Thank you for your interest in leading an Omaha Public School! Omaha Public Schools (OPS) wants to ensure that every school has an outstanding leader at the helm.

We are excited to announce the launch of our Principal Candidate Pool. This screening process provides opportunities for candidates to demonstrate their proficiency on our new OPS Principal Competencies. For more information on the process, please read our Principal Candidate Pool Frequently Asked Questions.

We are looking for excellent leaders who can prepare all students for college, career, and community leadership. We need leaders who demonstrate:

• The vision and courage to ensure every student, regardless of background, can achieve college and career success
• A demonstrated track record of increasing student achievement
• Instructional expertise in K-12 education with proven ability to support, coach, and develop teachers to improve instructional practice
• A record of success in leading adults and students
• Effective communication and interpersonal skills
• Problem-solving and strategic thinking skills

With a highly selective application and screening process (designed based on research, national practice, and stakeholder feedback), becoming a principal with Omaha Public Schools will place you among a group of leaders who are transforming lives and communities through their work in leading and transforming schools.

The first step in the process is to complete the Principal Candidate Pool application. Your application must be submitted through the OPS online application system.

Please review the application carefully and prepare all required sections. Incomplete applications will not be considered. OPS strongly encourages you to print out a sample application, work on your application offline, and then copy and paste your answers into the online application.
