All data are based on Official Fall Membership taken the last Friday in September or October 1 in each year.

**English Learners (EL):** Students who are currently served and students who are eligible for services but waived them.

**Exited EL:** Students who were exited from the EL program (excludes students exited to special education).

**Not EL:** Includes non-EL students, students redesignated as special education, and those tested but who did not qualify for services.

**Refugee:** Students who have been identified as refugees immigrating from one of 19 countries (i.e., Afghanistan, Bhutan, Burundi, Congo, Egypt, Ethiopia, Iraq, Kenya, Myanmar (Burma), Nepal, Rwanda, Somalia, Sudan, Syria, United Republic of Tanzania, Thailand, Turkey, Uganda and Ukraine).

**Migrant:** Students who have been living in Omaha three years or less and whose families work in the agricultural industry.

**Data labels may not show due to the limited space which causes some numbers to overlap.**

**If school level statistics do not appear there are no students reporting who were enrolled at the school.**

**District data includes only High Schools and no program, alternative, or special education sites.**

## Parent-Teacher Conference (PTC) Attendance and Student Mobility

Bryan High

2023-24

### Parent-Teacher Conference (PTC) Spring Attendance

### PTC Attendance History

		# Attend	% Attend	In Person	Virtual
2021-22	Fall	525	30.5%	50	475
	Spring	0	18.0%	0	0
2022-23	Fall	500	33.1%	400	100
	Spring	600	41.6%	400	200
2023-24	Fall	311	21.1%	311	0
	Spring	266	18.6%	256	10

### Student Mobility

#### Parent-Teacher Conference Attendance

**Data Source:** Principal reporting of data. Bryan High Spring 2022 data was submitted as percentages. no counts were included.

Parent-Teacher Conference Attendance has been collected by the Research Division in the spring. Beginning with the 2021-22 school year, the Research Division collected both fall and spring parent-teacher conference data which includes in person and virtual attendance. This information can be used as one measurement of family engagement.

# Attend: The number of students who had at least one or more parent/guardian attend PTC in person or by phone/virtually.

% Attend: Fall percentage is determined using Official Fall Membership. Spring percentage is determined using March Membership.

**Due to the national health emergency (i.e., COVID-19) the spring calendar was impacted. This affected the collection of the Parent-Teacher Conference attendance; therefore, the 2019-20 Parent-Teacher Conference results may not be displayed in the school Data Books.**

#### Student Mobility

**Data Source:** NDE NEP website. Nebraska Student and Staff Record System

Any child who enters or leaves school between the last Friday in September and the last day of school is counted in the mobility rate. An individual child is counted only once. The percentage is calculated using the number of students in grades K-12 who are mobile divided by the number of students in grades K-12 as reported in the October or Fall membership. The October or Fall membership includes students enrolled on the last Friday in September.

*In cases where no data is available, school level statistics do not appear.*

# Attendance Summary

School Name

**Bryan High**

School Year

**2023-24**

*Includes students enrolled at the school for 40 or more days in the school year. The data represented may be different from the attendance dashboard because it was compiled at the end of each school year and is not subject to change.*

## Percent Absent: Enrolled 40 or More Days

■ Not Chronic <=5%
 ■ At Risk >5% - <10%
 ■ Chronic >10%

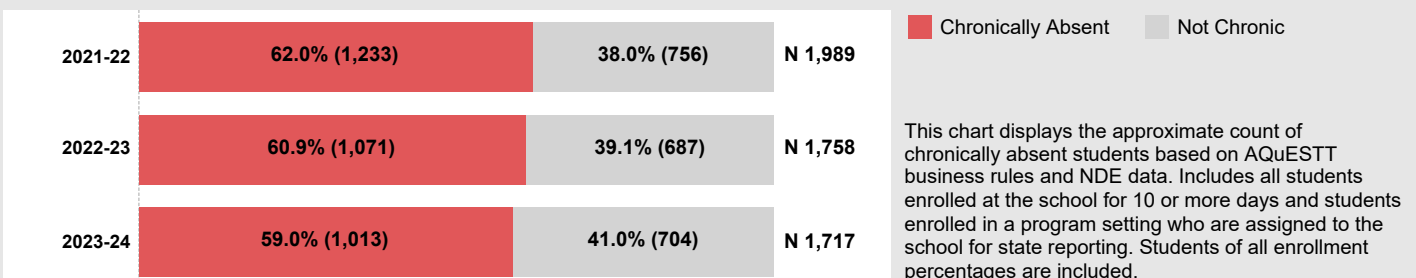

## Percent Absent by Grade: Enrolled 40 or More Days

*Absences used in these calculations are an accumulation of all out of school absent time and do not include activity, office, Student Success Center absences, technology, senior release, or bus related absences. All other excused and unexcused absences are included in attendance calculations.*

**Percent Absent:** The percent absent charts display the number and percentage of students who fall into each absence rate category. The district goal is for every student to be absent for 5% or less of their school year. An absence rate of 10% or more is considered chronically absent. Only students enrolled for 40 or more days are included in this calculation.

## AQuESTT Chronic Absenteeism

# Attendance Summary

School Name

**Bryan High**

School Year

*Includes students enrolled at the school for 40 or more days in the school year. The data represented may be different from the attendance dashboard because it was compiled at the end of the school year and is not subject to change. All subgroup demographics are as of the end of the school year except for special education which is as of each enrollment. Absences used in these calculations are an accumulation of all out of school absent time and do not include activity, office, Student Success Center absences, technology, senior release, or bus related absences. All other excused and unexcused absences are included in attendance calculations.*

**Percent Absent:** The percent absent charts display the number and percentage of students who fall into each absence rate category. The district goal is for every student to be absent for 5% or less of their school year. An absence rate of 10% or more is considered chronically absent. Only students enrolled for 40 or more days are included in this calculation.

**English Learners (EL):** Current EL students and those who waived services

**Exited EL:** Students exited from the EL program

**Not EL:** Students who are not EL, and those who were redesignated as Special Education

**Special Education Students:** Students qualifying and receiving special education services during their enrollment. Students may be counted as both "yes" and "no" based on the services they received during different enrollments.

If no data is displayed, there were no students in the group.

## Discipline Summary

### Unique Student Incidents by School Year

### # of Students with Out-of-School Suspensions by School Year

### # of Students with In-School Suspensions by School Year

### # of Students with Expulsions by School Year

Student demographics are based on Official Fall Membership enrollments and all discipline rates by group or school are calculated by dividing the number of students disciplined throughout the school year by the number of students enrolled at official membership.

Unique Student Incidents by School Year reflects the total number of distinct students involved in distinct incidents in that school year. A student involved in multiple unique incidents counts multiple times.

The 2020-21 school year was impacted by the national health emergency (i.e., COVID-19) and discipline data may not be comparable to other school years.

**Data Source:** Infinite Campus

## Climate Summary

**Bryan High**

**2023-24**

■ Negatives
 ■ Positives
 ■ Neutrals

### Student Climate Survey

### Staff Climate Survey

### Parent Voice - Climate Section

This summary page presents favorability scores for the identified domain areas based on the annual climate survey results of students and staff. Student responses are collected from grades 5-12. These domain scores are calculated by aggregating individual item responses, showing the percentage of responses that were negative (1 or 2), positive (4 or 5), or neutral (3).

Parents have the opportunity to provide feedback throughout the year via the Parent Voice Survey, which allows them to choose from multiple categories to respond to. Parent response counts are often lower, especially in the climate/culture section, as many opt not to participate. Consequently, if there are 10 or fewer responses, the data is not displayed due to the results not being able to be generalized to a larger population.

## **Graduation Reports Overview**

### **Graduation/Dropout Summary**

The Graduation/Dropout Summary shows the graduation rates of cohorts of students over the last five years. A graduation cohort is defined as a group of students who started ninth grade together and are expected to graduate in four years. Students who enter high school in tenth, eleventh, or twelfth grade are similarly entered into a graduation cohort that would have been four school years from their ninth-grade year. Cohort length is the number of years it takes a student to graduate from the start of becoming a first time ninth grader. The standard time to graduate is four years. This report also reflects the percentage of students who graduated, are still enrolled, or have dropped out during the reported school year.

### **Graduation Follow-Up Summary**

The Graduate Follow-Up Summary displays the results of the survey conducted with graduate students from the Omaha Public Schools. The survey is conducted approximately six months after graduation and includes questions regarding graduates' long-term goals, transition into the workforce, enrollment in post-secondary education, and factors influencing these decisions. The Graduate Follow-Up Summary focuses on graduates' post-secondary enrollment status, in/out of state attendance, types of post-secondary institutions attended, employment status, and career goals of the graduates.

Not EL	72.1%	16.9%	11.0%	N 219

Graduate Still Enrolled Dropout

\*Other: Includes American Indian or Alaska Native, Asian, Native Hawaiian or Other Pacific Islander, Two or More Races

A graduation cohort is a group of students that enter 9th grade at the same time with the expectation of graduating in four years. Students that enter high school in 10th through 12th grade are similarly entered into a graduation cohort that would have been four school years from their 9th grade year. To see more information on the methodology/calculation of cohort, graduation, and dropout rates, please see the district graduation and dropout report.

The 4-Year cohort **Graduate** category includes students who obtained a regular diploma in four or fewer years. The **Still Enrolled** category includes students who were still enrolled at a school or program at the end of the school year. The **Dropout** category includes students who dropped out, aged out, or who were not enrolled at the end of the school year.

Data Source: 4-year graduation cohort file from the Cohort Detail Report in ADVISER
