

Questions & Answers for RFP P021-22
Science Textbooks, Resources and Materials

Q1. Can you confirm email subject title for this RFP submission as it specifies on RFP page 3, section 1.3.b as “P021-22: Proposal for Science Hardcopy or Digital Textbooks and Resources to be used in the District’s High School Grades 9-12, Including the Spanish/English Dual Language Program and Electives, Honors, and Advanced Placement Courses”.

A1. See Addendum No. 1.

Q2. Regarding Field testing for those chosen, on Page 6 in section 1.16.2 and table: how many students are within a class set? Would we be allowed to set up digital access for all students, and provide a nominal amount of print books? Example if AP Chemistry requires seven class sets, how many print books are required?

A2. See Addendum No. 1.

Q3. What if a company is not currently on the SAM.gov website (as mentioned in RFP page 15, section 2.20.1) or listed on the government-wide exclusion list. Is this sufficient?

A3. Because the contract will be funded by through a Federal award, the District may only contract with companies that are NOT on the SAM.gov website or listed on the government-wide exclusion list.

Q4. Would a product be sufficient that does not currently support OneRoster 1.1 but does support LTI 1.1 with Deep Linking and LTI 1.3 via Canvas?

A4. The District is requesting IMS certified support for OneRoster 1.1. Firms can submit their products, but if they do not meet District standard for IMS they may not be considered.

Q5. How many students are in Advanced Placement Chemistry across your district?

A5. 75.

Q6. What textbook and other resources are currently being used in Advance Placement Chemistry for your district?

A6. Chemistry Owl by Cengage.

Q7. Is your district looking for supplemental materials to support the materials listed on pages 6 and 7?

A7. Yes.

Q8. If the platform is 100% digital (and have nothing to mail as noted in section 1.4), how would you like us to submit a copy of our materials?

A8. See Addendum No. 1.

Q9. Will you accept links to the platform that are 100% digital and access that information within the RFP or is there something else we should do?

A9. See Addendum No. 1.
