Transportation Eligibility for Elementary & Middle School Please visit ops.org/sap to learn about the Partner Plans

- Students are eligible for transportation IF they attend their neighborhood school AND reside more than 1.0 mile from their elementary school or more than 1.5 miles from their middle school.
- Students are eligible for transportation IF they attend one of their Partner Zone schools AND reside more than 1.0 mile from that elementary school or more than 1.5 miles from that middle school.
- Students are NOT eligible for transportation IF they attend any school outside of their Partner Zone. *Exception may be made IF the student has an IEP requiring transportation.*

Transportation Eligibility for High School

Neighborhood transportation is for eligible students who attend their neighborhood (home) school.

- Instead of using distance, the High School Partner Plan uses streets to identify transportation areas in each high school boundary.
- Each transportation area identified is an area that is generally located farthest away from the school.
- Visit: ops.org/sap to determine your transportation eligibility.

Non-neighborhood transportation is for students who attend a school other than their home (neighborhood) high school.

- Students are eligible for transportation at the schools in their partner zone and the plus+one school.
- Transportation is NOT provided if you attend a non-Partner Zone school.

After June 15th transportation eligibility is subject to the above conditions and there must be (1) an existing bus stop with a safe walk to the stop AND (2) space available on the bus.
