Schedule Update Notes

Catlin, Conestoga, Edison and Masters updated to reflected phased projects Central High update to align with current design RFP Adjusted South High to start construction work in Summer 2021

Schedule Considerations

Construction Manager at Risk required Normal weather condition factored in Timely Permit and CO Inspection Minimal Schedule Float Steady work force Force Majore are not factored in New High Schools - Phased Delivery of FFE, Kitchen Equipment, and Other items as areas are complete

Design

1.39. Substantial Completion - Substantial Completion is the moment in time when the Work (or a specified part thereof) has progressed to the point where, in the opinion of OPS, the Architect and PM as evidenced by Architect's definitive Certificate of Substantial Completion, signed by the Architect and PM and approved by OPS, it is sufficiently complete, in accordance with the Contract Documents, so that the Work (or specified part) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof. Whenever in the opinion of Architect any section or portion of the Work may be used or occupied by OPS without interference to the remaining Work, such section or portion may be so used and occupied and neither such partial use and occupancy nor any insurance, if any, purchased by OPS in connection therewith shall constitute an acceptance of such Work or any portion thereof as either substantially completed or complete. The approval of OPS with respect to the portions to be so used or occupied, shall also state the date or dates of commencement of Contractor's warranties and OPS's obligation to maintain.

The mechanical room work is ongoing with chiller replacement work for Fall and Winter 2021. The project team continues refining an action plan for the ongoing HVAC control work to be completed throughout the building through Summer 2022. The remainder of the roof work and skylight work scheduled to be complete in Summer 2022. Due to existing conditions and on-going maintenance issues, a recommendation was made to replace the existing scheduled fan power boxes (FPB) replacement with variable air volume boxes (VAV) along with replacing some existing AHU fans with fan arrays. This will lead to better overall HVAC comfort, maintenance, and long term performance of the building. This work is scheduled to start in January 2022. Some additional work for the existing school chimney/smoke stack will start in Summer 2022. The construction work in the 3rd & 4th floor classrooms is scheduled for work in Summer 2022. The theatrical space construction work is scheduled for work in Summer 2022. Theatrical lighting rough-ins taking place over Winter Break 2021. Limited plumbing valve replacement across all floors taking place over Winter Break 2021. Test run limited FBP replacement with VAV over Winter Break 2021 to better understand and confirm balance of work and schedule.

The exterior of the building for the doors, hardware, and glass installation continues through December 2021. The drywall and interior finishes in the kitchen walls and ceilings will continue through December 2021. The auxiliary gym and main gym wood floor installation is complete with bleachers being installed now. The wood doors and metal lockers are being installed as well as the steel doors and toilet partitions. The grade and prep of the YMCA fields is complete. The interior framing of the walls and MEP rough-ins in the YMCA area is ongoing. The overhead electrical work and HVAC work is compete in the YMCA pool space with the pool tile starting. The prep and pour of the concrete paving around the site is complete. The landscaping site work is substantially complete. The outdoor concessions building work will continue through Winter 2021 including drywall and interior finishes work. The Board of Education in December 2021 approved a design and construction budget used from Bond Programs Savings in the amount of \$4.5M for athletic field adjustments.

The 156th and Ida Street High School scope of work includes construction of a new 1500-student capacity facility. Additional square footage has been added to the plan to accommodate a partnership with the YMCA of Greater Omaha (YMCA). Through this partnership, OPS would contribute space for a cycling studio, child watch and YMCA offices, needed by the YMCA for their programs. The YMCA would contribute funds to support the construction of an aquatics center, consisting of a 6 swim lane pool with spectator seating and leisure pool area. The YMCA and OPS would share access to the Auxiliary Gym, Wrestling/Multi-Purpose Room, Weight/Fitness Room, Dance Aerobics/Multi-Purpose Room, Community Room. The shared Weight/Fitness Room and Dance Aerobics/Multi-Purpose Room would increase in size to align with the YMCA programs and equipment needs.
