OMAHA PUBLIC SCHOOLS Student Electronic Accounts

In order to meet the ever-growing demand for communication and technological literacy, Omaha Public Schools will provide all OPS students with network, student portal and email accounts. These accounts will allow access to OPS computing facilities, current grade and attendance information and email. OPS recommends all students have access to these resources to facilitate a better learning environment for today's students.

Student Network Accounts

Access to OPS computing facilities through network user accounts is available for educational purposes. Teachers may make use of the network for students to submit assignments as well as to provide educational curriculum. **Students should protect their username and password carefully.** The use of computers whether stand-alone, or as a part of a local area network or wide-area network such as the internet is a privilege, not a right. This use must be consistent with and driven by the educational objectives of the Omaha Public Schools. Any use that is not consistent with these objectives is prohibited and governed by the OPS Code of Conduct.

Campus Parent /Campus Student Accounts

Campus Parent and Campus Student are applications that provide parents/guardians and their students access to a website to view student information. These applications are designed to perform on mobile devices. Campus Parent and Campus Student will enhance communication between school and home and can help improve a student's participation in his/her own educational experience. Records that may be viewed include attendance, class schedule, progress reports, assignments and grades, report cards, transcripts and immunizations. (Not all of these are available at all grade levels). The following guidelines are in place to ensure the safety and privacy of each student.

- Parent/Guardians and students shall not share their passwords or allow anyone other than themselves to use the account.
- Campus Parent and Campus Student should only be accessed through a secure Internet connection.
- Schools will make every attempt to ensure information is accurate and complete. However, if a student or parent/guardian discovers any inaccurate information, he or she should notify the appropriate school immediately.

In the interest of security, the Omaha Public Schools District reserves the right, at any time and without notice, to change user passwords; and to deny access to, terminate and/or monitor use of Campus Parent or Campus Student.

Account Setup:

- Students will be able to access their Campus Student accounts using their network username and password.
- Parents/guardians may request a Campus Parent account by contacting the school. Account set up information will be e-mailed or mailed following verification of identity.

Student Email Accounts

Email accounts will be provided to students for in-classroom collaboration and communication. These email accounts will be one of two types:

- Limited access - communication allowed only within the Omaha Public School District, or
- Full access - communication allowed both within the school district and to any outside email address

The level of access is dependent upon the student's level in school.

- **High school students** will be provided with full access allowing for both internal and external communication. Graduating seniors accounts are currently active for 6 months after they graduate.
*Although it is strongly recommended that high school students be allowed full access to email (both internal and external), parents/guardians who do not want their student(s) to receive full access must notify in writing the **IMS User Support Office**, at 3215 Cuming Street, Omaha, Nebraska 68131-2024. Parents should specify their preference:*
 - *limited email access (internal communication only), or*
 - *NO email access.*
- **Middle school and Elementary school students** may be provided with limited email access, allowing for internal and approved service provider communication only.
*Not every elementary school will make use of these email accounts. Parents/guardians who do not want their student(s) to receive this access to email must notify in writing the **IMS User Support Office**, at 3215 Cuming Street, Omaha, Nebraska 68131-2024.*

Student OPS Email Account Terms and Conditions

The student and his/her parent(s) or guardian(s) agree to the following terms and conditions for maintaining a student computing facilities account with the Omaha Public Schools:

1. **COMPLIANCE WITH CODE OF CONDUCT.** The student shall comply with all aspects of the Student Code of Conduct, including the Behavior Rules for Students Using School Computers and Networks
2. **RESTRICTED USE.** The account is only to be used by the student to whom the account belongs and who shall use his or her account in accordance with OPS policy and instructions and directions from his or her teacher(s). Incidental personal use is acceptable, provided such use does not excessively burden the electronic mail system or the OPS computing facilities.
3. **PASSWORD AND RESPONSIBILITY.** The student shall not disclose his or her account password to anyone other than to his or her parent(s). Students are responsible for any use of computing facilities made by or through their account. Students are also responsible for whatever is contained in computer files assigned to them.
4. **MONITORING.** The school exercises exclusive control over its computer and data storage and transfer devices. The student shall not expect privacy regarding his or her account because school property is subject to search and inspection at any time by school officials. This search and inspection includes, but is not limited to electronic email, Internet access, network access, file storage and transfer. The student is responsible for the content of any computer file assigned to him or her.
5. **TERM AND TERMINATION OF ACCOUNT.** The student account shall remain active until terminated as set forth in this paragraph. If the student violates any of the terms or conditions set forth above, the student's computing facilities account may be terminated for cause. Administrators will make a contact in writing and, if possible, verbally, to inform the parent of such termination. In addition, a student account may be administratively terminated if the student withdraws, graduates, or is suspended from school or at the expiration of a semester or school year. The student may reapply for a computing facilities account upon reenrollment or at the commencement of the next school term.

Rights of Inspection and Review

The Family Educational Rights and Privacy Act (FERPA) affords parent(s)/guardian(s) the right to inspect and review the student's education records. Parent(s)/guardian(s) should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent of the time and place where the records may be inspected.
