officials of another school district or school in which the former student is then enrolled.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-5920.

Students Responsibilities and Rights

A student's basic responsibility in school is to act in a manner that enhances their own and other's opportunity to learn. A student does not have a right to engage in

conduct or actions that would materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

Textbooks/Library Books

Textbooks are supplied by the Omaha Public Schools. Books must be returned in good condition when checked

in to the teacher. It is the responsibility of the family to pay for any loss and/or damaged books.

Volunteers

If there is interest assisting school personnel in the operations of the school; i.e. library work, aiding classroom teachers, tutors, reading to students, cafeteria, etc., contact the main office at the school. The principal will then follow the Volunteer Process through Human Resources.

District volunteer forms (which include a background check component) are utilized at all schools for any individual (parent(s)/guardian(s), relative, or otherwise) wishing to volunteer or provide any type of support that would bring them in contact with students.

Withdrawal from School

Pursuant to Neb. Rev. Stat. 79-202, a person who has legal or actual charge or control of a child who is at least sixteen years of age but less than eighteen years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements of section 79-202 79-201 if an exit interview is conducted and the withdrawal form is signed and filed with the Commissioner of Education.

To begin the withdrawal process, the person with legal or actual charge or control of a child who is at least sixteen years of age but less than eighteen years of age submits a request to the school where the student is enrolled.

The principal or his/her designee (Administrator and/or School Counselor), will schedule the exit interview which shall be personally attended by: (a) the child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable; (b) the person who has legal or actual charge or control of the child who requested the exit

interview; (c) the child's principal or the principal's designee (Administrator and/or School Counselor) if the child at the time of the exit interview is enrolled in a school operated by the school district; (d) the superintendent designee (School Support Liaison) and (e) any other person requested by any of the required parties.

During the exit interview, the person making the written request shall present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either (i) financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child or (ii) an illness of the child making attendance impossible or impracticable.

During the exit interview, the School Counselor will identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings

for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may either sign the withdrawal form provided by the school district or may rescind the written request for the withdrawal. The principal or his/her designee will complete the Nebraska Withdrawal Form Mandatory Attendance Form found at:

<https://cdn.education.ne.gov/wp-content/uploads/2019/08/NebraskaWithdrawalFromMandatoryAttendanceForm10-005.pdf>

All information must first be inputted into the form and then printed off to be signed. The withdrawal form signed by the person making the written request is valid only if (i) the child signs the form unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable and (ii)

the Principal or the Principal's designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of Principal or the Principal's designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either financial hardships requiring the child to be employed to support the child's family or one or more dependents of the child or an illness making attendance impossible or impracticable. The signed withdrawal form is forwarded to the Student Information Services office to be entered into the data management system and reported to the Department of Education.

Students who have withdrawn may re-enter school the following semester by contacting the last school attended, or the Student Placement office at 531-299-0302. Contact should be made prior to the start of the semester.

Multi-Tiered System of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

We believe...

We cannot “make” students learn or behave.

But we CAN create environments to increase the likelihood that students learn and behave.

We CAN create environments to increase the likelihood of positive behaviors occurring.

These environments are guided by a set of standardized practices implemented with consistency and fidelity.

MTSS-B is a problem-solving framework for teaching desired behaviors in each school. MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports to increase the likelihood students are academically, emotionally, behaviorally and socially successful.

With consistent implementation, Multi-Tiered System of Support for Behavior

- Improves the school climate
- Reduces aggressive behaviors
- Reduces major disciplinary infractions such as suspensions
- Improves concentration, positive social behavior, and emotional regulation
- Improves academic achievement.

If you would like more information about how MTSS-B is implemented in your school, contact the building principal.

Omaha Public Schools
STUDENT CODE OF CONDUCT

The Board of Education believes school is an appropriate setting for all children and youth. The **Student Code of Conduct** is designed to support this concept by developing, through reasonable and consistent practices, appropriate student behavior patterns. Those behaviors and disciplinary actions set forth in the **Code** are designed to serve as learning experiences for students.

The **Student Code of Conduct** includes those behaviors having disciplinary actions and/or intervention strategies that shall be carried out by the school building administrators. The **Code** applies to conduct on school grounds, in remote learning environments, on OPS owned computers and digital devices, in a vehicle owned, leased or contracted by a school or the district being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee or at a school-sponsored activity or athletic event.

Compliance with the **Student Code of Conduct** is expected of all students. This **Student Code of Conduct** applies to all students attending the Omaha Public Schools. School administrators will consider student age and grade level among other factors when assigning disciplinary actions.

Early Childhood Education Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Early Childhood Practices

One of the purposes of early childhood education is to assist students in developing appropriate social-emotional skills. For many students, this may be their first experience in a structured setting and they may need greater support in meeting social-emotional expectations. What may be perceived as inappropriate behavioral choices may be a deficit in executive functioning and self-regulation or could be due to toxic stress or an unmet need, e.g., hunger, sleep, feelings of safety and security. Young children need to practice, be taught and then practice self-regulation to develop memory, attention and self-control in environments where adults scaffold the child's practice of these skills. Social skill development must be embedded throughout the daily routine and throughout the entire school year to ensure generalization. The focus is on developing appropriate skills rather than punishing for inappropriate behaviors. Suspension from school is not an appropriate behavior intervention for early childhood students. Please contact the Early Childhood Coordinator for additional resources.

Early Childhood student interventions aim to teach alternative behavior, so students can learn and demonstrate safe, respectful and responsible behavior. Staff members are encouraged to try a variety of teaching and classroom management strategies which may include, but are not limited to:

- Collaborate with the student's family to discuss student strengths and strategies that are successful in the home environment and develop a communication system between home and school.
- Create and maintain stable relationships among students and staff.
- Develop social connections through play.
- Establish routines and predictability using visual schedules.
- Consistently use visual supports and modeling to teach social skills.
- Teach students how to cope with stress and self-regulate when they are overwhelmed.
- Teach students the appropriate language to meet their needs.
- Use positive language in a calm tone when redirecting students so they know what is expected, e.g., "please walk" rather than "don't run."
- Consistently reinforce the positive behaviors of the student, which will reduce the negative behaviors displayed.
- Consider sensory needs and strategies, e.g., fidget toys, alternative seating, options for quiet areas in the classroom, etc.
- Implement reinforcement systems for individual students or for the entire class.
- Collaborate with early childhood support staff, including Special Education, regarding strategies.
- Consult the building school psychologist for additional support.
- Schedule a SAT/IEP meeting to address concerns and strategies.
- Contact Kid Squad for classroom support and/or family support.
- Consider the MANDT Crisis Cycle for additional student support.
- Develop a behavior plan.

Behavior Response Guidelines for Grades K-6

Suspension discipline resolutions should be avoided whenever possible when working with students in Early Childhood programs and Kindergarten.

If an elementary student must be removed from the school environment, the following short-term suspension guidelines are recommended (per event):

1st and 2nd Grade: 2 day maximum

3rd and 4th Grade: 3 day maximum

5th and 6th Grade: 4 day maximum

There may be circumstances when it is necessary and appropriate to exceed these guidelines. Final decisions regarding length of suspension will be made by the Principal. For students in grades K-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.

The **Student Code of Conduct** is a resource for teaching expectations and rules, rationales, and possible consequence for violations. It is designed with four levels of violations and for levels of administrative responses.

A note regarding level of response:

When determining the level of response to a violation of the **Student Code of Conduct**, school staff will consider the age of the student, the student's intent, the severity of the circumstances, the level of disruption to the school environment (either during or after the violation), the repeated nature of the situation (if applicable), and any other mitigating or aggravating factors. School response will not necessarily begin at the lowest level indicated for a first offense and may result in a higher resolution than that which is noted in the level of interventions and responses.

Leveled Interventions and Responses

Level 1 interventions aim to teach alternative behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff are encouraged to try a variety of teaching and classroom management strategies.

Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for short-term suspension, an assistance plan (Behavior Intervention Plan, Student Assistance Plan) should be developed.

Level 2 interventions often involve support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student's skills, positive view of schooling, and positive experience at school so that misbehavior is less likely to continue or escalate.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior.

LEVEL 4

Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior. These interventions focus on maintaining the safety of the school community and correcting self-destructive and dangerous behavior.

Long-term suspension may be applied when it is feasible to reintegrate the student back into the school environment. Reassignment may be applied when chronic misbehaviors are present and school staff have documented efforts to intervene and support acceptable behavior. Expulsion may be applied when the student's presence at school is deemed too dangerous or disruptive for staff to maintain a safe and positive climate.

Upon return to a traditional school setting after a reassignment or expulsion, the school staff will establish a plan of support, i.e., an Intervention Plan, for the student's ongoing success at school.

Interventions for Level 4 Violations may include, but not limited to:

- Interventions from all previous levels
- Parent(s)/guardian(s) notification
- Long-Term Suspension or Reassignment

Any use that is inconsistent with these objectives is prohibited.

Computers and all associated networks, communication facilities, data storage and transfer devices, printers, scanners, peripherals, and other associated equipment or facilities (referred to as “computing facilities”) are owned by the school district. The school district exercises exclusive control over this school property, and students should not expect privacy regarding their use of any computing facilities because school district property is subject to search and inspection at any time by school officials. This search and inspection includes but is not limited to electronic mail, Internet access, network access, file storage and transfer, and any personal computing, communication, and data storage devices used in conjunction with the computing facilities. If the device is participating on the district network, it will fall under the acceptable use policy as well as the BYOD (Bring Your Own Device) guidelines defined by BYOD schools. Students are responsible for any use of computing facilities made by or through their account, regardless whether at school or at home. Students are responsible for whatever is contained in computer files assigned to them.

Students using computing facilities to access the Internet, an international computer network, are able to access computers and people all over the world. Sites exist on the Internet that contain illegal, indecent, defamatory, inaccurate, or offensive material. The Omaha Public Schools does not condone students' access to unsuitable materials, and it maintains software designed to restrict student access to such materials. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. All student Internet activities are subject to being monitored.

It is the primary responsibility of the parent(s)/guardian(s) to establish and convey the standards that their student should follow. In support of parent(s)/guardian(s) the Omaha Public Schools will enforce the minimum appropriate computer use standards set out below. If a

student uses a computer or the Internet inappropriately, he or she will be subject to the disciplinary actions previously stated.

Inappropriate behaviors include bullying, intimidation, and harassment. Bullying means any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by the school being used for a school purpose by a school employee or designee, or at school sponsored activities or school-sponsored athletic events.

They are intended to focus on problem-solving, repairing harm, and restoring relationships. All participants in the process have a voice and are valued in the resolution so that relationships are built and strengthened in the school community.

Secondary Transition Programs

The high school transition programs provide on-site behavioral intervention for students. The transition room staff provides coordination of intervention for each student.

Student Success Center (SSC)/ Positive Action Center (PAC)

SSC/PAC is an in-school suspension option, provided to students as an effort to keep students in school and to minimize absences. Additional Information

BEHAVIOR RULES FOR CONDUCT OFF SCHOOL GROUNDS, NOT AT A SCHOOL FUNCTION – Policy No. 5103

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one's actions. Thus, the school district is extending its authority to hours and places beyond the regularly perceived boundaries when conduct off school grounds causes substantial disruption to the school environment. Our intent is to support all students in their decision-making and their development into responsible adult citizens while serving as a deterrent to certain unlawful behaviors. Students engaged in inappropriate conduct off school grounds may be disciplined as provided for in the rules governing participation in co-curricular activities.

Disciplinary Action

Any student engaging in behaviors off school grounds that substantially disrupt the school environment and that violate the **Student Code of Conduct** may be subject to:

- A. Emergency exclusion if the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education;
- B. Suspension by the principal for up to five (5) school days; and/or
- C. Participation in and successful completion of a district substance use screening by a qualified community provider or community counselor at the discretion of District/school administration.

BEHAVIOR RULES FOR PARTICIPANTS IN CO-CURRICULAR ACTIVITIES AND ATHLETICS – Policy No. 5103

Students who participate in extracurricular activities are deemed to be held to a higher standard when it comes to representing their respective schools – both on- and off-campus. It is therefore critical for those students to always be mindful of their behavior, and how it reflects on their schools. A substantial disruption to the school environment is not required in order to be suspended from participation in co-curricular music/sports/clubs.

In addition to any other discipline imposed for violations of the **Student Code of Conduct** or for violations of the behavioral rules for conduct off school grounds, not at a school function, any student participating in any co-curricular music/sports/club at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described below. The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor may impose other sanctions as permitted and described pursuant to "Rules Regarding Other Conduct" in the **Student Code of Conduct**.

First Offense: 15 Activity Days upon confirmation and notice to the student

Second Offense: 90 Activity Days upon confirmation and notice to the student

Third Offense: 180 Activity Days upon confirmation and notice to the student

School Building Administrators will:

Take action based upon first-hand information. This may include contact with witnesses to the student's prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student's version of the incident,

weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of the decision.

The administrator will contact the parent(s)/guardian(s) in writing of the decision on the student's conduct. The administrator is required to report the decision to Student and Community Services.

Appeal Process

- A. Any student suspended from participation in co-curricular and athletic activities may appeal the suspension to the Student and Community Services/Hearing Officer. Any such appeal must be in writing and must be received by the Administrator's Office within seven (7) calendar days of receipt of the written notice of suspension.
- B. 2. If the student disagrees with the decision of the Student and Community Services/Hearing Officer, he or she may appeal the decision to the Supervisor of the Student and Community Services. Any such appeal must also be in writing and must be received by the Supervisor of the Student and Community Services within seven (7) calendar days of receipt of the written notice of the Administrator/Hearing Officer's decision.

Rules Regarding Other Conduct

Individual coaches, activity sponsors, or staff responsible for an activity may impose participation restrictions or eligibility restrictions for participation in co-curricular activities on students for behavior other than those listed previously provided:

- A. Students and parent(s)/guardian(s) have first been advised of the participation/eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.

B. Restrictions and/or ineligibility are imposed only after the coach, activity sponsor or responsible staff has:

1. investigated the alleged misbehavior;
2. given the student written or oral notice of the charges against the student;
3. explained the evidence against the student; and

4. given the student a chance to tell his or her version of what happened.

5. The coach, activity sponsor or responsible staff has decided the student, in fact, violated the participation and/or eligibility rules.

The student has the right to appeal the individual coach's, activity sponsor's or responsible staff's decision, as specified above, to the school principal.

Any behavior violation committed by a student on a district-owned, leased or contracted bus being used for a school purpose shall have the same level of *Intervention and Response* in the same manner as if the violation had been committed at the student's assigned school; this will include any referral or activity on the bus which is considered unsafe and/or refusal to follow directions of the driver, OPS staff or aide. **The Student Code of Conduct** will be applied to referrals for behaviors on the bus.

In addition, it is expected that students adhere to the following **Safety Guidelines for Transportation**:

- Only assigned students are eligible to ride their assigned bus.
- Wait until the driver instructs you to get on or off the bus.
- Board the bus in an orderly manner.

*If a student is temporarily removed from the bus, it is the responsibility of the parent(s)/guardian(s) to transport the student to and from school.

Repeated violation of **Safety Guidelines for Transportation** may result in the loss of the bus transportation privilege.

BOOK BAGS

MISCONDUCT BETWEEN SEMESTERS OR BETWEEN SCHOOL YEARS

If misconduct otherwise covered by the **Student Code of Conduct** occurs between semesters or between school years, the penalties provided for in the **Student Code of Conduct** shall be enforced during the next semester. The registration for and completion of a district substance abuse assessment may take place prior to the beginning of the next semester if either a hearing on the misconduct is waived or any hearing requested

is completed sufficiently in advance of the beginning of the next semester to permit successful completion of the assessment. If the assessment is not successfully completed prior to the beginning of the next semester, the penalties otherwise provided for in the **Student Code of Conduct** shall be enforced on the student during the next semester.

NO TRESPASS/BAN AND BAR RESTRICTION

Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. SCHOOL EXCLUSION AND DUE PROCESS RIGHTS

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against the student, and provided an opportunity for the student to present the student's version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension, expulsion, or reassignment. It is the principal's responsibility to determine the type of exclusion and/or action recommended. A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion, or expulsion.

The administrator will take action based upon first-hand information. This may include contact with witnesses to the student's prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student's version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of his/her decision.

In cases of recommendations for long-term suspension, reassignment, exclusion or expulsion, the student may,

upon request, have a hearing on the specific charges. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go in effect. See OPS Policy No. 5101 for more information on student discipline and exclusion of students from school.

Rights for the Student Receiving Special Education Services

If a student receiving special education services violates a provision of the **Student Code of Conduct** resulting in a recommendation for expulsion, mandatory reassignment, or a long-term suspension in excess of five consecutive days, an IEP Manifestation Determination (Due Process) meeting shall be convened within three working days of the recommendation. The IEP team shall determine if the conduct in question was caused by, or had a direct and substantial relationship to the student's disability and will also determine if the conduct in question was a direct result of the school district's failure to implement the IEP. If a student or parent(s)/guardian(s) wishes to appeal the outcome of the IEP Manifestation Determination an appeal could be placed through the Special Education Department with the Director of Special Education.

SCHOOL RESOURCE OFFICERS (SRO)

School Resource Officers (SROs) are hired and trained to support the safety efforts of the Omaha Public Schools. They serve in designated schools and work alongside school administration. SROs and/or police officers are responsible for responding to criminal law matters where it is mandated by law that such offenses be referred to the criminal justice system. Absent an immediate threat of imminent physical harm and/or criminal law matters, school discipline issues are addressed by school administration.

SROs and/or police officers who witness school discipline issues shall contact school administration to address the matter. SROs should act as any school adult in redirecting minor misbehavior and may choose to de-escalate a situation using conflict resolution techniques and leverage existing positive relationships with those involved. Incidents must be referred to school personnel to determine appropriate response for violations of the **Student Code of Conduct**.

STUDENT SEARCHES – Policy No. 5406**Drug Searches by Police/Sheriff Canine Units**

The District retains the right to utilize the services of Omaha Area Law Enforcement Authorities Canine Units in the detection of illegal drugs and/or contraband at any time, announced or unannounced at the District's schools and programs.

- A. The Superintendent or his designee (in consultation with the Office of School Safety) may request the canine unit be utilized to search all inside areas of a school building, including lockers, at a time when

students are or are not present. If a search takes place in a classroom when students are present, all will exit the room, leaving all items behind.

- B. A building principal (in consultation with the Office of School Safety) may request that a canine unit be utilized to search vehicles in a school parking lot or in other areas where student vehicles are parked during or after school hours. If a dog alerts to a student's vehicle, the student will be required to unlock the vehicle doors and trunk for internal inspection. Any refusal to unlock the vehicle will be

handled by law enforcement.

- C. Any illegal drugs and/or contraband found on school grounds, whether in a student locker, vehicle, or any other place on school grounds, will be confiscated and the student may be subject to disciplinary action specified in the **Student Code of Conduct**.
- D. The student's parent(s)/guardian(s) shall be notified should illegal drugs and/or contraband be discovered.
- E. This policy shall be included in the student handbooks. This policy shall not be implemented until parent(s)/guardian(s) and students are provided written notice of this policy.

Searches of School Lockers, Student Automobiles, and Students' Persons

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over this school property, and students should not

expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks, lockers, and district owned electronics issued by the school.

Vehicles parked on school property are subject to search by the principal or the principal's designee if the principal or his or her designee has reasonable cause to believe that contraband is in or on the vehicle.

Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the **Student Code of Conduct**. This includes all student pockets, purses, backpacks, and other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement may be called.

SECRET ORGANIZATIONS

Under state law, it is "unlawful for the pupils of any public secondary school to participate in or be members of any secret organization." The Board of Education is

empowered to deny to any student who violates the law any or all privileges of the school, or it may expel such student for failure to comply with the law.

Student Attendance: STRIVE FOR 95

Attending school on time and every day is a critical and necessary factor for student success. Showing up for school and being ready to learn has a huge impact on student academic success and their connectedness to school starting in kindergarten and continuing through high school.

STRIVE FOR 95 focuses on students missing no more than 9 days throughout the year. Students are expected to arrive on time and be engaged in learning throughout the academic day.

Attendance matters. Students who maintain the STRIVE FOR 95 goal are more likely to be on or above grade level academically, be socially and emotionally connected to the school and staff, and remain on track to high school graduation.

Ensuring students arrive on time and attend school throughout the day is everyone's responsibility.

In addition to in-person learning, students enrolled in the Omaha Public Schools may also receive instruction at home through remote learning. Guidelines and expectations of the Omaha Public Schools Attendance Policy 5008 remain in effect for students in remote learning environments or programs.

Student Responsibilities

- Establish bed time and morning routines

Secondary School Attendance Practices (Middle and High School guidance)

Student attendance in school is the key to learning. The goal is for each student to be in class every day, on time and for the entire day. The responsibility for attendance is shared by the student, the parent(s)/guardian(s), the teacher, and other school staff. Although each person's performance affects reaching the goal and STRIVING FOR 95, everyone will be responsible for the student's actions and consequences for their actions will follow.

Students:

Secondary students have the primary responsibility to be at school on time, every day, for the entirety of the day, and to report on time to their scheduled class each period. All absences are instructional minutes missed, with the exception of a school sponsored activity, shall count as an absence from school. Work covered in each class period is important, and any time missed affects student performance.

Students who are absent more than ten days in a semester may have difficulty completing the required work at a passing level.

Students have the responsibility to make arrangements for makeup instruction and complete all work missed due to absences. Teachers should follow the Omaha Public Schools common grading practices.

Promptness to class is also very important. Practices dealing with tardiness must be in place at the classroom as well as the school level and be clearly communicated to all students.

Parent(s)/Guardian(s):

Parent(s)/guardian(s) have the responsibility to emphasize the importance of school attendance and see that the student is in school on time and through its entirety every day. STRIVE FOR 95 is a collaborative

effort and with parent/guardian support we can reach this goal. Parent(s)/guardian(s) shall call the school if a student is absent and shall provide appropriate written notice including doctor's notes if applicable. Parent(s)/guardian(s) have the responsibility to encourage their students to make up work. Parent(s)/guardian(s) should attend parent-teacher conferences and contact the teacher, principal or other school official if they have questions. Parent(s)/guardian(s) involvement in or attendance at school events and activities supports the importance of school and also creates better understanding and communication.

Teachers:

Teachers will provide the classroom climate, instruction and acceptance of all students that promote learning and good attendance. Clear expectations for student performance and activities that are essential parts of instruction must occur at the very beginning of each class as well as throughout the class period. Teachers are responsible for assisting students in completing makeup work following the student's absence.

Administrative and Support Staff:

Principals, Assistant Principals, Counselors, and other support staff will demonstrate a firm but caring demeanor that communicates high expectations and concern for the individual and his/her attendance. Parent(s)/guardian(s) will be informed of cumulative absences at regular intervals.

Students who are absent must be given the support, encouragement and instructional help they need to master the appropriate learning outcomes. Although any absence may lower a student's academic achievement, the goal shall be to support the student in learning with the overall goal to be mastery of learning outcomes.

STUDENT SIGNATURE OF RECEIPT OF SCHOOL RULES

The signature on the Receipt of Student Handbook verifies that a copy of the Student Handbook, which contains the **Student Code of Conduct** and other school rules, was received. The signature shows agreement to the accepted responsibility to know the contents of the

handbook, to understand the rules for students contained in it, and that the rules will be followed. In elementary schools, the signature is received by the parent(s)/guardian(s) of the student. In secondary schools, the student signs the Receipt of Student Handbook.

SUMMER SCHOOL AND DUE PROCESS

Students attending school classes during non-traditional times, such as spring and summer sessions, are also held to the requirements of the **Student Code of Conduct**. However, disciplinary consequences may be limited

to short-term suspension, long-term suspension and Expulsion from Summer School. Students have the right to a hearing if more than five days of the session are missed due to a disciplinary action.

SURVEILLANCE CAMERAS – STUDENTS

Surveillance cameras are located on all school buses and in various public spaces in school buildings. These cameras are present to assist school officials in providing a safe learning environment for all students. Video from these cameras although otherwise confidential student records, may be reviewed in the presence of school

officials by parent(s)/guardian(s) of students being disciplined as a result of misconduct recorded on tape. If an incident involves two or more students, then all parent(s)/guardian(s) must provide written consent to view the video. Written consent is not needed for students who are seen in the video, but who are not involved in

the incident. Video may be used as evidence in student hearings. See OPS Policy No. 3231 for more information on video surveillance.

Students should know that they have no expectation of privacy in those places where surveillance cameras are

installed and that student hearing records become public records if a student in an appeal to the Ad Hoc Student Discipline Hearing Committee of the Board of Education requests a public hearing on the appeal or files a lawsuit challenging the decision of the Committee.

TOBACCO, ALCOHOL, DRUGS

The use of tobacco, drugs, alcohol, controlled substance, imitation controlled substance or abuse of non-controlled substance in the school is forbidden. The school district recognizes that student drug and alcohol abuse is a public health issue and not a school discipline, juvenile justice, or criminal issue. When students are suspected

of using or abusing drugs, school staff will collaborate with the parent(s)/guardian(s) to address the issue, and students may be referred to student assistance programs. Suspension is not considered intervention for drug use or abuse, but may be utilized in order to maintain a safe and drug free school environment.

UNAUTHORIZED VISIT TO OTHER CAMPUSES

A violation committed by a student on school grounds other than those of the school to which the student is assigned or at any school sponsored activity or athletic

event shall be punished in the same manner as if the offense had been committed at the student's assigned school.
